AWARD

The Government of West Bengal in its Labour Department order No. 1320-I.R./IR/10L-78/66, dated 1st April 1966, referred to this Tribunal for adjudication under section 10 of the Industrial Disputes Act an industrial dispute between Messrs. Hind Industries Ltd., hereinafter referred to as the Company, and their workmen represented by Hind Wire Industries Mazdoor Union, hereinafter shortened as the Union. The issue is whether the continued suspension of Shri Ambika Singh without wages with effect from 1st May 1965 is justified and to what relief, if any, is he entitled?

On being given notices of the reference by the Tribunal both the Company and the Union entered appearance. Both filed statements of their cases. On 30th July 1966 the parties asked for adjournment to effect a compromise. Accordingly the matter was adjourned

to 11th August 1966. On that date the parties filed a joint petition signed on behalf of the employer by its Works Manager and Labour Officer of the Engineering Association of India and on behalf of the Union by the Secretary and its Advocate, Shri N. D. Srimani. The prayer in the joint petition is that an award may be passed in terms of the compromise. The Tribunal takes into consideration the joint petition and finds that the terms are just, legal and fair. The terms are that the Company will withdraw its suspension order on the workman Shri Ambika Singh and will allow him to join his duties on 16th August 1966 but will proceed with its departmental enquiry against him on the basis of the charge-sheet, dated 1st May 1965. The Company has further agreed to pay him a lump sum of Rs. 1,500 (Rupees one thousand and five hundred only) in full and final settlement of his wages for the period of suspension. The Union in its turn has agreed that the workman Shri Ambika Singh will withdraw his case for wages before the Authority under the Payment of Wages Act in PWA case No. 328 of 1965. The Tribunal, therefore, shall make an award in terms of the agreement between the parties.

In the result, the Tribunal decides the issue in accordance with the terms in the joint petition of compromise filed on 11th August 1966 and directs that the said joint petition be annexed to and made part of this award.

Shri SACHINDRA KUMAR BHATTACHARYYA,
Presiding Officer, Second Industrial Tribunal.

Government of West Bengal, in the Labour Department referred an industrial dispute between Messrs. Sarbamangala Oil Mills, and their workmen represented by Bankura Telkal Shramik Union to this Tribunal for adjudication vide order No. 3142-I.R./I.R./ 15L-9/65, dated Calcutta, the 13th July 1965, on the following issues :

Issue

Whether the termination of service of Sarvashri Sekh Sultan, Aditya Sheet, Bhaba Atha, Sudhir Das and Kalipada Ghorai is justified ? To what relief, if any, are they entitled ?

After service of notice both the company and the Union entered appearances and filed their respective written statements. The Union in their written statement filed on 20th November 1965 contended that the company in the usual course of its business employed a number of *garwans* or cart drivers to drive its bullock carts for carrying raw materials and finished products to and from the mill and its godowns. The total number of such workmen employed by the company was about 125 of which the dismissed employees were cart drivers and had been working in the company for a number of years. About the middle of 1964 the company illegally laid off a number of workers and paid them lay off compensation as required by law and the five cart drivers, viz., Sk. Sultan, Bhaba Atta, Sudhir Das, Adiyta Sheet and Kalipada Gorai were also laid off in the process. The Union representing the workmen protested to the Labour Directorate, Government of West Bengal and the company, and certain conciliation proceedings were initiated. The company being enraged on these attempts discharged the aforesaid five workmen from service by notice, dated 18th December 1964, on the ground of illness of the bullocks and reduction in work of the carts. No compensation as provided in section 25F of the Industrial Disputes Act was paid to these workmen nor did the company comply with the requirement of the aforesaid provisions of law. The Union thereupon referred the matter to the Labour Directorate and all attempts at conciliation being futile the matter was ultimately referred to this Tribunal for adjudication. The Union prayed that the order of discharge or termination of service was malafide, illegal, void and in colourable exercise of power under the certified standing orders of the company and the said order also amounted to victimisation and/or unfair labour practice. Alternatively the Union contended that the workmen concerned were entitled to compensation in accordance with the provisions of section 25F of the Industrial Disputes Act and prayed for an award in these terms.

The company in their written statement filed on 26th March 1966 raised various points including the competency of this reference and the locus standi of the Union to represent the workers case. The company disputes the allegations made in the written statement of the Union and contended that the total number of workmen employed by the company in December 1964 were 153, and the workmen in question were not merely cart drivers who were *Garwans* or *Mootias* of the cart employed and used by the company. Their duty was to load and unload the carts as also to drive them and the period of service stated by the Union in their written statement against the respective cartman was incorrect. The company further contended that due to difficulties in getting the finished products standardaised they had to resort to initial stoppage of work at times but it never amounted to an illegal lay off of batches of wormen. The company denied that they had ever resorted to the policy of intimidation or victimisation as alleged by the Union and stated that 4 carts (bullock) were maintained for which 10 cartmen were engaged; 8 of the said cartmen were regular drivers and two were relieving hands. These cartmen not only carried the finished oil to the retailers but also brought the mustard seeds to the Railway siding. Besides they also carried Kerosene and diesel for which the company held an agency under Messrs. Caltex (India) Limited from their depot at the station compound. This depot however was abolished in the beginning of 1964 and in November 1964 some of the bullocks fell ill and finally became useless. Moreover the difficulty in procuring mustard seeds at that time added to the difficulty and

delivery of finished oil to the retailers was also discontinued and the import of mustard seeds were abnormally reduced. All these factors rendered employment of so many carts unnecessary and the job of cartmen is more or less unskilled nature, the company offered the five cartmen whose services were found surplus with alternative employment. The company has been using only one cart since the discharge of these cartmen and two seniormost cartmen have been retained in their old job. The other three cartmen who accepted alternative employment in the company is still working as *Mootia*/labourers whilst the cartmen named in the order of reference did not accept the alternative employment and refused to work as *Mootias* as a result of which their services had to be terminated and the company offered them their legal dues. It was further contended that the action in terminating the service of the five workmen was wholly bona fide and valid and in the circumstances the Union's prayer, it was contended should not be accepted for or allowance.

Appearances of the parties are as follows :

For the Company : Shri Nikhil Roy, Advocate.

For the Union : Shri Ramen Banerjee, Advocate.

Decision

Although the company raised objection about the *locus-standi* of the Union and the competency of the reference, these objections were not pressed at the time of hearing. In fact O. P. W. 1. Somenath Mondal admitted that they attended conferences with the Union representatives but never took any exception to their presence. The objection cannot therefore be entertained and the Tribunal finds that the Union in the instant case is competent to represent the present reference and the reference must also be held to be valid.

Both parties adduced evidence in support of their respective cases. The company examined three witnesses including O. P. W. 1. Somenath Mondal, a clerk of the Oil Mill and P. A. to the Manager; one Ratilal Hirji (O. P. W. 2), Supervisor of the Oil Mill and Dukhu Sheet (O. P. W. 3), one of the cartmen who was also discharged and offered and accepted alternative employment in the company. The Union on the other hand examined two witnesses of whom P. W. 1 Sk. Sultan is one of the discharged workman and P. W. 2 Md. Ayub who is now working as a cartman of the company. According to O. P. W. 1 Somenath Mondal mill work throughout the year during the normal time but in the middle of 1964 mustard seeds became scarce and due to imposition of movement restriction order in different States the mill could not procure seeds with the result the mills stopped working from time to time. When the mill stopped functioning since July 1964, the company did not pay its workers as per the standing orders. Conferences were thereupon called by the local authorities and consequently stoppage of work which was attended by the company's representative as well as Union representatives. This crisis in the oil mills continued till March 1965. The company used to employ five bullock carts for which 10 cartmen were employed. Loading and unloading used to be done by the cartmen themselves. The company was also dealer of Kerosene oil and petroleum products and held an agency under Messrs. Caltex (India) Ltd. These oil and patroleum products used to be lifted in bullock carts but the depot wherefrom those products were lifted was not in existence since March 1964. The Oil Company now supply these products in their trucks as a result of which the carts became more or less useless and the cartmen had practically no work. Moreover out of the 11 bullocks six of the bullocks died during this period and the company after mustard seed crisis and the closure of the depot of Messrs. Caltex (India) Ltd., at Bankura station retained only one bullock cart. With the result the cartmen became surplus. They were however according to O. P. W. 1 offered alternative employment as coolies/mooties in the mills and five of the cartmen accepted the alternative employment and the remaining five namely, Sk. Sultan, Bhaba Atha, Sudhir Das, Aditya Shit, and Kalipada Gorai took time to consider and subsequently refused to accept. Thereupon the services of these cartmen were terminated by a letter, dated 18th December 1964. One of the cartmen examined on behalf of the company (O. P. W.s) in his evidence stated that they used to drive carts, load and unload them in various places and when the carts were not plying they used to work inside the mill as unskilled workmen which included carrying, loading gunny bags from one place to another, loading them, etc. He further stated that since mustard seed crisis, the cartmen had practically no work to do and they were all offered alternative employment which was accepted by five of them but the workmen under reference refused to accept this offer. In cross-examination this witness admitted that the goods are at present being carried on hired carts which collected at the mill gate in the morning, engaged then and there and hired charges are paid after the work is completed. In cross-examination it was suggested to him that he came to depose in order to oblige the management and was tutored to make the above statement that he did. The Union on the other hand examined one of the discharged workmen P. W 1 Sk.Sultan who in his evidence stated that they were members of Bakura Telkal Mazdur Union which had in its member all the workers excepting the durwans and the Babus. He further stated that their duty included loading and unloading of the carts and drive them but they were never required to perform any other duty. The witness denied that he got any written offer from the company asking him to accept alternative employment nor was he verbally asked to do so at any time. The mill worked throughout the year and the work of the cartmen was neither reduced or dismissed, at the time when they were discharged. In cross-examination the witness stated that their work as cartmen never stopped even though the mills was closed for some time. P. W. 2 Mohd. Ayub who is not working as cartman in the company also stated that the work is now being managed with the help of hired carts as and when occasion demanded. The hired carts were engaged almost everyday by the mill authorities but their numbers varied from day to day. The witness further stated that the mill was never closed at any time in 1964 and one of the suggestions to O. P. W. 7 Somenath Mondal was that they did work with concealed stock of mustard seed all through.

Upon evidence thus adduced it would appear that only one of the carts owned by the company is now

plying but the other carts are not functioning and there is also no denial that as many as six bullocks died before the cartmen's services were terminated. The fact that five of the cartmen were offered alternative employment would also go to indicate that there was no sufficient work for all the workmen to do. It is also common knowledge and this will also appear from Exts. A and A (1)—Minutes of the proceedings of the conferences held in the room of the Collectorate on 28th October 1964 and 7th December 1964 that there was scarcity of mustard oil in the area at the time and every effort was made to overcome the difficulty. Consequently it can hardly be contended that there was no sufficient work for all the cartmen. I would therefore hold on a careful consideration of the evidence adduced that the work in so far as the cartmen were concerned was considerably reduced by the end of 1964 and the company cannot be said to have acted in a malafide manner in offering alternative employment at least to some of the cartmen.

Now the question is whether these five workers whose cases have been referred to this Tribunal were also offered alternative employment. The company produced a letter (Ext. B) whereby they were alleged to have offered alternative employment to Sudhir Das and Kalipada and intimated them to express their willingness or unwillingness to the company within a certain period. In the first place it is to be pointed out that this notice even if it is to be accepted in to bears the date 24th March 1965 and as such came into existence long after the letter of dismissal. The letter of dismissal have been marked Ext. D series and in the said letter there was no offer of alternative employment but merely some assurance was given that in future the workers may be provided with alternative employment, if available. On behalf of the Union it was contended that at least one of the discharged workmen Dukhu Sett, O.P.S.2 who was in employment for only 13 years was taken in permanently in preference to Sk. Sultan who was in service for 15 or 16 years (P.W.1), and this fact will go to show that the motive of the company was far from bona fide. For the reasons already discussed the termination in the instant case cannot be considered to be malafide as it has been established by evidence that there was no sufficient work for all the cartmen go to with the result that termination of some of the workmen—cartmen at any rate became necessary.

Now the question is whether this termination should be regarded as retrenchment within the meaning of section 2(oo) of the Industrial Disputes Act so as to attract the provision of section 25F. On behalf of the company it was sought to be contended that this was a case of discharge simpliciter and there being no malafide motive on the part of the company this termination cannot be considered to be a case of retrenchment. Moreover the Union not having made out a case of re-retrenchment in their written statement it cannot at this late stage be converted into one of retrenchment. The learned Advocate of the company also relied upon the provisions of the Standing Orders which empowers the management to terminate the service of a workman under certain conditions. This objection in my view cannot be accepted. In the first place it is to be pointed out that the Union in paragraphs 10 and 14 of their written statement as also in their prayer stated that compensation as provided in section 25F of the Industrial Disputes Act was neither tendered nor paid nor was any notice to the appropriate Government given. The Union thus contentded that in any case the workmen were entitled to compensation under section 25F and if the discharge of the workmen be uphold then in the alternative the company be directed to pay compensation in accordance with section 25F of the Act. In my view the pleedings of this case cover a case of retrenchment and there is no question of changing the issues. Supreme Court in the case of Devi Dayal Nayak Chand Sharma reported in 1961 (1) L.L.J. page 167 held that having regard to the very wide definition of retrenchment in section 2(oo) of the Industrial Disputes Act, the termination of service in pursuance to the relevant standing orders would also include a case of retrenchment and before any action could be taken under the relevant standing orders providing termination of service of a workman provision of section 25F are required to be complied with. In the case of Hospital Mazdoor Sabha, reported in 1960 (1) L.L.J. page 251 Supreme Court observed that the action effected without complying with the provisions of section 25F(b) of the Industrial Disputes Act would be invalid nor would it give right to the concerned workman to recover retrenchment compensation under section 25F(b) of the Act by way of an application under section 25(1) of the Act. This matter went up to Supreme Court in appeal against a decision of the Division Bench of Bombay High Court reported in 1957 (1) L.L.J. page 755. In that case notice was served upon two female employees working in J.J. Group of Hospitals, Bombay as Ward Servants on the ground that in order to make room for certain people who had been retrenched from the Civil Supplies Department, services of the two Ward servants were dispensed with. No retrenchment compensation nor any notice as required by section 25F was served on the petitioners. The High Court of Bombay held that the impugned order of dismissal had not complied with the mandatory provisions of section 25F and so they were invalid and inoperative. This decision was upheld by the Supreme Court who observed that the violation to comply with the mandatory provisions of section 25F rendered the impugned order invalid and inoperative. The question now remains what is the position of the employees against whom the order of dismissal would become invalid or inoperative. This point was answered by the Division Bench of Gujrat High Court in the case of Ambalal Shivial reported in 1964 (11) L.L.J. page 271. It was held in that case that section 25F of the Industrial Disputes Act only created a bar to retrench without payment of the notice pay, compensation and service of prescribed notice on the appropriate Government. Section 25F does not create a right to receive compensation and all that the section does was to impose a bar on the employer to retrench without compensation. It follows therefore in such a case the concerned employee could not accept retrenchment and claim retrenchment compensation when an order of retrenchment does not comply with the conditions laid down in section 25F. The order was not voidable but was void. That being the relationship of master and servant between the employer and employee continues till the compensation amount is paid by the employer and the only legal right which the employee has is to receive his wages on the basis that he continues in his service.

Whether the termination was in fact a discharge simplicitor or not it did not matter so long as the act was malafide or appeared to be a colourable exercise of the power conferred on the employer either by the contract or by the Standing Orders. In such a case notwithstanding the form of the order the Industrial Tribunal was entitled to examine the substance and pass necessary orders including 1968 (13) F.L.R. page 69.

On analysis of the aforesaid decisions there can be little doubt that the termination in the instant case come within the definition of retrenchment under section 2(oo) of the Act and as the workmen had been in continuous service for over a year on the company's own showing, they were entitled to the retrenchment compensation as provided in section 25F of the Act. As already pointed out, non-compliance with the mandatory provisions of section 25F would render the impugned retrenchment invalid or inoperative and the workmen would be entitled to receive his wages for the employed provisions of section 25F(b) were complied with. For all these reasons discussed above the Tribunal holds it is not a case of discharge simplicitor and the termination in the instant case amounted to invalid and inoperative order of retrenchment and the workmen concerned are entitled to the benefit of section 25F of the Industrial Disputes Act. So the workmen are entitled to receive their wages and the relationship of master and servant continues until the mandatory provisions of section 25F are complied with. As the workers concerned did not render any service during all this period the company is directed to pay them half the usual rate from the date of termination of service till the company decides to proceed under section 25F of the Act. The above order must be complied with within 30 days of its publication in the "Calcutta Gazette".

This is the award of the Tribunal.

In the matter of an industrial dispute existing between Messrs. Birpara Tea Co. Ltd., in respect of their Birpara Tea Estate, P.O. Birpara, district Jalpaiguri, and their workmen represented by Dooars Cha Bagan Workers' Union, P.O. Kalchini, district Jalpaiguri. (Case No. 8 of 1966.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Shri A. K. DE, District Judge,
Presiding Officer,
Fifth Industrial Tribunal, West Bengal.

Present for the Company : Shri J. K. Ghosh and Shri D. K. Ghosh, Advocates of Messrs. Orr Dignam and Co., Solicitors.

Present for the Union : Shri Anil Das Choudhuri, Advocate.

These issues form an industrial dispute between Messrs. Birpara Tea Company Ltd., hereinafter referred to as the Company and their workmen represented by Dooars Cha Bagan Workers' Union, hereinafter shortened as Union. This has been referred for adjudication to this Tribunal under section 10 of the Industrial Disputes Act by the Government of West Bengal in its Labour Department order No. 125-I.R./IR/9L-7/64, dated the 14th January 1966. The facts giving rise to the dispute are stated. The 9 employees named in the order of reference were given charge-sheets for misconduct on 12th August 1964 in respect of an incident that took place in the garden on 11th August 1964 (vide Exts. C, C(1) to C(8). Each of the employees submitted explanation denying the charges (Ext. E series) on 19th August 1964. The management was not satisfied with their explanations and ordered enquiry. Notice of enquiry was given to each of them on 25th August 1964 (vide Ext. F series). Shri S. Saksena, the then Assistant Manager of the garden, held domestic enquiry separately against each workman on different dates. On conclusion of the enquiry, in which witnesses were examined, he held that the charges had been proved in his reports Exts. H, H(1) to H(7) and H(10). The Manager of the garden agreed with his conclusions. He gave notices to the workmen for a hearing as required by para. 13(g) of the Standing Orders (Ext.K). After that hearing the Manager decided to dismiss the first eight workmen and to suspend the ninth workman from 19th September 1964 to 4th October 1964. This order was communicated individually to the workmen by letters Ext. 1 series, and Ext. J. A second charge-sheet was given to Shri Enimaya, workman No. 8 in the list (vide Ext, C(9). She replied to the charge denying the same. The management decided to hold an enquiry into it. Shri Saksena held the enquiry into the matter. He concluded that the charge had been established. The Manager accepted his conclusion, gave a hearing to the Union representing the workman in accordance with para. 13(g) of the Standing Orders, and decided to dismiss her. Accordingly a letter of dismissal was given to her. The management decided, on the report of the enquiring officer, to suspend Shri Enimaya for misconduct in the charge-sheet, dated 12th August 1964 (Ext C-8). The Manager decided to dismiss her taking into consideration this punishment of suspension given to her on the basis of the first charge-sheet, and dismissed her for the misconduct in the second charge-sheet, Ext. C(9). The Union, on behalf of the workman, challenges these dismissals and suspension as unjust and actuated by its intention to victimise them for their trade union activities. The Union took the matter to the local Conciliation Officer where in spite of prolonged meetings, nothing resulted. It was stated that the domestic enquiries upon which these orders of dismissals and suspension had been passed were vitiated as the management did not consider the explanation of the workmen, did not observe the provisions of the Standing Orders and committed basic error, and acted illegally in dismissing Enimaya when she was undergoing punishment of suspension for a previous misconduct. They were so punished because the Company was determined to victimise them for their trade union activities. It was prayed that the workmen should be reinstated and ordered to be paid back wages and other benefits.

The Company filed two statements, one in reply to the statement of the Union, and the other to state

its own case. It was stated that the charges against each of the w kmen were true and those were proved in domestic enquiries held properly and fairly. The Company denied all the allegations made by the Union to say that the enquiries were vitiated. It was said that the Union was not a representative Union of the workers in the garden and was not competent to raise the dispute. It was stated that the reference was bad as the conciliation officer did not make his report within 14 days of the commencement of the proceedings as required by the law.

The issues are :

1. Whether the dismissal of the following workmen is justified? To what relief, if any, are they entitled? Sarvasri (i) Lahasan of Buchua Sirdar, (ii) Ghuran of Neez Sirdar, (iii) Lachoo of Bolloa Sirdar, (iv) Sohan of Neez Sirdar, (v) Paryag of Neez Sirdar, (vi) Managnoo of Neez Sirdar, (vii)Soni and (viii) Sm. Enimaya of Neez Sirdar.

2. Whether the suspension of Shri Sitaram from 19th September 1964 to 4th October 1964 is justified? To what relief, if any, is he entitled?

Issue No. 1

It will be convenient to decide this issue in two parts, one part relating to workmen Nos. 1 to 7, and the other relating to workman No. 8. As against No. 8 there are two charge-sheets. On the first charge-sheet for misconduct she was only suspended. On the second charge-sheet she had been dismissed. It is the dismissal which is the subject-matter of this reference. Her punishment of suspension is not before this Tribunal as a dispute for adjudication. The relevant charge-sheet on which the dismissal was ultimately ordered by Ext. 1(7) is Ext. C(9). It relates to the incident of 27th August 1964. The charges were two in number. The first charge was that she disobeyed the orders by using microphone and loud-speaker within the tea garden without taking the Manager's permission. The second charge was that she incited the workers to beat up and kill Budhu Munshi while addressing a meeting where she used microphone. Her reply to this charge-sheet is Ext. E, dated 8th September 1964. On the very same day and the following day the enquiry was held by Shri Saksena, the then Assistant Manager of the garden. He concluded the enquiry on the second day and made his report on 10th September 1964. The Manager agreed with the finding of the enquiring officer on the same date, i.e., 10th September 1964. In this case the Manager did not give a separate notice intimating the date and hour of enquiry. In the charge-sheet itself, Ext. C(9),the Manager stated that he would hold the enquiry on 8th September 1964, and in the same charge-sheet he asked the workman to give her explanation by 4 p.m. on 8th September 1964. The Manager,after accepting the conclusions of the enquiring officer on 10th September 1964, gave notice, Ext.G(1). dated 17th September 1964, saying that he was prepared to grant an interview to an official of the workers' registered Union on 18th September 1964 at 4 p.m. A note of the proceedings at that hearing under para. 13(g) of the standing ordes, Ext.K, is Ext.B, dated 18th September 1964. Then followed the order of dismissal, Ext. I (7), dated 24th September 1964. The Union submitted that this enquiry on which she had been dismissed was not fairly and properly held and was vitiated for several reasons. It is said that the domestic enquiry which should have been held in accordance with the Standing Orders, was not so held and, as such, was vitiated. The Standing Orders (Ext.K) obliges the Company to give to the workers the charges in writing, to give him opportunity to explain the circumstances alleged against him, to hold the enquiry by the Manager, if for any reasons recorded he finds the explanation unacceptable, to pass the final orders normally within 10 days of commission of the alleged misconduct unless for recorded reasons it was postponed and to award punishment only after hearing the Union after the conclusion of the enquiry. In this case, it is pointed out that the Manager has not recorded the reasons for not accepting the workman's explanation, and that the Manager has not held the enquiry himself and that he did not pass his final orders within 10 days though he has not for recorded reasons for postponding it to a later date. It is seen that the Manager without waiting for the explanation to be given or considered, fixed the date and time for holding the enquiry (Ext. C-9), thus disregarding the procedure in the Standing Orders and proving his pre-disposition that he was not going to accept her explanation whatever that might be. He did not hold the enquiry himself. Nothing was shown or stated why he could not and did not hold the enquiry. He, however, accepted the enquiry officer's findings on 10th September 1964, i.e., within about 12 days after the commission of the alleged misconduct on 27th August 1964. He awarded punishment on 25th September 1964 after hearing the Union on 18th September 1964 (See Ext.B). The enquiry, it must be held, was not in accordance with the Standing Orders. It was argued that the departure from the procedure laid down in the Standing Orders is at worst an irregularing and will not vitiate the enquiry till it is alleged and proved that the workman was prejudiced in her defence due to that. This proposition is untenable. When a procedure is laid down, it is to be followed. The procedure was prescribed to ensure unbiased enquiry and fair defence. The very fact of departure from it is a proof of prejudicing the defence. Besides, it is evident that the workman was prejudiced in her defence for non-observance of procedure. She was given time up to 8th September 1964 to put in her explanation. She was also asked simultaneously to come ready with her evidence and for personal hearing on the same date. It was quite impossible for her, in the circumstances, to decide what evidence she was to bring without knowing the Manager's reasons for not accepting her explanation. She was also not given sufficient time to prepare for her defence. This departure from the procedure has, in the opinion of the Tribunal, vitiated the enquiry.

The next infirmity in the enquiry complained of is that the enquiry started with close examination (rather cross-examination) of the workman to fix the guilt on her and that the statements taken down at the enquiry were not read out or explained to her to enable her to cross-examine or explain away, and that she was not afforded opportunity after the close of the Company's evidence, to explain circumstances (not alleged) appearing in evidence. It is well settled now that the enquiry is to begin with the examination of the Company's

witnesses and that the workman has to be asked at the conclusion of the Company's evidence to explain circumstances. There is no dispute about this proposition of law. Ext. H(8) is the relative enquiry report. It is seen that the instant enquiry started with examination of the workman. The nature of examination is seen from the questions asked. Pages 2 and 3 of it show that the questions were directed as if to prove the employer's case from her statement. The questions appear to the Tribunal to have been asked with a view to incriminate her in spite of her written explanation (Ext.E) of denial. That vitiated the enquiry. Page 8 of it does not show that she was asked to explain the circumstances that transpired in evidence of the employer's witnesses. A general question as to whether she wanted to speak in defence does not fulfil the requirements of law. Shri Saksena O.P.W.1, said that he read out and explained in Hindi his record of evidence after each witness and took the workman's signature. Signatures of the workmen are there on the record. The Tribunal accepts O.P.W.1's evidence in this respect in preference to that of the workman, for, she did not mention about this at any time before the hearing began before the Tribunal and, secondly, she was too interested to say so, and without corroboration it was of no weight. But it apears that the enquiring officer at the end of evidence of each witness of the employer asked the workman if that was correct or wrong. This was neither fair nor proper. That question indicated that the enquiring officer wanted the worker to trap herself. The enquiry was vitiated. Dismissal resting thereon cannot stand.

The charges were two in number. It appears that not one of the charges can bring about dismissal. The first charge was one of disobedience to orders, and the second one was for inciting workers to indulge in violence. No particular clause of para. 13(c) of Ext. K was mentioned in the charge-sheet, Ext. C(9). It is to be examined if the allegations in Ext. C(9) can come within any of the misconducts in para. 13(c). The Company did not prove that the Company or the Manager passed any orders before 27th August 1964 forbidding use of microphone in the garden. So there could not have been disobedience to orders till such orders were proved. The holding of a meeting in a garden is a misconduct under para. 13(c) (xviii). But dismissal for that is not permissible in a first offence under para. 13(d). Inciting other workers to indulge in violence is not a misconduct under clause xii, nor for a first misconduct under clause xii is dismissal permissible. Clause vii lays down that riotous or disorderly behaviour in the Estate prejudicial to the good running of the Estate is a misconduct. Is inciting the workers to beat up and kill another worker a riotous behaviour? It cannot be said so. It cannot be said that on these charges dismissal under the Standing Orders could be ordered. A reference to the order of dismissal, Ext. I(7) may be made. The management stated in it the reason for dismissal. It was said that she was dismissed for an act which was considered prejudicial to the smooth running of the Estate, and that the act was inciting other workers in a meeting to beat up and kill Budhu Munshi. Therefore it must be held that the dismissal in this case was not justified. The enquiry was vitiated, dismissal was not permissible under the Standing Orders.

The next question is about the relief that the worker may get in view of the decision made above. The prayer is for reinstatement and back wages. Shri Enimaya cannot get either. It is proved vide Exts. 4 and 5 that this workman accepted certain payment from the employer in full and final settlement of her claims on 18th April 1966. It is also her evidence before the Tribunal that the Company has given employment to one of her daughters. She stated in evidence that she gave her thumb impression to these documents Exts. 4 and 5 without knowing their contents. The Tribunal does not believe her there. It appears that her husband Dhankumar Baidhar also signed these papers. She stated that the Company told her before calling her signature that it would employ her two daughters, and that it employed only one of her daughters. That shows that she knowingly signed those documents. It was submitted by the Union that the workman, after having her case brought before the Tribunal by the Union, was not competent to make any settlement with the Company. The question as to whether she can do so is of no relevance here. The Company relying on her settlement in Exts. 4 and 5 only contended that she should not get reinstatement. The Tribunal accepts this contention. She voluntarily and willingly received payment in satisfaction of her claim. The Company has appointed her daughter as one of its employees. In these circumstances the Tribunal does not think that there is any necessity to direct the Company to reinstate her. This view gets support from the decision in 1959 (II) L.L.J. p. 405 at page 415 Col. II.

The Tribunal will now take up for consideration the case of the other 7 workmen. Each of them was given the same charge-sheet over the same alleged incident taking place on 11th August 1964. The charge-sheets are Exts. C, C(1), C(3) to C(7). The replies of the workmen are Exts. E(2), E(4), E(18), E(11), E(13), E(15), and E(17). The notices of enquiry are Exts F, F(1), F(2), F(3), F(4), F(6) and F(7). The enquiry records with reports are Exts. H H(1) to H(6). After the enquiries were concluded Shri Saksena who held the enquiry in each of these cases, submitted his report to the Manager who agreed with him and accepted his conclusions. Thereafter he gave notices for a hearing under para. 13(g) of the Standing Orders. These notices are Exts. G(2) to G(8). Thereafter he issued orders of dismissal, Exts. I, I(1), I(2) to I(6). It is said on behalf of the Union that these enquiries were vitiated, firstly, as the enquiries were held in disregard of the provisions relating to enquiry in Ext. K, the Standing Orders and, secondly, because the workmen were not given opportunity to defend themselves properly, as the evidence recorded by the enquiring officer was recorded in English and it was not read out or explained to the workmen and, lastly, because the enquiries commenced with close examination of the workmen and because they were not asked to explain the circumstances appearing in the enquiry against them at the and of the recording of evidence of the employer's witnesses. These are to be examined.

The main ground of attack by the Union was that the enquiring officer was wrong in examining the employee at the commencement and in not asking him to explain the circumstances at the end of recording evidence of the Company's witnesses. Page 15 of Ext. H

shows that Shri Saksena did not ask the workman Managnoo to explain the circumstances appearing in the evidence. He merely asked him if he wished to call in witness. Page 14 of Ext. H(1) shows that the enquiring officer did not ask the worker Lahasan to cite witness on his side. Page 15 of that record shows that a witness was examined on the side of Lahasan. Page 10 of Ext. H(2) shows that the enquiry officer did not give that opportunity to the workmen Churan. The enquiring officer at page 16 of Ext. H(3) asked the workman Latchu if he would like to call witness, but he did not ask Lachoo to explain the circumstances. Similarly, the enquiring officer did not ask the workman Sohan to explain the circumstances appearing in evidence. He only asked if he would like to call any witness (page 19 of Ext. H-3). The workman Paryag was not also given any opportunity to explain the circumstances (see page 7 of Ext. H-5). It is seen that he called a witness on his side, though not asked. Sani was not given any opportunity to explain the circumstances (see page 11 of Ext. H-6). It is thus seen that the enquiring officer did not ask any of these 7 workmen to explain the circumstances appearing in evidence against him at the conclusion of the employer's evidence. It is well settled in law that that opportunity should have been given in order to make the enquiry fair. This vitiates the enquiry. It is, however, contended that the Tribunal will ignore this slight infraction on the part of the enquiring officer as the workmen were not prejudiced in defence due to that. It is also said that it was a sufficient compliance to ask the workmen to call their witnesses. The Tribunal is unable to accept this contention as sound. To ask a charge-sheeted workmen to explain the circumstances appearing in evidence against him is something quite different from asking him to call his witness. An opportunity required to be given to a workman to explain circumstances is a salutory provision to safeguard his interest by giving him the opportunity for the purpose. If that had been done, the workman would have known what had been stated against him by the witnesses and he would have been in a position to say why that evidence or circumstance should not be held against him.

It is again noticed that in each of these cases the enquring officer commenced the enquiry after question in the workman. It is now well settled in law that an enquiry should commence by examining the employer's witnesses and not by close examination of the workman. The question is whether any of these 7 workmen was closely examined in any of the domestic enquiries. It appears from the record that the enquiring officer at the commencement asked the workman his name and enquired if he had received the charge-sheet and replied thereto, and if he wished to add or modify his written statement. The Tribunal does not think that this questioning can be characterised as close examination of the workman. It may only be said that the last question enquiring if he wanted to add or modify may not have been asked. In only one case, viz., Ghuron (Ext. H-2), he was asked at the commencement whether he would like to bring any witness, and that he replied that he was not informed that he would be required to bring any witness at the enquiry. This particular enquiry was vitiated because Ghuron was not asked at the end to bring witness. He was thus deprived of making his defence in a proper manner. The enquiry against the workman Ghuron was vitiated on this score.

It was stated by the Union that the workmen were prejudiced in their defence as the evidence taken down at the enquiry was not read out or explained to them at that time. Shri Saksena, O.P.W.1, stated that he read out and explained the statement of each witness after recording it, and that he took signature of the workman on the record thereafter. Such signatures are seen on the record of enquiry. The Tribunal prefers his evidence to that of the workmen for, each of the workmen was highly interested to say that at the hearing. There has been no corroboration in that respect by any witness on the Union's side. Interested evidence without corroboration cannot be accepted. Again, it is noticed that at no point of time before the hearing before this Tribunal this grievance was made. It was however asked relying on Ext. B series, i.e., proceeding of hearing under para. 13(g) that the Union leader wanted to see the enquiry report and was not shown that. But the Union leader did not say there that the record of enquiry was not read out or explained to the workmen. In one or two sheets signature of workman was not found, but that was of no consequence. It is seen that signature of workman has been taken in almost al lsheets. If on any sheet it was missing, it was a case of omission and cannot mean submission that the signature was not taken as the record was incorrectly made or that it was not read out or explained.

Now as to the grievance of the Union that the procedure in the Standing Orders was not followed, it was said that the enquiry should have been held by the Manager himself. It appears from the Standing Orders, Ext. K, that the enquiry was intended to be held by the Manager. But it appears that the Manager deposed as witness in four of the enquiries and testified to the incidents which were the subject-matters of the charges. In such circumstances it was but proper and fair that he did not hold the enquiry himself. The grievance on his score is not of any substance and is rejected.

It was then argued that Shri Saksena who held the enquiries had not the Manager's authority to hold the enquiry and, as such, the enquiry was vitiated. Shri Saksena, O.P.W.1, stated that he was not authorised to hold the enquiry in writing. The Union did not take this as a point in written statement and, as such, the company could not give evidence to prove as to how Shri Saksena was authorised to hold the enquiries. Again, the Union did not complain at any time before that the workmen were prejudiced because Shri Saksena held the enquiries. In the notices, Ext. F series, the Manager stated that he would proceed with the matters. That certainly meant that he was going to hold the enquiries himself. No fresh notices were given to say that Shri Saksena, and not he, would hold the enquries. But this, in the opinion of the Tribunal, is not such as can be said to have resulted in vitiating the enquiries. It has been pointed out that the Standing Orders required the Manager to consider the explanation submitted by a workman in reply to the charges and to record his reasons if he did not accept the explanations. It was said that this provision was not complied with. In the charge-sheet, Ext. C series, the workmen were asked to submit their explanations

by a certain date. The notices of enquiry, Ext. F series, show that the Manager considered their explanations and held those to be unsatisfactory in the light of his preliminary enquiry. The Tribunal thinks that this was a sufficient compliance with the provisions of the Standing Ordres. Shri Saksena, O.P.W.1, stated that there was no preliminary enquiry though the Manager mentioned 'preliminary enquiry' in Ext. F series.

There were some endorsements about some preliminary enquiries on the back of the workmen's explanations, Ext. E series. It is therefore clear that the Manager considered the explanations and, for reasons recorded by him, found those unacceptable. He decided to hold enquiries as he so concluded. It was said that the final orders should have been passed within 10 days of the commission of the alleged misconduct and that the Manager should have given hearing under para. 13(g) before awarding punishment. There has been no departure from this procedure. No doubt, final orders were not passed within 10 days. It has not been proved that the Manager postpo ed the passing of final orders for reasons recorded by him. But it is proved that the charge-sheets were given on 12th August 1964, explanations were received on 19th August 1964, consideration of explanations were made on that date, notice of enquiry was given on 25th August 1964 and the enquiries were held in the first week of September. The Manager considered the enquiring officers' report soon after and gave notice under para. 13(g) by Ext. G series. This delay in making the final order has not, in the opinion of the Tribunal, vitiated the enquiry.

Thus in the result, the Tribunal decides that the enquiry in each of the cases was vitiated because the enquiring officer did not ask the workmen to explain the circumstances appearing against him in the evidence recorded at the enquiry. As the enquries are held vitiated, dismissals resting on the result of such enquiries should also be held not justified.

Before considering the other matters it will be convenient to dispose of certain small points. It was said that the Union has no right to represent the workmen and that it is not a representative Union. This contention should be rejected. Be it also said here that this point was not pressed at the hearing. The evidence given by the Union satisfactorily proves that this Union functions in the garden and has as its member quite a number of workmen. Besides, it is seen that the Manager, gave hearing to the Secretary of this Union (vide Ext. B series) under para. 13(g) before awarding punishment. It does not lie in the mouth of the Company to say that this Union is not a representative Union or it does not represent the workmen. The Union stated in para. 7(xi) of its written statement that the Company committed a basic error and acted illegally in dismissing Sm. Enimaya on 24th September 1964 while she was undergoing punishment of suspension for another charge of misconduct previously proved, from 18th September 1964 to 4th October 1964. This contention was not however, pressed by the Union at time of hearing. This contention is also not sound. When an employee suffers punishment of suspension, the relationship of employer and employee between them remains in abeyance. Sm. Enimaya was ordered by the Company to rejoin the Company's service of the garden from 5th October 1964. The net effect of the order of dismissal made on 24th September 1964 would have been that the dismissal would have been effective from 5th October 1964 instead of 24th September 1964 with the reinstatement of Enimaya on 5th October 1964 on the expiry of the punishment of suspension. So if the Tribunal had found that the order of dismissal was otherwise good and there should not be no reinstatement, then the dismissal would have been held to have been effected from 5th October 1964.

The other argument of the Union was that the order of dismissal of Sm. Enimaya was wrong and unjust as the Manager in imposing the sentence of dismissal was influenced by the fact that she was punished once by suspension previously. It appears from Ext. I(7) that that the Manager took into consideration this previous punishment of suspension in awarding dismissal. That was given in accordance with section 13(8). But on that ground the Tribunal would not have said that the dismissal was unjust as the native or extention of the punishment was in the exclusive jurisdiction of the Manager, and not a matter for consideration by the Tribunal in a proceeding of this nature. Besides, the punishment of suspension was not challenged in this proceeding. Nor it was proved that the said punishment of suspension had been wrong. Whether the said punishment was given rightly or wrongly, it was there when the Manager considered it in dismissing Sm. Enimaya. This contention, was therefore, of no avail to the Union.

It is now to be considered whether the enquiry was vitiated on the ground that the Company started the enquiries and awarded punishments on account of Trade Union activities of these workmen. It was the Union's case that Guran and Lahasan were respectively the Secretary and Vice-President of the garden unit of the Union and that Lahasan, Sohan, Paryag, Managnoo and Soni were members of the Union. No record of the Union was produced to prove that they were members of the Union. The Secretary of the Union deposed to say that. That evidence is believed. But it is not proved that any of these 7 workmen took par in any negotiation with the Company in the mattre of grievances of workmen or that the Company was dissatisfied or annoyed with them for that. Rather, the evidence is that Manu Chatterji was looking after the interests of the workers of this garden. The Tribunal is not satisfied that these proceedings were started to victimise these members of the Union.

It was then contended that there was discrimination as between the workmen in the matter of this enquiry and it showed Company's intention to victimise these workmen. These 7 workmen and Sitaram were given the same charge-sheet. Separate enquiries were held. After the enquiries these 7 workmen had been dismissed, & Sitaram had only been suspended, though the charges were held proved against each of them. It is said that the fact that a lighter punishment was given to Sitaram, who was not a member of the garden unit of the Union, is a proof of the fact that the Company was victimising these 7 workmen. This contention does not appear to be sound. Only awarding of lighter punishment is not enough to say that the Company was victimising others who were given heavier sentence. The Tribunal rejects this contention.

The next matter for consideration is about the relief that each of these workmen is entitled to. It is prayed that each of them is reinstated and given back wages. In answer to this it is contended on behalf of the Company that one of the charges against each of these 7 workmen was wilful insubordination and disobedience to the orders given by the Manager to leave Joteswar Division, and that each of these workmen either admitted the said charge or did not dispute that. It is said that in view of that the Tribunal may not order reinstatement. Once the Tribunal finds that the domestic enquiry is vitiated, it becomes entitled to make its own findings on the charges on the evidence placed before it at the hearing in the Tribunal. The Company has not examined any witness to prove any of the charges against any of the workmen before this Tribunal. It is, however, contended by the Company that the enquiry records show admissions, and the conclusions of the enquiring officer on such admissions may be looked into by the Tribunal even though the enquiries are otherwise found vitiated. Ghuron stated in Ext. E(2) that he went to Joteswar Division and that he was there to see that no wrong was done to his co-workers by the police and that he had no intention to disobey the Manager's orders. Lahsan stated (Ext. E-4) that he went to Joteswar Division on hearing that the labourers were going to that side, and that he went there to tell them to obey the instructions of the Union. Prayag stated in Ext. E(9) that he went to Joteswar to see his father, and returned from there at about 11 a.m. Latchu stated (Ext. E-11) that he went to Joteswar to see why police had been called and that he came away when ordered by the Manager to leave. Sani stated (Ext. E-13) that he went to Joteswar and stood near the police and returned when other labourers returned. Managnoo stated (Ext. E-15) that he did not go to Joteswar Division. Sohan stated (Ext. E-17) that he went to Joteswar Division and that he left when ordered to disperse. It was argued relying on the statements that except Managnoo, each of the 6 other workmen, stated that he went to Joteswar Division on that date. It also appears from their written explanations that the Manager asked the workmen to quit Joteswar Division. Not one of them was a worker of the Joteswar Division and the order of the Manager asking them to leave Joteswar Division was a lawful order. The question was whether any of them disobeyed his order or was insubordinate to him. None of them admitted in the written explanation that he disobeyed his order to leave or was in any way insubordinate to him. Here reference was made to the statements recorded at the enquiry to show such admission. There is no such admission by Managnoo in the record of enquiry, Ext. H. In the record of enquiry against Lahsan (Ext. H-1) at page 4, it was recorded that he admitted that he did not leave because he thought that there might be breach of peace and '*mara mari*'. There is admission in the record of enquiry (Ext. H-2) against Ghuran, at page 8, that he was asked by the Manager, Joteswar (2) Section to leave and that he did not obey his order. There was such admission at page 10 of the record. In the record of enquiry (Ext. H-3) against Latchu, at page 12, it is seen that he was ordered by the Manager to leave that section, and that he did not leave. There is also such admission recorded at page 15 in the record of enquiry against Sohan (Ext. H-4). It is recorded at page 10 that he was ordered by the Manager to leave, that he did not leave, and that he admitted his guilt. In the record of enquiry (Ext. H-5) against Paryag, at Page 9, it is noted that he was ordered to leave and that he did not leave. There is also such an admission at page 9 and page 11 in the record of enquiry (Ext. H-6) against Sani. It was recorded at page 8 that he admitted the charge against him. It was argued on this record that the Tribunal would be satisfied from the record that each of them disobeyed the order of the Manager. Taking the records as they are, it is seen that not one of the charges was admitted by anyone of the workmen at any time before the enquiry was commenced. Even if any one made any such admission during the domestic enquiry, that cannot be looked into by the Tribunal to say that the charges were proved on admission, as the Tribunal had already found that the enquiries were vitiated. The Tribuanl does not accept the contention that the dismissals may be held justified on the basis of admissions in the enquiry record. Reference was made by the Company to the case reported in 1966, 12 F.L.R. 361 to seek support for this contention. But that is of no aid. In that case there was evidence before the Tribunal and on that it was satisfied of the truth of the charges. The Union further contended that the enquiries were vitiated as Shri Saksena was present at the time of happening of the incident on 11th August 1964, that he drew upon his personal knowledge, without offering himself as a witness for cross-examination,to conclude as to the truth of the charges, and exhibited bias in his conducting the enquiries. This plea wss not taken specifically in the Union's written statement. But the Tribunal will consider this as this contention was made on the basis of the Company's documents filed in the case. One of the workmen deposing here said that Shri Saksena was present at the time of the alleged incident. Shri Saksena, O.P.W.1, denied that. He stated that he supervised the work of the garden on that day and that he saw a number of employees near the office at about 9 a.m. It was but likely that he went to Joteswar Division after that after having seen the crowd proceedding towards that Division. This possibility gets confirmed from the reports, Extl. L and L(1) about the incident on 11th August 1964 by Shri Budhu Munshi and Shri S. L. Vasdev. Shri Saksena is a witness in both the reports. It may thereore be reasonably stated that Saksena had knowledge of the incident from before the enquiry. This prior knowledge so acquired affected his enquiries, as–is seen from the manner in which he conducted the enquiries. None of the Company presented the case of the Company before him. None gave him the names of witnesses to be examined by the Company. He did not prepare any list of witnesses. He stated that he asked the garden chowkidar to announce on the date of enquiry that anybody wanting to give evidence might do so. But he did not say that anyone offered himself as witness after that announcement. There is also nothing in the enquiry records to show that he made such announcement. It is difficiult to see how he could know who would depose for the Company and what they would depose unless he knew the facts and the witnesses from before the enquiry. He stated that he examined the witnesses himself. In this state of things, it may be said that the enquiries were not fair. He stated that he put questions to Company's witnesses, and that the workmen, on being asked to cross-examine them, did not put questions, but made statements. This shows how

the workmen were prejudiced in their defence in the enquiry. It appears from sub-para. 3 of para. 13(e) of Ext. K that the workmen, if he so wished, would have been able to bring another employee of the garden at his choice to attend the enquiry and to advise him. In the notice intimating the workmen that enquiries would be held (Ext. F series) it was not stated that the workmen could bring an employee of one's own choice to help him in the enquiry. Questions in the enquiries were at times suggestive of answers. Again, the manner in which the workmen were asked to cross-examine the witnesses of the Company would show that the enquiring officer was trying to have admission by the workmen as to the truth of the statements of the Company's witnesses. The Tribunal will make reference to some of these questions. At page 9 of Ext. H, the question to the workman was, whether the workman admitted the evidence of Mr. Kapur as correct or wrong. When he replied that it was wrong the enquiring officer persisted and questioned him as to whether he was ordered by the Manager to leave J2. At page 11 of the same report the question to the witness Pius was, whether the Manager ordered Managnoo to leave and whether Managnoo obeyed. Again, after the evidence of Vasdev at page 14 of the same record, the workman was again asked if he was ordered by the Manager to leave J2. In this maner he questioned the workmen in each of the proceedings. He made suggestive questions to Pius in the record, Ext. H(1) asking if he knew more about the incident. The procedure adopted in taking down the evidence was not fair to the workmen. It would be convenient if reference is made to the report of the enquiring officer here. In his report to Ext. H, at page 18, he mentioned that Managnoo admitted. But there was no record of any such admission in the enquiry proceeding. In his record, Ext. H(1) he relied on the admission of the workmen, but a reading of page 4 of his report would show that the admission was perhaps not made in the form recorded. In his record, Ext. H(2) he did not make use of any admission of the workmen, but he recorded such admission at page 8 of his enquiry proceeding. In his record Ext. H (3) he did not rely on admission though he recorded such admission at age 15 of his proceeding. Similarly, in his record, Ext. H (5) he recorded 'admission' but did not rely on his record. In his record, Ext. H(4) there was no signature of the workman Sohan. It was, however, noted that he did not give signature though asked. In this record he recorded the workman's admission at page 10, but did not record it in his report. In his record, Ext. H(6) he found the charges proved on the workmen's pleading to them, but there was such record of admission at page 8 of his record. It is seen that though admissions have been recorded in the proceedings, the enquiring officer was not making use of them. It is quite clear from what has been found above that the enquiries were not fairly and properly held and were thus vitiated.

As to the Manager's predisposition to see these workmen found guilty of the misconduct alleged against them, his notices, Ext. F series, were referred to. In each of these notices it was stated that the workmen had earlier intimated his unwillingness to attend the enquiry. There is nothing on record to show that anyone intimated such unwjllingness. In fact, the workmen attended the enquiries. Thus, considering all that have been discussed above, the Tribunal is of the opinion that the enquiry against each of the 7 workmen was vitiated, and his dismissal resting on such enquiry cannot be said to have been justly ordered.

The next question is what relief each of these workmen is entitled to. As the dismissal has been held not justified each is entitle to reinstatement from the date of dismissal with back wages for the period of unemployment. This the Tribunal shall award.

Issue No. 2

Sitaram, after the enquiry into the charge-sheet against him, was punished by suspension for a period of 14 days from 19th September 1964 to 4th October 1964. The enquiry against him was criticised as unfair on the grounds similar to those urged in the cases of other workmen in issue No. 1. It is not necessary to state those contentions or to examine them afresh. For the same reasons it should be hled that the enquiry against Sitaram was not justified and he would be entitled to get full wages for the period of suspension from 19th September 1964 to 4th October 1964. It is only necessary to add a few words. The charge-sheet is Ext. C(2). He was given time up to 20th August 1964 for submitting his explanation. He submitted his explanation, Ext. E(7) on that date. The Manager did not consider his explanation, nor he held a preliminary enquiry after receipt of the explanation as he did in the cases of 7 other workmen in issue No. 1. Yet he issued the notice, Ext. F(5) where he stated that he examined the statement on the basis of preliminary enquiry and found his explanation not satisfactory. This was certainly an incorrect statement and it proves that he did not comply with the requirements of the Company's Standing Orders, Ext. K, para. 13(e), sub-para. 2. This also vitiated the enquiry against Sitaram as the procedure in the Standing Orders was not followed.

In the result, the Tribunal answers the first part of the issue No. 1 in the negative and directs that the Company reinstates the workmen Nos. 1 to 7 in the list from the date of dismissal of each and pays him back wages from the date of dismissal till reinstatement, and the workmen No. 8 is not entitled to any relief by way of reinstatement or back wages, and answers the first part of the issue No. 2 in the negative and directs that the Company pays full wages for the period from 19th September 1964 to 4th October 1964 to Sitaram.

ANNEXURE

In the matter of industrial disputes between Messrs. Karam Chand Thaper and Bros. Private Ltd., 25 Brabourne Road, Calcutta-1 and their workmen represented by Karam Chand Thaper and Bros. Employees' Association, 18 Prince Anwar Shah Lane, Calcutta-33. (Government order No. 5154-IR, dated 17th December 1963 and Government order No. 754-IR, dated 22nd February 1965). (Case No. VIII-42/65 and 311/65.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri R. BHATTACHARYA, M.A. LL.B,
Judge, Fourth Industrial Tribunal.

Two reference cases under section 10 of the Industrial Disputes Act were sent to this Tribunal for adjudication. At the request of the parties and for the sake of convenience they are being disposed of by this common award governing both the cases.

The Government of West Bengal by its Labour Department, order No. 5154-IR/IR/11L-113(A)/63, dated 17th December 1963, sent a reference for adjudication over an industrial dispute between Messrs. Karam Chand Thapar and Bros. Private Ltd., 25 Brabourne Road, Calcutta-1, and their workmen represented by Karam Chand Thapar and Bros. Employees' Association, 18 Prince Anwar Shah Lane, Calcutta-33, on the issue of bonus for the year 1962-63.

Subsequently another reference between the same parties was sent to this Tribunal by the Government, Labour Department, order No. 754-IR/IR/11L-113(A)/1963, dated 22nd February 1965, for the decision of the following issue :

Issue

Quantum of bonus for the years 1955-56, 1956-57, 1957-58, 1958-59, 1959-60, 1960-61, 1961-62 and 1963-64 and its method of distribution among the Company's workmen in Calcutta.

The parties duly submitted their respective claims in the form of written statement. Several disputes were pending before this Tribunal between the parties. Many of them were disposed of after contest. It was a pitty that in a concern like Karam Chand Thapar and Bros. Private Ltd. there should have been so many disputes between the management and the workmen. I thought it desirable that there should be an understanding between the management and the workmen so that the disputes might be settled up amongst themselves after peaceful negotiations. Undoubtedly, there cannot be any sincere co-operation between the management and the labour if a large number of disputes are pending before a Tribunal and if the parties are fighting over them. In order to bring about good relationship between the management and the workmen and for peace and harmony in the administration, I asked the company and the union to see if there was any possibility of coming to an amicable settlement and better understanding between the parties. I am happy to note that in response to my call both the union and the company tried their best to see how far they could agree on the disputes. Several adjournments I allowed on their prayer for arriving at a peaceful compromise. On 26th August 1965 the parties filed a petition stating that they had settled the dispute over the bonus for the year 1963-64, and that a 'no dispute' award might be passed in respect of that year. I heard both the sides and I was satisfied that the settlement was voluntary, legal and reasonable. I noted in the Order Sheet in the relevant record that the fact of compromise would be recorded in the final award. Thereafter several petitions were again filed by the parties to make real and sincere efforts in coming to a reasonable compromise. At long last, however, the parties were able to come to a reasonable and honourable settlement for purchasing peace and harmony in the company and for better relation between the parties. In this connecton I should note that the efforts of Mr. Jinwalla, learned Counsel, and Mr. Pandit on behalf of the company as well as Mr. Sen Gupta and other officials of the Union paved the way to the successful termination of the disputes. Today the parties have filed a joint petition of compromise along with the memorandum of agreement between the parties stating that both the references mentioned hereinbefore have been settled amicably and that a 'no dispute' award may be passed in the said two references.

I have heard Mr. Pandit for the Company and Mr. Ganguly, Secretary of the Union, and I am satisfied that the compromise arrived at by and between the parties is voluntary, reasonable and legal. On hearing the parties, I am satisfied that all the disputes mentioned in the two references have been amicably settled and that there is at present no dispute between the parties. As prayed for by the parties, I hereby pass 'no dispute' award in respect of both the references.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL. CALCUTTA,

Present :

Shri R. BHATTACHARYA, M.A., LL.B., Judge,
Fourth Industrial Tribunal.

This is a reference under section 10 of the Industrial Disputes Act. The parties to the dispute are (1) Messrs. Bhuyan Brothers & Co., Khardah, 24-Parganas, Contractor, and (2) Messrs. Dalmia Iron and Steel Steel Ltd., Principal Employer (now Messrs. Electro Steel Casting Ltd.), Khardah, 24-Parganas, on one side and their workmen represented by Dalmia Iron & Steel Sharmik Union, C/o. Shri Mahadev Shaw, B. T. Road, P.O. Khardah, district 24-Parganas, on the other. The issues are as follows :

Issues

1. Dearness allowance.

2. Whether termination of services of the following workmen by the management is justified ? To what relief, if any, are they entitled ?

(a) Prasadi, (b) Sova Singh, (c) Chandrika, (d) Phagu Goala, (e) Ram Nawal.

After due service of notice the parties appeared and filed their written statements. Today Bhuyan Brothers & Co. and the workmen represented by the Union have filed a joint petition stating that the present dispute along with several other disputes have been amicably settled by and between Messrs. Bhuyan Brothers & Co., a partnership firm, and the workmen represented by the Union. Along with the petition a copy of the memorandum of settlement has been filed. It is submitted by the petitioners that in the present dispute Messrs. Dalmia Iron and Steel Ltd. has no concern and that an award may be passed in terms of clauses 1 and 2 mentioned in the memorandum of settlement. I have heard both the sides and I am satisfied that the compromise is reasonable, voluntary and legal.

As prayed for by the parties, I dispose of the present reference on the following terms mentioned in the memorandum of settlement :

"1. **Termination of service :** After examination of the records of employment, etc. and considering the cases of termination of employment on compassionate ground, it is agreed by Messrs. Bhuyan Bros. & Co. that they would pay a lump sum amount of Rs. 600 (Rupees six hundred) to Shri Prasadi and Rs. 400 (Rupees four hundred) to Shri Sobha Singh, in full and final settlement of all their claims. The Management will, however, try to recommend for the employment of the above two workmen at some other place.

As it is noted from the records that Sarvasri Chandrika, Phagu Goala and Ram Nawal have already collected their dues in full and final settlement of their claims, these persons would not be paid any compensation for termination of their services.

2. **Dearness Allowance :** It is agreed by the Union that the Tripartite Agreement, dated the 24th December 1964, signed with Messrs. Dalmia Iron and Steel Limited is not applicable to Messrs. Bhuyan Bros. & Co. It is further noted by the Union that Messrs. Bhuyan Bros. and Co. took over a contract of Cupola Charging, Melting, etc. from 1st January 1965 and since then they have already given increments to its employees in January 1966. It is further noted that the workmen engaged by Messrs. Bhuyan Bros. and Co. the firm of contractors, are paid consolidated wages and there is no scheme for payment of any Dearness Allowance separately. Keeping the above facts into view, it is agreed that the consolidated wages of the workmen, who are now working within the wage-range of Rs. 3·00 to Rs. 3·49 per day, would be raised to Rs. 3·50 (Rupees three and fifty paise) only per day; the workmen who are getting wages above Rs. 3·50 per day will be given an ad hoc increase of Rs. 4·00 (Rupees four) only per month in their consolidated wage. This increase in wages will be effective from 1st August 1966.

It is agreed that an application for compromise of the pending disputes regarding (1) Dearness Allowance and (2) Termination of Services of—

(1) Prasadi,

(2) Sobha Singh,

(3) Chandrika,

(4) Phagu Goala,

(5) Ram Nawal,

before the Fourth Industrial Tribunal, Government of West Bengal, will be filed jointly by the parties for a compromise award by the Tribunal in accordance with this agreement.

In consideration of the above increase in consolidated wages, it is agreed by the Union that they would not raise any claim for further wage increase for a period of 1½ years, that is up to 31st December 1967. It is further agreed that the contractors would not be bound by any increase given by the Wage Board and Industrial Tribunal, West Bengal, for Engineering Industry up to the period of operation of this agreement."

Judge, Fourth Industrial Tribunal.

The present reference under section 10 of the Industrial Disputes Act has been sent to this Tribunal for decision by the Government of West Bengal, Labour Department, order No. 2246-I.R./IR/10L-31/65, dated 3rd June 1966. The parties mentioned in the order of reference are Messrs. Pattnaik Brothers and Co.(P) Ltd., 26 New Sil Lane, Howrah, a contractor under Messrs. Hind Overseas (P) Ltd., 4 Bhujangadhar Road, Lillooah, Howrah and their workmen named in the issue. The issue for adjudication runs as follows :

Issue

1. Whether the dismissal of the following six workmen is justified? To what relief, if any, are they entitled?

(i) Shri Dhannu Ram, (ii) Shri Manu Jadav, (iii) Shri Ram Sehnei, (iv) Shri Ganga Ram, (v) Shri Sahadeo Passi, (vi) Shri Ganesh Ram.

Notices were duly issued to the parties which were received. 29th June 1966 was fixed for appearance of the parties. The company appeared but none appeared on behalf of the workmen on that day. 16th July 1966 was fixed for the return of service. On 16th July 1966 out of the six workmen only Ram Sehnoi filed an authority in favour of one Ram Chandra Singh and filed an application for time. 3rd August 1966 was fixed for filing written statement. No step was taken by the workman on that day and as such, 18th August 1966 was fixed for submission of written statement by the company. Today the company has filed a statement supported by an affidavit sworn by Gopal Chandra Mohanty, one of the Directors of the company. He has stated in the affidavit that he is thoroughly acquainted with the day to day affairs and activities of the company, that the Pattnaik Brothers and Company (P) Ltd. was never and is not a contractor under Messrs. Hind Overseas Private Ltd. as stated in the order of reference, and that this company—a private limited company—never employed the persons named in the order of reference. Mr. T.K. Jagadish, learned Advocate, duly authorised by the company, appears before me and submits that the present reference is not maintainable and that there is no industrial dispute between this Private Limited Company and the persons mentioned in the order of reference, and that these persons had no connection with this company. Mr. Jagadish has submitted that the persons concerned might have disputes with a different concern, a Partnership Firm, but not with this Private Limited Company. In this case out of the six persons only one person appeared but he has not filed any written statement. Neither has he taken any step whatsoever to contest in this proceeding although he has been given sufficient time and opportunity to file written statement. Today even neither the workman nor anybody has appeared on his behalf. It is 2.45 p.m. now. In view of the affidavit evidence before me, and the circumstances of this case, I find that there is no industrial dispute bebetween Messrs. Pattnaik Brothers and Co. (P) Ltd., and the workmen mentioned in the order of reference, and that the present reference is not maintainable. No relief can be given to the workmen concerned.

The reference is thus disposed of.

AWARD

This matter came for adjudication under section 10 of the Industrial Disputes Act under Government of West Bengal, Labour Department, order No. 1132-I.R./IR/14L-8/65, dated 21st March 1966. The dispute is between the Commissioners of the Birnagar Municipality, hereinafter referred to as the Employer, and their workmen represented by the West Bengal Municipal Employees' Federation, hereinafter referred to as the Union, and relates to justifiability of dismissal of a single employee, viz., Shri Sukumar Nag. Facts are stated below.

Shri Sukumar Nag was employed as the second clerk under the Employer from August 1956. He did not attend office on 3rd October 1962. The office remained closed for Puja Holidays from 4th October 1962 to 14th October 1962. He sent an application for leave by post to Bhabani Babu, the then cashier of the the Employer. That application was not considered by the Chairman of the Municipality as bearing no dates indicating the period of leave asked for. Later, those dates were put in on that by Bhabani Babu. Before receipt of his application, his absence from the office was noticed. He was asked to explain. He gave an explanation. His explanation was found not satisfactory. He was given a charge-sheet for misconduct on 19th December 1962. Shri Debi Banerjee who was temporarily appointed in the post of Shri Nag from 17th November 1962, reported that a large number of papers had been left unattended by his predecessor. Shri Nag replied to the charge-sheet. He immediately applied before the Seventh Industrial Tribunal under section 33A of Industrial Disputes Act as another dispute between the Municipality and their workmen was pending adjudication there under Government of West Bengal order No. 3623-I.R./IR/14L-14/60, dated 19th July 1960. The award of the said Tribunal (published on 30th September 1963) on that complaint of Shri Nag was that the Municipality should hold final enquiry into the charge-sheet. The Municipality accordingly made an enquiry on 20th October 1963 and also on 10th November 1963. Shri Nag attended the enquiry on the first date and wanted to see the papers relating to the charges. The employer accordingly adjourned the enquiry to 10th November 1963 on which date also Shri Nag came and stated on being asked, that he had seen the papers but he left the place putting in another application. The Employer, in the circumstances, held the enquiry in his absence, found the charges established and resolved in the meeting to dismiss him. Shri Nag was informed of the decision on 11th November 1963. The Employer also applied before the said seventh Industrial Tribunal under section 33(2) (b) of the Industrial Disputes Act for approval of the order of dismissal as required. The said Tribunal, however, dismissed on 27th July 1964 the said petition under section 33(2)(b) of the Municipality holding that the application was not maintainable as not made in strick compliance with the requirements of the proviso to section 33(2)(b). The Employer faced with that order, called a meeting of its Commissioners on 20th September 1964 and rescinded the previous order of dismissal made on 10th November 1963, butin the same meeting, decided again to dismiss Shri Nag from 24th September 1964. He was accordingly informed also. It is this dismissal which is the subject-matter of this adjudication. It is said that the dismissal is unjust as no enquiry was held and as the Employer, with the motive of victimising him, brought false charges and took the decision without following the principles of natural justice and laws and rules.

The Employer stated that the charges were true and that after a proper and fair enquiry, the charges were proved and he was dismissed. It was said that the order was just. The issue is :—

> Whether the dismissal of Shri Sukumar Nag is justified? To what relief, if any, is he entitled?

The Employer gave Shri Nag a charge-sheet, Ext.B, dated 19th December 1962. He replied to it by Ext.D, dated 7th January 1963. The Employer fixed 24th October 1963 for enquiry into the charges. That day the enquiry was adjourned for reasons recorded in the resolution, Ext. J, to 10th November 1963. On that date Shri Nag came. He placed two letters before the Employer on 10th November 1963. Those are Exts. C and E. In the letter Ext. E he said that he had seen the papers he wanted to see. In Ext. C he reiterated that the charges were false; that Bhabani Babu should be examined; that the persons on whose report he had been charge-sheeted should be allowed to be cross-examined by him. He, thereafter, left the place. After that, the Employer made a resolution, Ext. K. The only ground for deciding to dismiss him was that he did not defend himself though given full opportunities. But that has not the way to hold a fair enquiry. It is first to be considered whether the charges are proved and not whether the employee has succeeded in proving those to be wrong. That shows that the domestic Tribunal proceeded on the assumption of his guilt and wanted him to prove himself not guilty. That was not a fair enquiry. This was a defective enquiry. On such enquiry dismissal must be held to be not justified.

Again, the employer in its letter Ext. 1, dated 20th September 1964,stated that he had rescinded his decision made on 10th November 1963 and had made a fresh decision on that date. But O.P.W.4 Uma Banerjee stated that Sukumar was not called to be present in that meeting. He was not given any notice of the enquiry. So, that was really no enquiry. In that enquiry also no witnesses were examined or no documents were placed to establish the charges against Shri Nag. It is thus clear that the dismissal sought to be justified on the resolution Ext.L of 29th September 1964 cannot be held to be just. The Tribunal decides that the dismissal of Shri Nag on the basis of the resolution of the Employer is not justified.

In view of the above decision, it is to be considered whether the Employer has by evidence proved the charges before this Tribunal. The charges are, as seen from Ext.B, that he absented himself from duty without notice from 3rd October 1962 and that his such unauthorised and unnotified absence affected smooth running of work in the office and that he intentionally left many papers unattended to for long time and that his conduct subverted the office discipline. In his reply Ext. D, he did not dispute that he absented himself from office from 3rd October 1962 to 25th October 1962. But his plea was that he applied for leave and that he was compelled by his illness to be absent from office on 3rd October 1962 and thereafter. He stated in his reply to the other charges that he wanted copies of relevant documents. The question is whether his absence from office was unauthorised and unnotified and whether that subverted the discipline of the office and affected the smooth running of the business of the office. Shri Nag's leave application is Ext. A/1 . It is dated 14th October 1962. It reads as if it is an application for leave from 15th October 1962 to 21st October 1962. It recites that the applicant is suffering from severe Influenza and that he will be a medical certificate for the same , if needed. Shri Nag admitted in his evidence before this Tribunal that

he left Birnagar on 5th October 1962 and that he was away from Station till 24th October 1962. He further stated that he did not attend office on 3rd October 1962. He did not say that he made any application for leave for that day. He went to his office on 25th October 1962 and produced a medical certificate, Ext.C/1. It is dated 16th October 1962 and was given by a Doctor of Alipurduar. It is not from any Doctor of Birnagar. It does not make any mention of illness before 14th October 1962. The Doctor certified him to be ill from 14th October 1962 and advised him rest for about 10 days. So this certificate is not any proof of his illness before 14th October 1962. He was at Birnagar on 3rd October 1962 and 4th October 1962 but did not make any application for leave before leaving Birnagar on 5th October 1962. Here Shri Nag P.W.1 stated that he fell ill on 3rd October 1962 or 4th October 1962. The Tribunal does not believe this evidence . If he had been ill on 3rd October 1962 or 4th October 1962, he would have applied for leave before going to Alipurduar. He unauthorisedly remained absent on 3rd October 1962 from office. On a mere visual examination of the petition Ext.A/1, it is satisfactorily proved that the dates 15th October 1962 and 21st October 1962 on it are not in the handwriting of Shri Nag. He, no doubt, stated here that he put those dates. This cannot be true. Had he put the dates before sending it out, he most likely would have addressed it to the Chairman and would not have sent it to Bhabani Babu as he did. Again, it is proved that the Chairman and Bhabani Babu made endorsements Ext. F and Ext. A/2 on the back of this petition, Ext. A/1. It is clearly proved from those endorsements and the evidence of Akshoy, O.P.W.2 that Bhabani Babu wrote those dates on Ext.A/1. The falsity of the statement of Shri Nag on this point is evident from the medical certificate, Ext. C/1. This medical certificate was written out on 16th October 1962 and was not certainly in the hand of Shri Nag on 14th October 1962, when he wrote this application Ext. A/1. That being so, he could not have put in dates on it. The Tribunal is satisfied that he sent his application for leave without dates and that the dates were later on put on it by Bhabani Babu to whom he sent that. It is clear from this that Shri Nag wilfully and for no reason whatsoever, absented himself from office from 3rd October 1962 to 24th October 1962 and that he, with prior design, to cover up his such absence, sent an application for leave with blank dates to another employee. The Tribunal holds on the evidence that Shri Nag absented himself from duty without notice from 3rd October 1962 and that he did not notify it to his Employer and that the result of his such act affected smooth running of the office and was certainly an act subversive of the discipline of the office. The Tribunal holds this charge proved and decides that the order of dismissal of Shri Nag on that charge is justified.

As to the other charge that he left a large number of papers unattended before absenting himself from office from 3rd October 1962, it is seen that the particulars of the papers, so left unattended, are not in the charge, Ext. B. But it is seen that Shri Nag wanted time before the Employer to see those papers and that the Employer gave him that opportunity by adjourning its enquiry from 20th October 1963 to 20th November 1963. It is again seen from the letter Ext. E that Shri Nag admitted that he had examined those papers. No doubt, here Shri Nag P.W.1 stated that the letter Ext. E was taken from him by force. This the Tribunal finds as not true. On the same date, he gave another petition Ext.C. Had he been compelled to sign Ext.E, he would have then and there made such a complaint. He also did not make any complaint about that at any time before hearing in this Tribunal. He stated here that he did not complain to anyone before that the said statement Ext. E was taken from him by force. O.P.W.1 Debi and O.P.W.4 Uma who were present there on 10th November 1963 said that this statement was not taken from him by force. The Tribunal prefers this evidence to that of Shri Nag. It is also improbable that an employee, who is as literate and watchful as Shri Nag, will have signed any paper under compulsion or force. The several letters he wrote to the Employer shows how watchful and careful he is. The Tribunal decides that Shri Nag examined all the papers he needed to see. It appears from the bunch of letters Ext. G that quite a large number of papers were left unattended and so noticed by Debi, O.P.W.1 when he joined the post in the absence of Shri Nag. Debi reported the state of things by two letters Exts. J and I/1 on 18th November 1962 and 20th November 1962 to the Chairman. It appears also from the endorsement on Ext. I that the the Chairman wanted to know why so many papers had been left unattended and the Head Clerk noted that those were given to the second clerk and he should have kept them in respective files as a matter of his duty. Shri Nag in his evidence stated that he was second clerk of the Municipality and that he used to do those work only which the Head Clerk asked him to do. He stated that the office rule was that the clerk who dockets letters is to place those before the Chairman. He was shown the bunch of letters Ext. G series. He said that he would not be able to say if he docketed those letters without seeing the docket register. On those letters date and number are found written in ink at the top. It was possible to say from those, whether he docketed those letters. The Tribunal believes the evidence of Debi, O.P.W.1 and Mahim, O.P.W.3 and holds that Shri Nag did not attend to the papers and that he was neglectful in his duties in keeping those papers unattended when going away from office. This certainly affected smooth running of business of the office and is also against office discipline. The Tribunal holds on the evidence that the charge is proved and the dismissal on that charge is also be justified. In view of the above conclusions, the Tribunal is of the opinion that the dismissal of Shri Sukumar Nag is justified and that he is not entitled to any relief.

In the result, the Tribunal answers the first part of the issue in the positive and the second part in the negative.

AWARD

The Government of West Bengal in its Labour Department order No. 682-I.R./IR/11L-156/65, 22nd February 1966, referred for adjudication under section 10 of the Industrial Disputes Act, an industrial dispute between Messrs. Modern Industrial Co-operative Society Ltd., hereinafter referred to as the Society, and their workmen represented by Nadia Zilla Tant Karmi Sangha, hereinafter referred to as the Sangha. After receipt of this deference, the Tribunal issued notice to both the parties. Both entered appearance. The Sangha filed its statement on 22nd April 1966. A copy of the same was made over to the Society. The Society took several adjournments but did not file any statement. Subsequently they did not even take steps and remained absent without explaining its absence. The Tribunal fixed 23rd August 1966 for hearing. On that date, the Sangha came ready and the Society's learned representative Shri A. Sarkar stated that he had not received any instruction to proceed with the matter. The Tribunal in the circumstances, proceeded to hear the matter in the absence of the employer Society.

Facts may be briefly stated. Shri Digen Das and Sm. Sefali Rani Shome were two permanent employees of the Society as Weaver and Winder respectively. Both of them were active members of the Sangha. The Sangha submitted a charter of demands. The Society was dissatisfied with the Sangha members and threatened them with dismissal. Shri Digen Das went home on leave from 8th July 1964 to 27th July 1964, on account of his mother's death. He reported for duty on 28th July 1964 but was refused employment without disclosing any reason. He informed the Sangha about this on 3rd August 1964 and requested it to see that he could get back his job. The Sangha accordingly requested the Society but without any result. The Society was similarly harassing Sm. Sefali Rani Shome for her Sangha activities. She wrote to the Society not to harass her. When she went to her work on 29th July 1964, she was told that her services had been terminated. She was not told any reasons therefor. She approached the Sangha for that. The Sangha approached the Labour Officer. There was an attempt of conciliation by him but nothing resulted. Thereafter this reference was made.

The issue is:—

Whether the termination of service of Shri Digen Das and Sm. Sefali Rani Shome is justified? To what relief, if any, are they entitled?

The Vice-President of the Sangha gave evidence before the Tribunal. It appars from his evidence that Shri Digen Das remained on leave from 8th July 1964 to 27th July 1964, and that when he reported for duty on 28th July 1964, he was refused employment and was not allowed to work. It is also proved by him that Sm. Sefali Rani Shome reported for work on 29th July 1964 and was refused work without any reason being communicated to her. The Tribunal has nothing to disbelieve his evidence. The Tribunal is satisfied on the evidence that the Society has wrongly refused employment to Shri Digen Das from 28th July 1964, and to Sm. Sefali Rani Shome from 29th July 1964.

It is the case of the Sangha that the Society had terminated the services of the two persons because of their Sangha activities. It appears from Ext. 1, dated 5th June 1965, that the Sangha submitted a charter of demands to the Society. It is also seen from letter Ext. 3 that Sm. Sefali Rani Shome complained of harassment by the Society and offered to render services as asked for. Shri Digen Das and Sm. Sefali Rani Shome, by letters Exts. 2 and 4, dated 3rd August 1964, informed the Sangha of the wrongful dismissal. The Tribunal is satisfied from the evidence that the Society had victimised these two persons for their trade union activities and for no other reasons. The Tribunal decides that the termination of service of these two persons is unjust and each of them is entitled to be reinstated.

Accordingly, the Tribunal answers the first part of the issue in the negative and directs the Society to reinstate Shri Digen Das and Sm. Sefali Rani Shome and pay back wages to Shri Digen Das from 28th July 1964 and Sm. Sefali Rani Shome from 29th July 1964.

In the matter of an application under section 33A, Industrial Disputes Act, by Shri Kishonedeo Majhi of 8/3 Tincowri Bose Lane, Salkia, a workman of Messrs. Hindusthan Engineering Works, 6 Munshi Zular Rahim Lane, Howrah, against his employers. (Case No. 35 of 1966 under section 33A.)

Judge, Seventh Industrial Tribunal.

AWARD

The substance of the complaint made by the applicant workman, Shri Kishonedeo Majhi, in the present application under section 33A, IndustrialDisputes Act, is that the Management of the Company got annoyed with him for being an active member of Howrah District Engineering and Metal Workers' Union and it vented its displeasure by throwing him out of employment on 18th March 1966 without any notice and without any chargesheet whatsoever by way of victimisation. In so victimising the workman, the Company contravened the provisions of section 33, Industrial Disputes Act, which applied to the case because the adjudication proceedings of another dispute between the Company and its workmen referred to this Tribunal by Government order No. 3537-I.R., dated 6th August 1962, were then pending.

On being served with notice of the appication, the Company appeared and filed its written statement denying the allegatins made by the workman and contending that he was not thrown out of employment on 18th March 1966, as alleged, but he is still working in the factory and so, the present application cannot lie.

After preliminary proceedings the cae was fixed for hearing on 28th July 1966. On that date neither party appeared and no step was taken on behalf of either party. The Tribunal *sue moto* adjourned the case to 20th August 1966 in order to give the parties another chance to appear for the hearing of the case. On 20th August 1966 both parties were absent without taking any step. This conduct on the part of the parties clearly indicates that they are not keen on adjudication of the dispute and they have given up the dispute which has thereby ceased to exist. In the circumstances, the Tribunal has no other alternative but to make a 'no dispute' award in the case.

In the result, I make a 'no dispute' award in the case.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by one Shri Banchanidhi Swain, an employee of Messrs. Calcutta Silk Manufacturing Company Ltd. This complaint was initially filed in the First Industral Tribunal and had been received on transfer under Government order No. 2415-I.R./IR/8L-15/64, dated 16th June 1966. The complaint is that the employer has verbally terminated his service by way of punishment in contravention of section 33(2)(b) of the Industrial Disputes Act during the pendency of other disputes between the employer and their workmen in the reference made by the Government of West Bengal in its Labour Department order No. 4564-I.R./IR/8L-15/64, dated 30th September 1964, to the First Industrial Tribunal. The employer contests the complaint saying that the application is not maintainable in law and that the employer has not terminated his service but that the employee has left his service of his own accord.

An application under section 33A may lie if it is proved that the employer has contravened any of the provisions of section 33. It is said by the workman that the employer has contravened section 33(2)(b) of Industrial Disputes Act. There is no dispute that an industrial dispute over other matters between the employer and thier workmen was referred to the First Industrial Tribunal by the Government of West Bengal under section 10 and that during the pendency of the said proceeding for adjudication, this workman went home applying for leave and on his return from home, was not allowed to join his post. The workman's case is that the employer has terminated his service by way of punishment. The employer's case is that it has not terminated the workman's service but that he has wilfully given it up. A further plea of the employer is that the termination of employment, even if made by him, is not for any misconduct and as such, it is not any contravention of section 33(2)(b). Facts, not in dispute, are these :—

Shri Banchanidhi Swain was a Mali under the employer. By Ext. N, dated 30th January 1965, the employer gave him a charge-sheet asking him to submit his explanation within 24 hours. He submitted his explanation by Ext. O, dated 3rd February 1965. On the same date he submitted an application for leave Ext. L annexing two telegrams, Ext. J and Ext. K., dated 1st February 1965 and 2nd February 1965. He left for his native place in the district of Cuttack, Orissa, before any orders on his application for leave were passed. He applied for 45 days' leave. He reported to his employer on 19th March 1965 to rejoin his duties. He was not allowed to join. The worker states that this refusal of employment to him on 19th March 1965 amounts to termination of service by way of punishment. The employer however states that the workman was informed after he left for home, at his home address by several letters between 3rd February 1965 and 19th March 1965 to come back and join his duties and that he, not having complied with those orders, proved his intention to quit the job. It is difficult to accept the employer's version. It is quite clear from the several letters that passed between the employer and the workman during that period that the workman in all his replies stated that he would join his post. He did not, at any point

of time, say that he was not willing to join his employment. Reference may be made to those letters. Before Shri Banchanidhi Swain left for home on 3rd February 1965. he was informed by the notice Ext. M, dated 3rd February 1965, that enquiry into the charge-sheet, Ext. N, would be held on 8th February 1965. He was informed by letter Fxt. G, dated 9th February 1965, that his application for leave submitted on 3rd February 1965 with two telegrams had been refused. He was also directed to join his duties within 3 days of the receipt of that letter. No reply came from Shri Banchanidhi Swain. He also did not join his post. By letter Ext. F, dated 26th February 1965, the employer again asked him to join within 3 days of the receipt of that letter. He was also asked to submit an explanation as to why he had not complied with the orders in the letter Fxt. G, dated 9th February 1965. This brought forth a reply from Shri Banchanidhi Swain Ext. E, dated 15th February 1965, posted on 27th February 1965. He stated in this letter that it was not possible for him to join as directed. He stated also that he would join prior to expiry of the leave applied for. The employer promptly wrote back to him by Ext. D, dated 4th March 1965, saying that they were not satisfied with the contents of his letter Ext. E. It was also stated in the letter that his name would be stuck off the muster roll and he would be deemed to have left his service of his own accord. Shri Banchanidhi Swain sent a reply to Ext. F by his letter Ext. C, dated 5th March 1965. He stated there that he would rejoin his post with expiry of the leave of 45 days. It is the case of the employer that they wrote another letter Ext. B/2, dated 16th March 1965, to him finally informing him that if he failed join his duties within 3 days within receipt of that letter, the employer would presume that he was not interested in his job and would treat him as having left the job of his own accord. Shri Banchanidhi Swain reported to the employer on 19th March 1965. These letters satisfactorily show that Shri Swain at all times told his employer that he was interested in his job and would join it. It cannot be said on these letters that he wilfully quitted the job. The Tribunal, on the evidence, holds that the case of the employer that the workman Shri Swain left his job of his own accord, is not proved or true. It is proved that Shri Swain was refused work when he reported to join on 19th March 1965. This the Tribunal holds as a punishment by way of refusal of employment.

It is said that the workman has to prove that this punishment by way of refusal of employment was given for misconduct. There is little doubt that the punishment by refusal of employment was given for wilful insubordination or disobedience of the employers' orders to rejoin his duties as directed in the letters Exts. G, F and B/2. Disobedience or wilful insubordination is a major misconduct meriting dismissal, vide para. 18(k) of the Certified Standing Orders, Ext. P. It is also clear from the same letters that the employer treated this conduct on the part of the workman Shri Swain as misconduct as the employer called for his "explanation." In Ext. F, he was asked to submit "explanation" in the last paragraph. In Ext. B/2, dated 16th March 1965, he was asked to submit "explanation" for continuing in unauthorised absence and for not "complying" with the direction to rejoin, vide para. 2 of the letter. In fact, the employer rested his case of termination of this workman's service on the fact that he failed to satisfy the management about his unauthorised absence. This is evident from the 12th line of first paragraph of Ext. B/1. The Tribunal holds on consideration of the evidence that the employer had punished the workman by refusal of employment to him for his misconduct. The Tribunal accordingly holds that the employer has contravened section 33(2)(b) of Industrial Disputes Act. The Tribunal decides that the application under section 33A is maintainable.

It was next conterded by the employer that the application under section 33A would not be adjudicated upon as the applicant was a Mali and as such, not a workman as defined in section 2(s) of Industrial Disputes Act. The Tribunal rejects this contention. It has been ruled in several cases by the Supreme Court that a Mali in a Industry is a workman. Reference may be made to the case reported in 1963 F.L.R., Vol. VII, page 289. (October issue).

In view of the above conclusions, the complaint has to be adjudicated upon. This is easy of decision. Undisputedly, the employer did not hold any enquiry though, as it had already been pointed out, the workman was asked to submit explanation for his unauthorised absence and for this non-compliance with the employer's orders to rejoin within fixed time. That being so, the termination was not justified and was certainly an instance of victimisation and *malafide*. The result would be that the employer should be asked to reinstate him. But it would be open to the employer if he so chose, to start a proper disciplinary proceeding and to proceed with it against the workman for these alleged misconducts. It has been held in 1962 F.L.R., Vol. IV, page 247 that the Industrial Court has the right to enquire into the cause that might have led to the termination of service even if there was any provision in the Standing Orders for such termination and if it was satisfied that the action taken up under such a rule was a colourable exercise of power and was not *bona fide* or was a result of victimisation, it would have jurisdiction to intervene and set aside such termination. Here, it is clear to the Tribunal that the management acted *malafide*. It will be appropriate to consider here the contention of the employer that the Tribunal might hold that the workman had not made out any case of reinstatement even if the employer had failed to prove that the workman quitted the job of his own will because para. 13(d) of the Ext. P entitled the employer to so terminate his service. Para. 13(d) is of no help to the employer. This para. provides that "if an 'Operative' absents himself in excess of the period of leave granted, without obtaining previous sanction for extension of leave the company will have the right to dispense with his services without notice or payment of wages in lieu of notice." The instant case does not come within the language of that para. Here, no leave was granted. So there was no question of the operative overstaying the leave granted. Besides, this only entitles the employer to "disperse" with his services. The question is whether the employer has dispensed with his services or not. There is nothing on record to show that the employer has dispensed with the services. It has been the stand of the employer that he has not dispensed with the services of the employee but that the employee himself quitted the job. This is again quite clear from the last letter of the Company Ext. A, dated 25th March

1965. A portion of the letter may be quoted. It reads —"The management after considering all the relevant facts took a lenient view into your case and decided to keep you in the employment as a fresh employee." Again it stated—"If you do not join our duties immediately you expose yourself to 'further' misconduct." This shows that the employer decided to keep him in employment. A person who is being given apointment and has not yet joined, cannot expose himself to any misconduct before joining or for not joining his post. But it was stated that if he did not join his post, he would be liable for misdonduct. That also shows that the employer treated Shri Swain as in employment even on 25th March 1965. So, the employer cannot say that the service of Shri Banchanidhi Swain has been terminated in accorance with para. 13 before 19th Mach 1965 when he admittedly reported for duty and was not allowed to join. In view of this, the Tribunal will allow the complaint and grant relief to the workman. It is accordingly ordered that the complaint is allowed. The Tribunal directs that the employer reinstates Shri Banchanidhi Swain on his reporting to duty within 15 days from the date of this order. It is made clear that this adjudication will not stand in the way of the employer starting a proper disciplinary proceeding against Shri Swain for his misconduct alleged to have been committed by him by not reporting to duty on being directed and for not explaining his unauthorised absence from 4th February 1965.

This is the award.

AWARD

By order No. 4107-IR/IR/10L-47(B)/63, dated the 30th September 1963, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. National Iron and Steel Co. Ltd., P.O. Belurmath, Howrah and their workmen represented by Nisco Karmachari Sangha, 38 Ramnabami Tala Lane, Bally, Howrah, regarding the matter specified in the Seehedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-IR/IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the suspension of Shri Ram Roy for an indefinite period is justified? To what relief, if any, is he entitled?

It is not disputed that the concerned worker Shri Ram Roy, was charge-sheeted by Messrs. National Iron and Steel Co. Ltd., hereinafter referred to this award as the company, on 21st August 1962 and suspended from service with effect from that date pending enquiry into the charge-sheet. Further undisputed facts are, on the findings of a domestic enquiry into the

said charge-sheet, the company had dismissed Shri Ram Roy from service and subsequently obtained under section 33(2)(b) of the Industrial Disputes Act, 1947, this Tribunal's approval of the action taken by it against Shri Ram Roy by way of dismissal. Therefore Shri Ram Roy raised an industrial dispute over the validity of his suspension pending the enquiry and the said dispute was referred to this Tribunal for adjudication of the issue set forth above.

It is now contended by Shri Roy that as the company has no standing orders of its own, it was not competent to suspend him from service pending enquiry into the charge-sheet and that accordingly the company's order suspending him from service pending enquiry into the charge-sheet was illegal and without jurisdiction, and he is entitled to full wages for the entire period of his suspension.

The company resisted the claim of Shri Roy on the ground that it has a valid standing order under the Industrial Employment (Standing Orders) Act and that under the said standing orders, it has every jurisdiction to suspend him from service pending enquiry into the charge-sheet issued to him. In support of its case company relied on the standing order marked Ext.K. Under sub-rule (b) of rule 4 of Appendix 'D' to the Standing Orders a workman charged with Major Misdemeanour may be suspended forthwith from duty for the alleged misconduct pending enquiry or final disposal of his case. As it is not disputed that Shri Ram Roy was dismissed on a charge-sheet for gross misconduct as defined in Appendix 'D', if, Ext.K is really the standing orders of the company, Shri Ram Roy's contentions against the order suspending him from service pending enquiry into the charge-sheet, must be overruled. Suspension is not punishment. It is only an interim measure lasting till the Tribunal passes orders on the application under section 33. If the permission is accorded, the workman would not be paid during the period of suspension, but if permission is refused he would be paid for the whole period. (Laxmi Devi Sugar Mills case reported in 1957 (I) L.L.J.17). The above principle would apply only where section 33 would be applicable. Accordingly Shri Roy's prayer for declaring that the order suspending him from service was illegal and unjust and for directing the company to pay him compensation for the period of suspension must be rejected if Ext. K is the standing order of the company. This Standing Order Ext. K was not, however, in the name of the company but was Standing Orders for manual workmen in the Engineering Industry certified on the application of Engineering Association of India. Nowhere in Ext. K the name of the present company has been specifically mentioned and it was accordingly argued on behalf of Shri Ram Roy that this standing order is not the standing order of the company. This contention on behalf of Shri Roy cannot be accepted if we consider the evidence of D.W.2 Shri S. K. Asthana, Labour Adviser of the Engineering Association of India and the several documents marked on behalf of the company. In course of his evidence before this Tribunal Shri Asthana stated as follows :

> "In 1948 on behalf of some of our member firms we had the standing orders certified. The Standing Orders were again amended in 1946. The amended standing orders were duly certified under the Standing Orders Act. This was on 10th February 1956 After the first standing order was certified the Award of the First Engineering Tribunal was passed. In the same award some modifications of the standing orders were suggested and accordingly on 21st January 1954 after observing the formalities we submitted the standing orders after necessary modifications for certification. This letter marked Ext. D was the letter I sent to the Certifying Officer in connection with the certification of the modifications of the standing orders. On behalf of the Association I was personally handling this modification and certification also. Along with this letter Ext. D which was sent under my signature were sent 53 sets of draft standing orders of 5 copies each and the letters of authority of the 53 Member Firms together with members' declaration that they would abide by the standing orders or any modifications thereto and statements in Form A. Sometimes in August 1954 I sent to the Certifying Officer a letter. This letter is marked Ext. E together with declarations and statements in Forms A/1 and A/2. This Ext. E refers to 39 members. In August 1954 I sent this letter Ext. E/1 under my signature together with statements in Forms A and A/1 with respect to six other members. The revised list of members as on 10th August 1954 was 45 as against the original number 53. Amongst this 45 was National Iron and Steel Company. Sometimes in January 1955 Shri A. R. Ghosh, Assistant Labour Commissioner in-charge of the standing orders, forwarded under section 5 of the Industrial Employment Standing Orders Act copies of the Draft Standing Orders submitted by us to the Federations of Unions of labour, inviting objections and comments on them. A copy of the draft was also sent to Belur Iron and Steel Workers' Union who represented National Iron and Steel Company, National Screw and Wire Products and National Structural Ltd Workworkers inviting objections and comments.
>
> Belur Iron and Steel Workers' Union in due course submitted their comments. A copy thereof was sent to us by Shri A. R. Ghosh. This was the said copy under the signature of Shri Abani Mukherji, the then Secretary of the Belur Iron & Steel Worker's Union. I am conversant with his signature. Document marked Ext. J. Under the Standing Orders Act objections submitted by the unions are sent to the company for inviting objections from the company's association, if any. Under this procedure copy of the union's objections was sent to us. In reply to the union's objections our Association submitted these objections which were forwarded under my signature.
>
> On these comments and counter-comments representatives of the Association and the representatives of the different unions were

heard by Shri A. R. Ghosh and Shri S. N. Chatterji, in whose chamber, over these discussions, were held. In these discussions, Shri Abani Mukherji, was all along present. Sometimes Shri Patit Paban Pathak attended the discussions on behalf of Belur Iron and Steel Workers' Union.

After the discussions on the comments and counter-comments we got final communication from Shri A. R. Ghosh forwarding certified and authenticated copies of the standing orders in February 1965.

This was the letter Ext. 1/2.

On receipt of this letter Ext. 1/2 our Association sent to each of the member firms a copy of the certified and authenticated standing orders with a direction to paste it on the notice-board and report its compliance. "We also advised them that the standing orders would come into force after the expiry of 30 days i.e. 10th March. The standing order was to be effective on 10th March 1956. This is the authenticated copy of the standing order sent to us by Shri A. R. Ghosh. Standing order marked Ext. K. Copies of this standing orders were printed for distribution amongst the member firms subsequently. This standing orders of 10th February 1956 have not up till now been modified."

The evidence of D.W.2 as quoted above and the documents referred to by him in course of his evidence which documents are exhibits in the case, prove that in the matter of certification of the standing order, the mandatory provision of section 5 of the Industrial Employment (Standing Orders)Act, 1946, were followed in letters. This standing order Ext. K was certified on 10th February 1956 and it is not disputed that nobody has up till now filed any appeal against the standing orders. The validity and legality of the standing orders Ext. K drafted on the lines of the Model Standing Orders as given in Schedule I of the Industrial Employment (Standing Orders) Rules, 1946, cannot, therefore, be doubted in the least. As a matter of fact, the union's lawyer also has not in course of his argument before theTribunal, made any comment regarding the validity or legality of the standing orders. He simply argued that Ext. K was not taken out also for the company but this argument cannot also be accepted if we refer to the evidence of Mr. Asthana as also to Exts. D, D/2, series of letters of authority including one by the company, statements in Form A/1 and Form A/2 by several companies including the present company annexed to Ext. E, Ext. J and J/2 objections filed by Belur Iron and Steel Workers' Union before the Certifying Officer in connection with the certification of the standing orders marked Ext K. These Exts. J and J/2 it may be observed in passing, were filed by Shri Abani Mukherji, the then Secretary of the Belur Iron and Steel Workers' Union according to D.W.2. This Abani Mukherji was not, however, called as a witness for the concerned worker to refute D.W.2's statement that these Exts. J and J/2 were under his signature and that he had taken part in the deliberations before the certifying officer over the standing orders, Ext. K. On the basis of these documents Exts. J and J/2 and the other documents referred to above and the oral evidence of D.W.2 Shri S. K. Asthana, it must be held that Messrs. National Iron and Steel Company was one of the members of the Engineering Association on whose behalf Shri Asthana has submitted to the certifying officer and Labour Commissioner, West Bengal, draft standing orders under letter, dated 21st/22nd January 1964, marked Ext. D in the case. There cannot, therefore, be any reason to doubt the company's contention that it was one of the members on whose behalf the Engineering Association has applied for the certified standing orders and got the certified standing orders marked Ext. K in the case.

The concerned worker's contention that Ext. K was not taken also for the company cannot, therefore, be upheld.

It was next contended on behalf of the concerned worker that even if the company was one of the members on whose behalf the association has submitted the joint draft, the certified standing orders Ext.K was not according to law inasmuch as the Association has no legal authority to submit such a draft on behalf of the company. This argument on behalf of the worker cannot also be accepted if we refer to section 3 of the Industrial Employment (Standing Orders) Act, 1946. This section deals with "submission of draft standing orders" and sub-section (4) of section 3 provides, "Subject to such conditions as may be prescribed, a group of employers in similar industrial establishments may submit a joint draft of standing orders under this section."

The Engineering Association, as its name connnotes, is an Association of concerns engaged in the engineering industry and Messrs. National Iron and Steel Company is such a concern. In other words, Engineering Association of India only represents a group of engineering concerns and under sub-section (4) of section 3 of the Industrial Employment (Standing Orders) Act it has every right to submit a joint draft of standing orders on behalf of its members including the National Iron and Steel Company.

In view of the foregoing discussions it is held that the concerned worker's contention that Ext. K is not the standing orders of the company cannot be accepted and it has already been observed above that under the Standing Orders suspension of Shri Ram Roy pending enquiry into the charge-sheet against him was justified. The period of suspension no doubt was unduly long but this was due to the severe disturbances in the factory, subsequent to the suspension. There is, therefore, no reason to uphold the concerned worker's grievance against the order suspending him from service till enquiry into the charge-sheet for gross misdemeanour against him. The concerned worker's claim for a declaration that the order suspending him from service

pending enquiry was illegal and unjustified and for directing the company to pay him wages and other allowances or compensation for the entire period of suspension is accordingly rejected.

This is my award.

Present :

Fifth Industrial Tribunal.

Present for the Company : Shri A. Sarkar, Advocate.

Present for the Union : Shri Anil Das Choudhury, Advocate.

An industrial dispute existing between Messrs. Manbhum Motor Transport Co-operation Society Ltd., hereinafter referred to as the Society, and their workmen represented by Purulia Motor Majdoor Samaj, hereinafter called the Samaj, has been referred to this Tribunal for ajdudication under section 10 of the Industrial Disputes Act by the Government of West Bengal in its Labour Department order No. 316-I.R./IR/4L-46/65, dated 22nd January 1966. Shri Rajendra Nath Dey was appointed as a bus conductor by the Society on 29th February 1962. He was drawing a salary of Rs. 60 a month and a daily allowance of Rs. 2 in 1965. His employer is a Society registered under the Bengal Co-operative Societies Act, 1940 and is running bus service routes. For its business the Society has employed drivers, conductors, cleaners and clerks, etc. and their number was about 20 in 1965. Shri Dey performed his work under the Society up to 31st December 1964. He was verbally informed by the Secretary of the Society that his work was not satisfactory and he would not be allowed to work on and after 31st December 1964. He could not work from 1st January 1965. A few days after he received a letter from the Secretary, dated 18th January 1965, informing him that the Society in its meeting held on 27th December 1964 had discharged him from service for malpractice in consideration of the report of its Secretary in connection with his checking of the Society's bus No. WGW 106 on 19th November 1964. Shri Dey was not given any charge-sheet or letter asking him to show cause against the charge on any date. He did not get any opportunity to defend himself by meeting the charges. He was totally denied natural justice. He was illegally dismissed from service. It is also stated that no notice was given to the members of the Society before its meeting held on 27th December 1964, that the report of the Secretary, in connection with his checking of the bus on 19th November 1964, would be considered. Shri Dey was not given any copy of the Secretary's report. It was not even shown to him. The particulars of the malpractice for which he was stated to have been dismissed were not communicated to him, that the Society had victimised him and had reinstated in similar circumstances Shri Ghasiram Das, another conductor of the Society though the charges against him were graver. The Society did not tell Shri Dey as to the reasons for dismissing him from service even when he was verbally so told by the Secretary and even though he requested him to tell him the reasons. The workman after receipt of the Society's letter dated 18th November 1965, approached the Union to take up his case and the Union approached the Conciliation Officer. He failed to effect any conciliation whereupon this reference has been made. The Union prayed for reinstatement of Shri Rajendra Nath Dey with effect from 1st January 1965.

The Society in its statement submitted that Shri Dey was justly dismissed and that the reference was wrong and illegal and could not be adjudicated upon. The Society specifically stated that in 1963 Shri Dey was charge-sheeted for some misconduct and was found guilty and suspended. It has also stated that the was then finally reinstated on condition that he would be dismissed from service without notice if found to commit any misconduct later. The Society further stated that the Secretary made a surprise check of the motor bus No. WGW 106, in which Shri Dey was the conductor, while on route, after stopping it and found after checking in presence of the driver and conductor, that there were 29 unbooked passengers in the bus. It was later noticed, when the conductor came to deposit the sale-proceeds of tickets of that day, that he had made alterations in the ticket book. It is stated that Shri Dey was asked to explain his conduct for those and he admitted his misconduct and asked to be excused. The Secretary made a report of the incident to the Committee considering it in its meeting on 27th December 1964 decided to dismiss him with effect from 1st January 1965. The Secretary communicated that decision to the conductor orally. Later, Shri Dey applied for refund of his security deposit and took it from the Society settling his accounts with the Society.

It was denied that the Society had victimised Shri Dey or had dismissed him motivated by consideration other than real.

The issue is whether the dismissal of Shri Rajendra Nath Dey is justified and whether he is entitled to any relief.

Decision

Before proceeding to consider the matter on merits, it is necessary to adjudicate on the preliminary point raised by the Society saying that the reference was bad in law and as such, could bot be adjudicated upon. Five grounds were taken in support of the contention. It was firstly stated that the Society was not an industry. The Society has for its members, workers and users. Shri Rajendra Nath Dey is a worker member of the Society. Though a member he was also employed as a conductor of the Society. It is quite clear on the evidence of P.W.1 Shri Benoy Roy and O.P.W.1 Shri D. N. Misra, the Secretary of the Society that the four tests laid down by the Supreme Court in the case reported in 1960 (1), L.L.J., 251 have been satisfied. The Tribunal holds that the Society in running its motor transport business by carrying passengers from one place to another for gain on hire is an industry. It was next contended that Shri Rajendra Nath Dey being himself a member of the Society cannot be said to be a workman as defined in section 2(a) of the Industrial Disputes Act. This contention, the Tribunal notices, was not pressed at the hearing. A reading of the languages of section 2(a) clearly shows that Shri Dey is a workman having been employed in the industry to do unskilled manual work for wages. It is of no consequence that the workman is also a member of the Society. That does not make him any the less a workman of the Society. The Tribunal overrules this contention. It was next contended that the matter being a dispute between the Society and one of its members is not an industrial dispute. Industrial dispute is defined in section 2(K) of the Industrial Disputes Act. Clearly that definition makes this dispute an industrial dispute when the Society has been held to be an industry and Shri Dey has been held to be a workman. This contention is overruled. It was next contended that this, though a dispute, cannot be adjudicated by the Tribunal as section 86 of the Bengal Co-operative Societies Act, 1950, stands in the way. That section has no application. Section 86 of the Co-operative Societies Act relates to "disputes" as defined in the Act. This dispute is about reinstatement of an employee by the employer. Such a matter is not a dispute as defined in the Co-operative Societies' Act. The Tribunal overrules this objection. Lastly it is contended that the reference is bad as the Union at whose instance this reference has been made is not competent to raise or pursue the dispute on behalf of the members of the Society. There are several answers to this contenton. This reference was made on 22nd January 1966 i.e. after section 2A of the Industrial Disputes Act was introduced on 19th November 1965. It is clear that on the date of reference Shri Dey himself could have raised this industrial dispute even without the Union. It was contended however that section 2A, being prospective in operation, was not attracted here because the dismissal, which is the subject-matter of the reference, took place in December 1964 or January 1965 before the amendment. This contention is insured. Section 2A is prospective in operation. The question is whether at the time the reference was made Shri Dey could have raised it. On that date, section 2A was already enacted Therefore, this contention has to be overruled. Besides, there is enough evidence in this proceeding proving that Shri Dey is a member of the Union and that he requested the Union to take up his case and that the Union took steps in the matter by approaching the Conciliation Officer and in trying to get the matter settled with the employer. Shri Dey filed 3 receipts, Ext. 7 series proving that he is a member of the Union. The Society did not say why the Union could not represent the employees of the Society. There is nothing on record to show that the Union was not competent to raise the dispute. The Tribunal overrules this objection also and decides that the reference is good in law and has to be adjudicated upon. The Tribunal now proceeds to consider the matter on merits.

Shri Rajendra Nath Dey was an employee of the Society He was dismissed by the letter Ext. 1, dated 18th January 1965. Before issuing the letter, the Society admittedly did not give him any charge-sheet in writing, did not ask for his explanation about the charges, and did not intimate him that the Society would hold an enquiry in to the charge-sheet and did not ask him to attend the enquiry to defend himself or to produce his witness. A dismissal without a disciplinary proceeding or without any charge-sheet specifying the charges is certainly unjust. The Society relied on the resolutions of the meeting of the Managing Committee of the Society held on 27th December 1964 to contend that there was an enquiry and that after enquiry, Shri Dey had been dismissed. The minutes of this proceeding is recorded in the book marked Ext. 9. The agenda of the meeting is Ext. 6. This agenda does not show that any matter relating to Shri Dey or to any disciplinary proceeding against him is going to be discussed in the meeting. Again, it is seen that it is a meeting of the members of the Managing Committee of the Society and not a general meeting of all the members of the Society. Shri Dey is an ordinary member of the Society. It was not said or proved that he was a member of the Managing Committee of the Society. That being so, he was not informed that his matter was going to be discussed in the meeting of 27th November 1964. A matter not in the agenda was however discussed and decided by resolution No. 4 (II) of Ext. 9. It is noticed in Ext. 9 that the said matter was discussed, though not in the agenda, with the permission of the Chair and with the consent of the Directors present. Whether a matter can be discussed in that fashion or not need not be gone into. It is assumed that a matter, though not in the agenda, may be discussed. The question here was whether Shri Dey was informed that his case was going to be considered and whether he was asked to be present there and was given any opportunity to explain the circumstances, that was not done. So even if this resolution is taken to have been passed in a meeting, it cannot be said that it was a resolution passed after holding an enquiry. Again, the Committee considered the Secretary's report and took the decision. They

did not ask anybody anything about the report. They did not call witness. They did not examine documents. Admittedly, the report of the Secretary was not given to the employee. He was not aware of the contents. To say that there was an enquiry or to say that it was an enquiry fairly and properly held, is to set at naught all principles of natural justice. It appears that the Secretary was not present in that meeting. It is not clear from the resolution that the materials on which the Secretary made his report, were placed before the meeting. That is no enquiry. At the hearing the Society tried to say that the Secretary wrote his report on the day of his check on 19th November 1964 and that he wrote out and communicated the content of his report to Shri Dey in his office. This is not correct. Had it been so, there would have been mention of that fact in the long written statement of the Society filed in this case. It is nowhere stated that the report was drawn up by the Secretary in presence of Shri Dey or that it was communicated to him. The oral evidence on this point is also unsatisfactory and cannot be relied on. Shri Misra O.P.W.1 stated that he wrote out the report in presence of Shri Dey and read it out to him. He further stated that he then asked Shri Dey if he had anything to say and that Shri Dey replied that he had nothing to say and that he requested Shri Misra to excuse him. He stated that Rohini Babu was present there at that time. Rohini Babu came as P.W .4. He said that the Secretary wrote out the report before Rajen Dey came. He again said that he left before the Secretary could finish the reading of the report. On this evidence the Tribunal cannot say that the Secretary communicated the contents of his report Ext.8 to Shri Dey. This attempt was made to show that Shri Dey was communicated the charges against him and was asked to reply to the same. This attempt has failed. The Tribunal decides that the contents of the report Ext. C were not communicated to Shri Dey and that he was not asked to explain. In the result, the Tribunal decides that there was no enquiry into the alleged misconduct of Shri Dey and that his dismissal by the resolution in that meeting of the Managing Committee held on 27th December 1964 was not just.

As the Tribunal has held that there was no enquiry and that the dismissal of the employee was not justified, it has to consider whether the Society has proved the charges against Shri Dey here by evidence. The difficulty in this respect is that there are no charges. So it is not possible for the Tribunal to consider whether the charges have been proved or not. When confronted with the situation the Society stated that the charges were there in the letter of dismissal, Ext. A. Let the document be examined. The document Ext. A does not show any charges, far less the details. It is only stated there that malpractices have been proved. What the malpractices are and how those have been proved are not seen from the letter Ext.1. To expect anyone to meet such charges is to expect impossible. If the report Ext.6 is read, an idea as to what the charges are may be had. It appears from this report Ext. 6 and the oral evidence of O.P.Ws.1, 2 and 3 that on 19th November 1964 (in the report Ext. 6, the date was written as 29th November 1964 and not 19th November 1964) the Secretary stopped the Society's bus No. WGW 106 at Gobag at 11-30 a.m. and found on check that there were 21 unbooked passengers inside the bus. So, what was noticed was this that the conductor had not till that time issued tickets to those 21 passengers taking the fares. It was not proved by any evidence here that any of those 21 passengers was allowed to travel free till the end of his destination or that the fares were not realised from any one of them. O.P.W.1 stated here that he asked some of the passengers in the bus and they said that they had paid fares to the conductor and had not got the tickets. But this evidence was not supported by any of the other two witnesses O.P.W.2 or O.P.W.3. Neither his report Ext. 6 nor the written statement filed here gives any support to this evidence. The Tribunal finds it not possible to accept that evidence as true. The Tribunal does not accept that evidence as true. It appears further from Ext.6 that the conductor altered certain writings on the counterfoil of ticket No. 78040 of his ticket book, Ext. 7. It is seen that there are alterations of the writing on that ticket. If it is accepted that the conductor made those alterations, the question is whether that by itself is a misconduct that may entail dismissal? It is not said or proved that a conductor is not permitted to make changes in his ticket book if it is necessary. It is certainly true that there may be mistakes in writing tickets. A conductor will certainly in such cases make correction, that by itself is not any offence. It is not said or proved that the conductor by making this alteration made any profit for himself or caused any loss to the Society. That being so, the Tribunal cannot say on the evidence that any misconduct has been proved against the employee, Shri Dey. Many overwritings are noticed even in the Challan, Ext.3 which the conductor wrote and submitted to the Secretary that day. The mere fact of alteration is not anything to charge the conductor with misconduct. Be that as it may, the Tribunal finds that there are no charges against the conductor and the question as to whether the charges have been proved by evidence before the Tribunal does not arise. Even if it had arisen, the Tribunal would have held that the Society had not proved the charges. The Tribunal, therefore, shall hold that the dismissal of Shri Dey is not justified.

The next question is what relief the employee is entitled. Normally when the dismissal is held not justified, the workman is entitled to be reinstated with back wages. But here the case is quite different. It appears that on a previous occasion in 1963, this conductor was given a charge-sheet and there was an enquiry into the matter, vide Ext. 4. There his explanation was called and it was considered. His explanation on that occasion was Ext. 2. After his explanation in reply to the charge-sheet, an enquiry committee was formed and they made enquiry and gave a report, Ext. 4. Ultimately he was reinstated and allowed to join on 17th March 1964, vide Ext.A. There is also evidence that there was once a check of the bus in charge of the conductor by a Police Officer and he made a report to the local S.D.O. who happened to be the Chairman of the Society. It is also clear that the Society has not any faith in this conductor's honesty in the matter of realising fares from passengers. It is because of this that the Society held a surprise checking of the bus by its Secretary. It is also seen that the dismissal in this particular case has been held to be not

justified on merely technical grounds. In the circumstances, the Tribunal does not think that it would be proper in the interest of industrial harmony and good relations between the Society and its employees, to order reinstatement. It would be adequate if he is paid some compensation. The Society gave evidence that Shri Dey had got himself employed under another Bus Company soon after his dismissal. But the evidence on the point is unsatisfactory. It was said that he had got himself employed under Shyam Bus Company of the same locality. If it were so, it was certainly expected that there would have been mention of it in the written statement of the Society or this society would have called evidence of that Company to prove that fact. When Shri Dey was deposing here he was not asked about it. The Tribunal does not accept that Shri Dey has got himself employed elsewhere soon after his dismissal from this Society. The Tribunal is of the opinion that a sum equal to 3 months of his wages would be adequate compensation in this case. The Tribunal shall order accordingly.

Before parting with the matter it is necessary to record another contention of the Society. It is contended that the dismissal of Shri Dey was justified as under the contract of employment he was liable to be dismissed even without enquiry. This contention was made for the first time at the hearing and was not mentioned even in this written statement. As it has been made, the Tribunal proceeds to consider it. On Ext. A, Shri Misra, O.P.W.1 made an endorsement to the effect that it was resolved in the meeting that Shri Dey would be discharged from his service without any notice if he was found to have committed the same type of offence and for malpractice or misendeavours in future. That is also in the resolution book. It is not said or proved that any copy of that resolution was given to Shri Dey to accept that condition. It appears from the endorsement of the Secretary, Ext.A, that Shri Dey got notice of that resolution on 17th March 1964 while rejoining after suspension. But it does not prove that Shri Dey would be dismissed from service without any enquiry or without any mention to him of the malpractice or misendeavours. What was stated in that resolution on 5th January 1964 was that if he committed the same type of offence or malpractice, he was to be dismissed without any notice. That means that it was first to be ascertained if he had committed an offence that the offence was of the same type as before, or that he had committed a malpractice. If any of these was proved, he would not be entitled to get any notice of termination of service or wages in lieu thereof. It certainly did not mean that it would not be necessary to ascertain whether he committed any offence or that such ascertainment would be possible behind his back without any intimation to him. The Tribunal is satisfied that that is not any condition of service. Again, if it was a condition of service, it was not originally there at the time of first employment. So, this was a change of condition of service and that was required to be done and could be done following the procedure laid down in section 9A of the Industrial Disputes Act. Be that as it may, the Tribunal does not think that the Society can urge that the dismissal was justified on this score.

In the result, the Tribunal decides the first part of the issue in the negative and directs the Society to pay, in lieu of reinstatement, three (3) months wages to the concerned workman Shri Rajendra Nath Dey as compensation.

In the matter of an industrial dispute between Messrs. Indian Spring Manufacturing Co., Ichapur Road, Dasnagar, Howrah, and their workmen represented by the Howrah Small Factories Workers' Union, 144 Netaji Subhas Road, Howrah, referred under G.O. No. 1673-I.R./IR/10L/223/65, dated 28th April 1966. (Case No. VIII-137/66.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Present for the Union : Shri S. R. Ghosh, Advocate.

AWARD

By Labour Department order No. 1673-I.R./IR/10L-223/65, dated 28th April 1966, the Government of West Bengal has referred to this Tribunal for adjudication under section 10 of the Industrial Disputes Act the dispute between Messrs. Indian Spring Manufacturing Co., hereinafter referred to as the Company and their workmen represented by the Howrah Small Factories Workers' Union, hereinafter referred to as the Union. The dispute relates to the issue whether the prolonged suspension of Sarbasri Anil Nath, Raghu Roy, Ranjit Ganguly, Gopal Pakhira and Anil Laha is justified and whether each of them is entitled to any relief.

The five workmen mentioned in the order of reference were employees of the Company. On 9th August 1965, the Manager of the Company gave each of them a charge-sheet for misconduct and placed him under suspension. Each of them replied to the charge-sheet

on 16th August 1965. The Company was not satisfied with the explanation and decided to hold and enquiry. The Company fixed 27th September 1965 for holding the enquiry. On that date the Company held an enquiry. It was held in violation of all principles of natural and social justice. The workmen were denied reasonable opportunity to defend themselves. No record was made of the enquiry proceeding in presence of the workmen. They were not allowed to sign the enquiry record and were not given copies thereof. The Company continued their supension and did not inform them as to the result of the enquiry. The Union approached to the Labour Officer to conciliate. He wrote letters to the Company and tried to conciliate but without success because of the non-cooperation of the Company. It was stated that the Company had suspended the workmen by way of punishment and it was illegal, and that the Company had so punished them because they were active members of the Union and the Company wanted to crush the Union. It was prayed that the Company should be directed to withdraw the order of suspension and to pay them full wages for the period of suspension.

The Company in its statement said that the Tribunal had no jurisdiction to adjudicate on the issue ; that the workmen were charge-sheeted and suspended as a security measure pending enquiry; that the delay in holding the enquiry was reasonable and necessitated by the circumstances; that they were not suspended as a measure of punishment; that the management, after enquiry, had found them guilty of the charges and had dismissed them.

Ext. 1 is the charge-sheet, dated 9th August 1965. It is alleged in the charge-sheet that each of the five workmen, together with others, assaulted another worker of the Company named Mati Bhakta on the road near the workshop accusing him and his companions as the agents of the Company. By Ext. 2 these five workmen replied to the charge-sheet saying that the charge was false. Ext. 3 is one copy of the notice given by the Company on 20th September 1965 to intimate these workmen that an enquiry would be held by Shri Milan Mukherjee on 27th September 1965 in the Company's office. It is the evidence of the workmen before the Tribunal that each of them went to the office at the appointed hour for the enquiry and that the enquiry was held and that Gour Bhakta was examined as witness by the Company. It is the case of the Union that the Company did not further proceed with the enquriy and had wrongly continued their suspension which was ordered with the giving of charge-sheet on 9th August 1965. It is said that the Company has no right to suspend a workman, except by way of punishment, and that the suspension ordered in the charge-sheet Ext. 1, before enquiry is therefore, illegal and unjust. This contention is wrong. Admittedly the Company has no certified standing orders. It is proved that the Company had less than 50 workmen in 1965. Relying on the case reported in 1959(II) L.L.J., 554, it was urgued that the power to suspend could only be the creative either of a statute governing the contract or an express term in the contract itself. Here, the Company has not shown any statute or express term in the contract of service giving it the power to suspend a workman. But suspension, ponding enquiry, is an interim measure. It lasts till the enquiry is completed. As a result of the enquiry, the Company may withdraw this order of suspension or may punish the workmen in any manner. Such power of suspension has to be implied in the term of employment. The view expressed by the Supreme Court in several cases is that it is but just and fair that Industrial Tribunal should imply a term in the contract of employment that industrial employer may suspend its employee pending enquiry into his misconduct. The Tribunal, therefore, rejects the first contention of the Union that the order of suspension made by the Company on 9th August 1965 is illegal. Nor this question really arises within the language of the issue in the order of reference. The issue is whether the "*prolonged*" suspension is justified. Here, after suspension there was an enquiry on 27th September 1965. Thereafter there was no further enquiry. The workmen were not informed after that date of the result of the enquiry. It is, therefore, said that the suspension prolonged after 27th September 1965 is bad and unjustified. This has to be examined. It is proper and just that a workman, suspended pending enquiry into his misconduct, is promptly proceeded with in the enquiry and is intimated of the result of the enquiry. In this particular case, an enquiry was held on 27th September 1965 and the workmen were kept ignorant as to whether the enquriy had been completed or whether further enquiry would be held till the reference was made to this Court. Here also the Company, till it filed its written statement on 18th July 1966, did not say that in the enquiry the workmen have been found guilty of the charges and had been dismissed. This plea of the Company cannot be accepted as true. It appears that the Company had not passed any orders in the domestic enquiry. Had the Company made any such orders, then certainly the Company would have issued letters of dismissal to each of the workmen and would have also informed the Conciliation Officer about that. Even in its written statement, the Company did not say as to when the enquiry was completed, as to when the Management made orders on the result of the enquiry and as to the date on which the letter of dismissal was issued to the workmen. These were left vague and unsaid at the hearing it was sought to be said that the enquiry was completed on 27th September 1965 and that the order of dismissal was communicated to each of the workmen on 1st October 1965 by posting letters under certificate of posting. This the Tirbunal cannot believe. As soon as these workmen were suspended by the Company the Union complained to the Labour Officer, Howrah, that they had been wrongly refused employment. The Labour Officer wrote to the Company in August 1965 about it. It appears from the Conciliation Officer's file that Shri Milan Mukherjee and the workmen appeared before the Conciliation Officer on 14th September 1965 and Shri Mukherjee told the Conciliation Officer that the enquiry would be held on 25th September 1964 and the result would be communicated within two weeks. The Conciliation Officer, Howrah, wrote to the Company on 18th February 1965 by his letter No. 1066/How. requesting the Company to intimate if any decision had been taken in connection with these wrokmen. That letter remained unanswered. As a result of the failure of conciliation, the matter was referred to this Tribunal for adjuidcation. It is quite clear that even up to that time the Company did not take any decision on the basis of the domestic enquiry. It is not correct to say

that the Management dismissed the workmen on 1st October 1965 amd intimated them. The oral evidence given on the point by the Company is not worthy of belief. The witnesses are Ramrup, O.P.W. 1, the Manager and Moti Bhakta, O.P.W. 2. Ramrup Babu stated that he posted letters of dismissal himself in presence of Moti. He stated that he came to the workshop on 1st October 1965, which was a holiday, for some urgent work and that a single worker, Moti, also came to the factory that day. He stated that Ramrup Babu requested him to post the letters. But Moti, O.P.W. 2, stated that he did not see Rambabu to post those letters. He stated that he saw Ramrup going out with letters when he was going into the office with goods. It is quite clear from the evidence that the story of posting of letters of dismissal by Ramrup Babu on 1st October 1965 is not true. It is significant to note that though the Company sent other letters under registered post to the workmen, yet the Company did not send these important letters of dismissal by registered post. The explanation given by Ramrup Babu is that it was not considered necessary to send the letters of dismissal by post as the Company was not anxious to know whether it reached the workmen or not. This explanation is too facile to be believed. The Tribunal is satisfied that the Company had not sent any letters of dismissal to any of these workmen. Not being satisfied with this, the Company tried to prove before this Tribunal that the workmen themselves admitted having received the letters of dismissal so posted. This evidence is also totally worthless. Ramrup Babu, O.P.W. 1, stated that the wokman saw him on the 12th or 13th October and that the asked them if they had got the letters of dismisal and that they replied that they had got those. He further stated that he asked the workmen to take their arrear dues and that they refused to take the same saying they would take it from Court. Moti, O.P.W. 2, in trying to give support to Ramrup Babu in this respect gave a lie to it. He stated that the workmon asked Ramrup Babu as to whether they have been dismissed and Ramrup Babu told them that they had been dismissed. He first stated that Shri Anil Nath, one of the workmen, asked Ramrup Babu as to why they had been dismissed. He stated that these workmen met Ramrup Babu in the factory office in the later part of October 1964. This story is too absurd to be true. It is unbelievable that the workmen would go to the Management to enquire whether they had been dismissed or to ask as to why they had been dismissed. The Company's case is that the Company sent a copy of the enquiry record together with the letter of dismissal. If that were so, that would not be any reason for the wrokmen to go to ask why they had been dismissed or whether they had been dismissed. The Tbirunal totally disbelieves this part of the Company's case. The Company has produced the enquiry record, Ext. C and the copy of the alleged letter of dismissal, Ext. B. In this paper no order of dismissal is noticed. The conclusion of the enquiring officer is that the charges have been proved. There is no order that they are dismissed. In the letter of dismissal, Ext. B, it is only said that the workmen is dismissed. It does not show that the order of dismissal was made after considering the report of enquiry before issue of Ext. B. Be that as it may, the Tribunal decides that the Company has not proved that the domestic enquiry has resulted in dismissal of the workmen. As is the case of the Company that the enquiry was completed on 27th September 1965, it necessarily follows that the suspension of the workmen from after that date is unjustified as the Company even after completing the enquiry has not taken any decision on the result of the enquiry. The Tribunal will, therefore, hold that the suspension of each of the five workmen from 28th September 1965 is unjustified and that each of them is entitled to get his full wages from that date. It will certainly be open to the Company to take a decision on the result of the domestic enquiry if it has been completed and to communicate the said decision to the workmen and it would be open to the workmen, if they feel dissatisfied with the order, to move against that within the framework of the industrial law. But that is not a subject-matter for decision in this reference. The question of wages, if any, for the period from 9th August 1964 to 27th September 1965 is not decided here, as that depends on final outcome of the departmental enquiry.

The Union stated through its witnesses that after the enquiry was held partly on 27th September 1965, the enquiring officer told them that there would be further enquiry and they would be informed of that date. This evidence is not true. P.W. 1 Anil stated that the enquiring officer told them that there would be further emquiry into the matter. P.W. 2 Raghu, another workman, stated that the enquiring officer did not tell them that further enquiry would be held. P.W. 3 Gopal, another workman, stated that the enquiring officer did not tell them that a further enquiry would be held. There is also no such case in the Union's statement filed in this Tribunal. It is again seen from the letter Ext. 8, admittedly received by he workmen, that the Company informed them on 27th September 1965 that the workmen were asked to sign the enquiry record and left without complying with that. It is not said or proved by the Union that any protest to that letter or to the contents thereof was sent by the Union or any of the workmen to the Company or to the Labour Officer at any time. In the circumstances, and on this evidence, the Tribunal holds that this part of the Union's case is not true.

It was contended on behalf of the Company that this Tribunal has no jurisdiction to adjudicate on this issue as justifiability of suspension pending enquiring is not an industrial dispute. This contention is unsound. Suspension temporarily severs relationship of master and servant between the employer and the employee. If a workman is not satisfied with the order of suspension pending enquiry, it becomes a dispute between the workmen and the employer. This comes within the definition of industrial dispute in section 2(k) of Industrial Disputes Act. The Tribunal overrules this contention and holds that the Tribunal may adjudicate on it. Second schedule to the Act, item No. 6, is that all matters other than those specified in the third schedule may be referred to a Tribunal or adjudi cation.

In the result, the Tribunal answers the first part of the issue in the negative and directs that the Company pays full wages to each of these workmen from 28th

September 1965 holding that his suspension, pending enquiry, from that date is not justified.

AWARD

By order No. 4430-I.R./IR/11L-62(E)/62, dated the 22nd September 1964, the Government of West Bengal, in the Labour Depatment, referred under section 10 of the Industial Disputes Act, 1947, the industrial dispute between Messrs. Jardine Henderson Ltd. (Central Machine Section), Foreshore Road, P.O. Ramkrishnapore, Howrah, and their employees represented by Central Machine Section (J. H. Ltd.) Employees' Union, 3 Mohonlall Street, Calcutta-4, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

1. Whether the workmen workin gin Central Machine Section are the employees of Messrs. Jardine Henderson Ltd. ?

2. Whether dismissal of Shri Satyanarayan is justified ? What relief, if any, is he entiled to ?

In pursuance of notices issued from this Tribunal, the parties appeared and filed their written statements.

Union's case brifly stated is that Messrs. Jardine Henderson Ltd. (hereinafter referred to in this award as the company), are the Managing Agents of 36 in Companies and Registrars of six Companies as mentioned the Annexure 'A' to the written statement. The company employs about 483 clerical staff and 264 subordinate staff including the workmen of the Central Machine Section of the company located at Foreshore Road, Howrah. This Central Machine Section is also known as the Cost Deparment of the company and is under the direct control and supervision of Shri N. S. Venkata Krishnan, designated as Cost Advisor of the company who sits at the Head Office of the company at 4 Clive Row, Calcutta-1. The clerical and subordinate staff of the Central Machine Section do the Costing Works for Jute Mills, Tea Gardens, Collieries, Diamond Products, and other concerns belonging to the companies of which Messrs. Jardine Henderson Ltd., are the Managing Agents and/or Registrars including the costing work of Messrs. Jardine Henderson Ltd., and they were all appointed by the company. For the purpose of "Salary Insurance Scheme", "Benevolent Fund", "Compulsory Saving Deposit Scheme" and others the workmen of the Central Machine Section are treated in the same manner as the other workers of the company and they also enjoy the same benefits as the Head Office staff. In 1963 the workmen of the said Machine Section formed a trade union of their own in the name of the Central Machine Section (J. H. Ltd.) Employees'

Union and got the same registered under the Indian Trade Union Act, 1926. The said union raised an industrial dispute in 1956 and 1957 on the question of Dearness Allowance and tiffin for the clerical and subordinate staff of the Central Machine Section and the dispute was referred to a Tribunal for adjudication.

The company contested the case both in the Tribunal as also in the Supreme Court. In that case, both in the Tribunal and the Supreme Court the workers of the Central Machine Section were treated as the employees of Messrs. Jardine Henderson Ltd. After the disposal of that case by the Supreme Court, the company wanted to thrash out the question as to "who actually was the employer of the clerical and subordinate staff of the Central Machine Section ?" and in consequence of an agreement between the company and the union on 27th May 1964, the issues under reference were referred to this Tribunal for adjudication. The union prays for a declaration that Messrs. Jardine Henderson Ltd., are the employers of the workmen working in the Central Machine Section.

Union's case regarding issue No. 2, viz., regarding dismissal of Shri Satya Narayan need not be stated here as during hearing the parties have compromised the issue out of court.

The company filed its written statement on 8th February 1965. In paragraph 2 of its written statement company has stated its case regarding issue No. 1. In this paragraph company asserted that with effect from 1st October 1964 it has decided that the Central Machine Section, Howrah, be treated as a part of Jardine Henderson Ltd., and that in terms thereof the workmen working at the Central Machine Section would be employees of Messrs. Jardine Henderson Ltd., as from the said date.

The company, therefore, prays that issue No. 1 may be answered in accordance with its decision mentioned in paragraph 2 of the written statement.

Issues under reference have already been settled above.

On 25th June 1966 the parties filed a joint petition stating that issue No. 2 regarding dismissal of Shri Satyanarayan Shaw has been amicably settled on terms mentioned in the petition and praying that the issue may be disposed of on terms as mentioned in the petition. The petition was signed by the concerned worker and Shri P. K. Dutta. Vice-President of the union as also by Shri S. R. Zachariah, Chief Executive Personnel and Shri L. Swaminathan on behalf of the company. Shri J. K. Ghosh, Company's Advocate as also Shri M. Saha, advocate for the union, also signed the petition. I have perused the petition and also heard the parties' lawyers and I am satisfied that the parties have amicably settled issue No. 2 on terms made in the petition. Accordingly a "no dispute" award with respect to issue No. 2 is passed.

On 7th July 1966 the company also filed a petition stating that issue No 1 included in the order of reference may kindly be answered in the affirmative. In reply to that petition the union filed a petition on 18th July 1966 and therein it prayed that the issue No. 1 may be answered in favour of the workmen with retrospective effect from the date of their appointments. This petition was opposed by the company and it was argued on its behalf that as issue No. 1 has been framed there is scope for this Tribunal to decide 'since when the workmen of the Central Machine Section should be treated as workers' of the company. This argument on behalf of the company cannot be accepted by me as if issue No. 1 be not decided with reference to the date from which the workers of the section are to be treated as workers of the company, there will not be complete adjudication of the question involved in this issue and the established principles of law required that multiplicity of proceedings should be avoided as far as possible. Accordingly to avoid a new reference for deciding the date from which the workmen of the Machine Section are to be treated as employees of the company, the question since when this workmen are to be treated as employees of the company must also be decided in this case.

In paragraph 6 of its written statement the union stated that all the staff working in the Central Machine Section were appointed by the company and were subjected to the same terms of service as in vogue from time to time in the Head Office of the company. It also stated in paragraph 8 that for the purpose of "salary insurance scheme", "Benevolent Fund", "Compulsory Saving Deposit Scheme" and others the aforesaid workmen of the Central Machine Section are treated in the same manner as the Head Office staff and they also enjoy the same benefit as the Head Office staff. In support of its case union relied on several documents marked Exts. 1, 2, 7 and the oral evidence of four witnesses, viz., P.W.1, Tulsi Charan Chatterji, a clerk in the company's Head Office, P.W.2 Debabrata Roy, employed in the Insurance Section of the company, P.W.3 Sitaram Ghosh an employee in the Shipping Section under the company at 18 Netaji Subhas Road, and P W.4 B. Krishna Moorty a workman of the Central Machine Section. This P.W.4 is the Joint Secretary of the Union and in his evidence he has proved appointment letters given to the workmen in the Machine Section. These appointment letters have been collectively marked Ext. 3. This P.W.4 is a workman of the Central Machine Section and his appointment letter is Ext. 3(a). Letters collectively marked Ext. 4 are letters confirming some of the workers in the section and P.W.4 has proved that all these letters were issued under the signature of Mr. Mackenley, the then Managing Director of the company. He has also proved the deposit book of one Shri Sundaresam, a member of the union, under the compulsory deposit scheme under the company and this deposit book is Ext 5. These documents read with Ext. 2, a letter addressed to Messrs. Jardine Henderson Ltd., by the Secretary of Model Cooperative Society Ltd. on 14th April 1951 and the oral evidence adduced by the union unmistakably indicate that the workmen in the Central Machine Section have all been appointed by the company and have all through been treated as its employees. By Ext. 2 the Secretary of the Co-operative Society enquired of the company whether Central Machine Section staff can be treated as permanent staff of the company and this query was answered in the affirmative by the company. (Vide endorsement in the margin of the letter). As no evidence challenging the bona fide of this letter or the notes in the margin was led on behlaf of the company, there cannot be

any reason to doubt the bona fides of this letter and the endorsement and they also sufficiently indicate that the workmen in the Machine Section have all along been treated as company's staff. In the paragraph 2 of its written statement filed, the company has stated that it was decided with effect from 1st October 1964 that the Central Machine Section, Howrah, be treated as a part of Messrs. Jardine Handerson Ltd. and in terms thereof the workmen working at the Central Machine Section would be employees of Messrs. Jardine Henderson Limited as from the said date. As it is undisputed that the workmen referred to in this paragraph were working in the Central Machine Section from before 1st October 1964 and it was not the company's case that on 1st October 1964 or any date prior thereto the workmen of the section were given fresh appointments by the company, and the company has not also adduced any evidence to prove the decision referred to in this paragraph, itmust be held that the averments in paragraph 2 of the written statement of the company also supports the union's contention that the workmen of the Central Machine Section are all along employees of Messrs. Jardine Henderson Limited. The union's case also gets support from the judgement delivered by the Supreme Court in the Central Machine Section staff vs. Messrs. Jardine Henderson Ltd. on 13th December 1960 marked Ext. 7, in the case. The appeal to the Supreme Court was at the instance of the workers of the Central Machine Section and in course of the judgemet delivered in the case it was observed :

> "The reference itself is on the basis that these appellants are workmen of Jardine Henderson Co., Ltd. The company never contended that the reference was incompetent, as these workmen were not their epmloyees. The company's case throughout was that though they are employees of the Jardine Henderson Ltd., they were not entitled to the Bengal Chamber of Commerce scale of dearness allowance which the company allows to its head office staff. The Tribunal's award read as a whole also clearly show that the Tribunal rightly proceeded on the basis that these appellants are workmen of Jardine Henderson Ltd."

From observations in the Supreme Court Judgement, company's contention that the workmen of the Central Machine Section were not its employees prior to October 1962, cannot be sustained and I hold that the evidence oral and documentary conclusively established that the workmen of Central Machine Section are employees of Messrs. Jardine Henderson Ltd. Issue No. 1 is accordingly answered in favour of the union.

In view of the foregoing decisions, issue No. 2 is disposed of on compromise in terms of the settlement made in the joint petition, dated 25th June 1966 and issue No. 1 is answered in faovur of the union and it is held that the workmen working in the Central Machine Section are employees of Messrs. Jardine Henderson Ltd.

The joint petition of compromise filed on 25th June 1966 as also the company's petition, dated 7th July 1966, do form part of the award.

This is my award.

AWARD

The Government of West Bengal, Labour Department by order No. 2024-I.R./IR/8L-25(A)/66, dated 24th May 1966, had referred the following industrial dispute between Messrs. Kesoram Rayon (Proprietors : Kesoram Industries and Cotton Mills Ltd., Managing Agents : Birla Brothers Private Ltd.) P.O. Naya Sarai, district Hooghly, and their workmen represented by Garden Reach Textile Workers' Union, 1/1 Garden Reach Road, Calcutta-24, to this Tribunal for adjudication.

Issue

1. Whether the termination of services of the following 13 workmen is justified ? What relief, if any they are entitled to?

   (a) Ramasrey Jadav (name corrected by Corrigendum No. 2955-I.R./IR/8L-25(A)/66, dated 27th July 1966. original name was Ramasrey Misra).

   (b) Babulal Choudhury, (c) C. Gobinda Nambier, (d) Sukhalal Majumder, (e), Bhupal Pal, (f) Sanat Chatterjee, (g) Mundrika Singh, (h) Dineswar Choudhury, (i) Joydeo Das, (j) Gurupada, (k) Dasrath Misra, (l) Nabijan, and (m) Samsuddin.

After the service of usual notice, the employer had put in the written statement at first, as directed, and thereafter, the union had submitted the written statement on behalf of the workmen.

In the written statement submitted on behalf of the employer, it has been alleged that the company under the name and style of Kesoram Rayon carries on the business of manufacture and sale of rayon yarn and for that purpose, it established a factory at Tribeni in the district of Hooghly. The workmen employed in connection with that business are members of and are represented by two registered trade unions called respectively Kesoram Rayon Workmen's Union and Kesoram Rayon Sramik Union. The company also carries on other businesses and in particular, carries on business of manufacture and sale of cotton textile fabrics and for that purpose the company has a factory and/or cotton mills and/or establishment at Garden Reach in Calcutta. The workmen employed in connection with this business claimed to be represented, among others, by the Garden Reach Textile Workers' Union. These two businesses of the employer are entirely separate and distinct and constitute different industries. As none of the company's workman in its rayon business had raised any dispute with the company with regard to the termination of employment of the 13 persons mentioned in the order of reference, the dispute is not an industrial dispute, and therefore, the Government of West Bengal could not refer that dispute to the Industrial Tribunal for adjudication, and the Industrial Tribunal has also no jurisdiction to entertain and decide the alleged dispute. With regard to the Garden Reach Textile Workers' Union, it is said that the union is not a union of the workmen of the company in its rayon buiness, and it cannot by its very constitution, enroll persons employed in the rayon business of the employers. Therefore, the 13 persons mentioned in the order of reference are not entitled to be represented in the proceeding under the Industrial Disputes Act by the Garden Reach Textile Workers' Union, or by any official of that union. In the circumstances, it is said that the Tribunal has no jurisdiction to decide the alleged dispute. It is further stated that the termination of employment of all the 13 workmen is justified, that those persons were charge-sheeted for misconduct and the company held due and proper enquiry and came to the conclusion that those persons were guilty of misconduct warranting their dismissal. Out of these 13 persons, Shri Sukhalal Mazumdar and Shri Samsuddin had accepted the termination of their employment and they also accepted payment in full and final settlement of all their claims against the company. Shri Joydeo Das was only employed on a temporary basis for certain temporary work and his employment has been terminated in accordance with such temporary employment. Shri Nabijan was employed as a badli and after the expiry of the leave, he continued to be absent himself from work inspite of several letters written to him by the company. The company, therefore, terminated his employment in accordance with the provisions of the standing orders of the company.

In the written statement submitted on behalf of the union, it is said that the Tribunal has jurisdiction to decide the dispute and the order of reference is perfectly valid and legal. It is furher stated that the company is the owner of the establishment known as Kesoram Rayon at Tribeni and is also the owner of the cotton mills in Calcutta, and has got one balance-sheet covering Kesoram Rayon, Cotton Mills and others. With regard to the dispute, it is said that on 2nd November 1965, the workmen of the establishment at Kesoram Rayon numbering more than one thousand duly authorised the Garden Reach Textile Workers' Union which made representation to the management, and also raised the industrial dispute before the Labour Directorate, Government of West Bengal, by its letter, dated 19th November 1965, and 20th November 1965. By the letter, dated 27th November 1965, the Assistant Labour Commissioner, Chandernagore, took up the dispute for conciliation. As there was no response from the side of the management, the workmen under the leadership of the Garden Reach Textile Workers' Union, took

strike ballot and the workmen of the establishment had served a strike notice to the management on 8th April 1966 and also sent an intimation to the Labour Commissioner, Government of West Bengal. During the period of strike on or about 25th April 1966, the Labour Commissioner, West Bengal, intimated to the Garden Reach Textile Workers' Union to withdraw the strike and assured that the pending disputes would be referred to the Tribunal. Thereafter, the Labour Commissioner had made several correspondences and met the management and the union representatives and finally by his letter, dated 17th May 1966, had made comprehensive recommendation for resolving the disputes. The representatives of the management and of the Garden Reach Textile Workers' Union endorsed their acceptance of the said terms, and the strike was calld off from 19th June 1966. This reference before this Tribunal was made in terms of the recommendation of the Labour Commissioner. It is also stated that the dispute is really an industrial dispute under section 2(k) of the Industrial Disputes Act, that the workmen of the cotton section are also represented by the Garden Reach Textile Workers' Union, that as the Garden Reach Textile Workers' Union had been duly authorised, it is competent to represent the workmen under reference, and that the rules and constitutions of the union provide for enrolment of the workmen of the Kesoram Industries and Cotton Mills Ltd. Lastly, it is said that certain officers and workmen of the rayon unit of the company had been transferred to the cotton unit and vice-versa and that the allegations regarding the holding of enquiry and regarding misconduct are not correct.

The larned Counsel Shri Ginwalla appearing for the employer had submitted a petition on 8th July 1966 praying that the question of jurisdiction should be decided at first as the preliminary issue. Under the direction of this Tribunal, the union had put in a petition of objection on 18th July 1966 in which the same allegations as in the written statement of the union, have been made. Subsequently, on 25th July 1966, an Affidavit in support of the petition of objection, was put in on behalf of the union, and the employer had put in the Affidavit-in-reply on 1st August 1966. The matter was fixed for hearing on 9th August 1966 and after hearing both parties on that date, the hearing was adjourned to 24th August 1966. On 24th August 1966, oral and documentary evidence has been adduced on behalf of the employer and the union.

The only point for consideration is whether in the facts and circumstances of the present case, this Tribunal has jurisdiction to decide the dispute which has been referred by the Government of West Bengal for adjudication.

Before I discuss the submissions made by the learned Counsel Shri Ginwala on behalf of the employer and Shri Pathak for the union, it is necessary to state certain facts which are not disputed. It is undisputed that at first there was the business of cotton mills which was run under the name and style of Kesoram Cotton Mills Ltd., that in or about 1956, the business in rayon was started at Tribeni which is about 40 miles away from Calcutta, and that the rayon factory went into production in 1960, and that in 1961, the name of the company was changed into Kesoram Industries and Cotton Mills Ltd. It is further undisputed that the employees of the Kesoram Cotton Mills were members of the Garden Reach Textile Workers' Union. O.P.W.1 Shri Arun Sen who is the General Secretary of that union has practically admitted that none of the employees of the rayon factory at Tribani is a member of the Garden Reach Textile Workers' Union; though the employees of the rayon factory at Tribeni were not members of the Garden Reach Textile Workers' Union, their claim to represent the employees of the rayon factory is on the ground that the employees of the rayon factory had authorised the Garden Reach Textile Workes' Union to raise the dispute. Shri Ginwalla had submitted that according to the constitution of the Garden Reach Textile Workers' Union, it can only espouse the cause of its members, and therefore, that union cannot espouse the cause of the employees of the rayon factory at Tribeni. I think there is considerable force in the contention which has been raised by the learned Counsel appearing for the employer. Before I discuss the evidence regarding this matter, I would point out that the evidence of P.Ws. 1 and 2 would show that the two businesses are really separate and that the mode of production and the raw material for producing rayon yarn are completely different from the mode of production and the raw material for producing cotton yarn. I had some doubt as to whether really these two businesses in cotton and rayon could really be regarded to be separate industries. Shri Ginwalla had submitted that really the industries must be regarded to be separate industries in view of section 2(j) of the Industrial Disputes Act. In my opinion, in the facts and circumstances clearly indicate that the employer who have business in cloth and cloth yarn at first, started a separate and independent business in rayon yarn only a few years ago. Therefore, though there is only one balance-sheet and profit and loss account (Ext. 4 series), the two industries must be regarded to be separate and distinct industries. One balance-sheet and profit and loss account had only been prepared because the owners are the same and also in accordance with the Companies Act. It may also be mentioned here that no weaving is done of rayon yarn at the rayon factory and Hanks and Cones which are prepared in the rayon factory are sold. In the circumstances, it appears to me that the dispute regarding the 13 workmen who are admittedly employed at the rayon factory at Tribeni, can only be raised either by the body of the workmen, or by the union of the employees working in that rayon factory. I do not see how it is really possible for a union of workers of the Textile Industry to be authorised by the employees of the rayon factory to raise the dispute. Shri Pathak appearing for the union had referred me to certain rulings. It is necessary to refer to them. In the case reported in 1959 (II) L.L.J., 553=A. I. R. 1959 S. C. 1214 (Hotel Imperial, New Delhi, vs. Chief Commissioner, Delhi) a dispute between the Imperial Hotel, New Delhi, and its workmen was referred to adjudication under section 10 of the Industrial Disputes Act. In the order of reference, it was stated that a dispute between the said Hotel and its workmen represented by the Hotel Workers' Union, Katra Sahansahi, Chandni Chawk, New Delhi, was referred for adjudication. One of the objections of the employer who move the Punjab High Court against the order of reference, was that the union could not be made a party to the reference under the Industrial Disputes Act. Their Lordships of the Supreme Court had negatived that

contention and had observed that the reference to the union in the order of reference was merely for the sake of convenience so that the Tribunal may know to whom to give the notice. Their Lordships further observed that this, however, did not preclude the workmen, if they wanted to be represented by any other union, to apply to the Tribunal for such representation, or even to apply for being made party individually. I do not see how this ruling will be of any assistance in the facts and circumstances of this case. In the present case, it is undisputed that there are some unions of the employees of the rayon factory. I am told that against the registration of the Rayon Sramik Union, another union called Rayon Workmen's Union had moved the Hon'ble High Court, under Article 226. His Lordship Shri B. N. Banerjee J. had issued an injunction against the employer from negotiating with the Rayon Sramik Union. It does not, however, appear that His Lordship had prohibited the Rayon Sramik Union from raising any dispute on behalf of the employees of the Rayon Factory at Tribeni. I would also point out that here the specific question is whether in the facts and circumstances of the case, the Garden Reach Textile Workers' Union can represent the employees of the Rayon Factory at Tribeni. At the time of hearing I had also pointed out that the reference has been made at a point of time when the new section 2A of the Industrial Disputes Act had already come into force, and therefore, the concerned workmen could themselves have raised the dispute and could also have appeared before this Tribunal on the proceedings consequent on the reference by the Government of West Bengal. Section 2A was inserted by the amending Act of 1965, and says that where the employer discharges, dismisses, retrenches, or otherwise services of an individual workman, any dispute or difference between that workman and his employer connected with or arising out of such discharge, dismissal, retrenchment or termination, shall be deemed to be an industrial dispute, notwithstanding that no other workman or any union is a party to the dispute. Shri Ginwalla told me that if the workmen mentioned in the order of reference had appeared before the Tribunal, then he could not have raised the question regarding the jurisdiction of the Tribunal to decide the dispute. Shri Pathak appearing for the union did not make the prayer that time might be allowed for the concerned workmen to appear individually before the Tribunal for the purpose of prosecuting this case which has been referred by the Government of West Bengal. In the circumstances, it is not necessary for me to say whether in view of the new section 2A of the Industrial Disputes Act, the objection of the Learned Counsel is not tenable. The next case which Shri Pathak had referred is reported in 1960 (II) L.L.J., 37, A.I.R. 1960 S.C. 1328 (Newspapers Ltd., Allahabad vs. State Industrial Tribunal, U.P.). In that case, one of the contentions was that the association which was an unregistered body could not sponsor the dispute. That contention was negatived and it has been stated by their Lordships of the Supreme Court that it is not necessary that a registered body should sponsor a workman's case, in order to make it an industrial dispute and that once it is shown that a body of workmen, acting either through their union or otherwise, had sponsored a workman's case, it becomes an industrial dispute. I think reference in this connection may also be made to the ruling reported in 1961 (I) L.L.J., 334=A.I.R. 1951 S.C. 304 (State of Bihar vs. Kripa Sankar Jaiswal). It shows that even an unregistered union can raise the dispute on behalf of the workman or workmen, but these rulings have no application in the facts and circumstances of the present case. Here the Garden Reach Textile Workers' Union is a registered body and here the only question is whether it can represent the workmen employed in the rayon factory, and can raise the dispute on their behalf. The next case referred to by Shri Pathak reported in 1953 (I) L.L.J., 174=A.I.R. 1953, S.C., 53 (State of Madras vs. C. P. Sarathy). In that case, their Lordship of the Supreme Court had held that the factual existence of the dispute or its apprehension and the expediency of making the reference are matters entirely for the Government to decide, that the order making the reference is an administrative and not a judicial or quasi-judicial act and that the Court cannot examine the order or reference passed by the Government to see if it had material before itself to support the conclusion that the dispute exists. It was also observed that the Court must not be astute to find out defects in the order of reference. I do not see how this ruling is at all applicable in the facts and circumstances of this case. Here the question which has been raised by the employer is whether there was really an industrial dispute in the sense of a dispute being raised by the union of the employees concerned or by body of the employees. Here there is no question regarding the existence of the dispute. It would appear that regarding the dismissal of 13 workmen, there had been some dispute but the question is whether in the facts and circumstances of the present case, the alleged dispute had really become an industrial dispute. If really there was no industrial dispute in the sense explained above, then the Government had no jurisdiction to refer that dispute to the Tribunal, and the Tribunal also has no jurisdiction to decide that dispute. The last case which Shri Pathak had referred is reported in 1963 (I) L.L.J., 163 (Gohordhandas Jeerambhai vs. Sixth Industrial Tribunal). It has been held by His Lordship Shri B. N. Banerjee J. that when a union unconnected with the employer-industry concern takes up the cause of the dissatisfied workman, the dispute does not automatically transform itself from an individual dispute to an industrial dispute—and that the real test is whether the stranger union has the backing, sympathy or collaboration of majority or large section of the workmen employed in the particular industry and such workmen feel themselves concerned in the dispute. His Lordship has further observed that if a stranger union takes up the cause of an individual workman, the onus is on the union to prove that it has the backing, sympathy or collaboration of a substantial number of workmen employed in that industry. It is therefore for the union to prove that even if the union is regarded to be a stranger union, it has the backing, sympathy or collaboration of a substantial number of workmen employed in the industry.

I shall now turn to discuss the question whether the Garden Reach Textile Workers' Union was really authorised to raise the dispute on behalf of the workmen who are employed in the rayon factory. The evidence of O.P.W.1 Shri Arun Sen is that about 2,500 workmen are employed in the rayon industry, that about thousand workmen of the rayon factory had submitted a written representation to the Assistant Labour Commissioner,

Chandannagore, with a copy to that representation to the Garden Reach Textile Workers' Union, that thereafter a general meeting was held and subsequently the Garden Reach Textile Workers' Union had sent the charter of demands to the company and also to the Assistant Labour Commissioner. Therefore, at that point of time, the question of this union raising the dispute did not arise. According to the evidence of O.P.W.1, this union had only taken up the cause of the workmen of rayon industry, as it was requested to take up their cause. In this matter, there is a solitary evidence of Shri Sen and there is no coroborative evidence by any employee of the rayon factory. The resolution of the general committee for espousing the cuase of the 13 workmen under reference has also not been produced. Even supposing that the Garden Reach Textile Workers' Union was really authorised in the manner stated by Shri Sen, (O.P.W.1), I do not see how the Garden Reach Textile Workers' Union could have espoused the cause of the employees of the rayon factory at Tribeni. According the constitution of the union as amended up-to-date, this union is only authorised to espouse the cause of the members of that union. Therefore, even if there was an authorisation as stated by O.P.W.1, Shri Sen, I do not think that the Garden Reach Textile Workers' Union, could in view of its own constitution, espouse the cause of the employees of the rayon factory who had been dimissed by the management. Under section 56 of the Industrial Disputes Act, a workmen who is a party to the dispute shall be entitled to be represented in the proceedings under this Act by (a) an officer of a registered trade union of which he is a member, (b) an officer of the federation of the trade unions to which the trade union referred to in clause (a) is affiliated, (c) where the worker is not a member of any trade union, by an officer of any trade union connected with, by any other workmen employed in, the industry in which the worker is employed and authorise in such manner as may be prescribed. In view of the facts and circumstances, which I have mentioned above, the Garden Reach Textile Worker's Union cannot be regarded to be registered union reading the employees of the Rayon Factory. At this stage I would point out that Shri Sen had himself admitted that only some persons who had been transferred from the cotton section to the rayon section are members of the Garden Reach Textile Workers' Union, and the employees of the rayon factory at Tribeni are not members of that union. Shri Pathak tried to show that in the constitution of the union, there is a question of affiliation. I cannot accept his submission. It is not the case or the evidence that the Garden Reach Textile Workers' Union is affiliated to a federation of a trade union. Shri Sen cannot also be regarded to be an officer of such federation of trade unions. Regarding clause (c) of section 36, it appears that the trade union regarding the employees of the rayon factory or even a substantial number of the employees of the rayon factory, had not been espoused the cause of the 13 concerned workmen. Shri Pathak, however, urged that in view of the conduct of the employer, this question which has been raised by Shri Ginwalla for the employer cannot be raised. My attention has been drawn to certain correspondences and particularly the letter to the Labour Commissioner, dated 17th May 1966. It would appear from the evidence that after the strike notice of the strike by the employees of the rayon factory, the learned Labour Commissioner Shri D. Chatterjee had intervened and had suggested certain course of action so that the strike might be withdrawn. It would appear that the representatives of the employer and Shri Sen and some employees met the learned Labour Commissioner separately and had accepted his suggestion separately by putting their signatures in separate pieces of paper embodying the suggestions of the learned Labour Commissioner. Shri Pathak has rightly pointed out that under rule 11 of the West Bengal Industrial Disputes Rules, the conciliation might be held separately by the conciliation officer. But it does not appear that Shri Chatterjee had at all issued any notice about the conciliation meeting and in fact, at that point of time, some other officer was acting as conciliation officer. It is undisputed that the representatives of the management did not appear before Assistant Labour Commissioner, Chandernagore, to whom at first the letter was written. I do not think that merely because that some representatives of the management had accepted the suggestion of the learned Labour Commissioner that the strike might be called of on certain terms, shows that the management had accepted the position that the Garden Reach Textile Workers' Union was representing at the time of the conciliation, the employees of the rayon factory at Tribeni. Shri Pathak had submitted that there is a sort of estoppel precluding the management from raising the question which it has raised. I do not think that in the fact and circumstances of the present case, there is any question of estoppel. The rule of estoppel is hardly applicable in industrial adjudication and in the facts and circumstances of the case, there cannot be any question of estoppel. The result, therefore, is that the employees of the rayon factory or any union of such employees, did not raise the dispute regarding the alleged wrongful termination of the 13 workmen and the Garden Reach Textile Workers' Union which is alleged to have raised the dispute on being authorised, cannot really do so in law and in fact. In the circumstances, the dispute cannot be regarded to be an industrial dispute and this Tribunal has no jurisdiction to decide such dispute.

Before I conclude I would point out that there is some discrepancy regarding the names of the workmen. In the failure report of the conciliation officer, Shri P. C. Sen, the names of 12 workmen appear including the names of Harekisto Adhikary, Arun Dey or Das. In the reference, the names of these two persons do not appear. In the failure report, the names of Mundrika Singh and Dineswar Choudhury do not appear. The name of Samsuddin also does not appear in the failure report. However, in view of my above conclusion, I need not pursue this matter any further.

In view of what I have found above, it appears to me that there is no industrial dispute in the sense I have explained and therefore, this Tribunal has no jurisdiction to decide the dispute. This reference is thus disposed of on the preliminary issue.

The Government of WestBengal, by order No. 4382-I.R./IR/10L-33(A)/65, dated the 14th October 1965, had referred the following industrial disputes between Messrs. Robert Hudson (India) Ltd., 26 Satya Doctor Road, Kidderpore, Calcutta-23, and their workmen of the Sales Office at 26 Satya Doctor Road, Calcutta-23, represented by Robert Hudson Staff Association, 11 Ramanath Paul Road, Kidderpore, Calcutta-23, to this Tribunal for adjudication.

Issues

1. Grades and Scales of Pay.
2. Dearness Allowance.
3. Tiffin Allowance.
4. Standardisation of job.
5. Service Conditions and Rules.
6. Free Medical Treatment.

After the service of usual notice, the Association had put in the written statement at first as directed, and thereafter, the Company had put in the written statement.

In the written statement submitted on behalf of the Association, it has been stated that the company is a highly prosperous one and belongs to Messrs Martin Burn Group of Concerns, and employs about 350 workmen, of which 20 clerks and 8 sub-staff, are employed in the Head-cum-Sales Office. Messrs. Martin Burn & Co. Ltd., was the Managing Agents of this company till 27th March 1961, and since that time, is functioning as Secretaries and Treasurers The workmen, clerical staff and sub-staff used to sit and work in the Martin Burn Building at 12 Mission Row, Calcutta, along with the Head Office employees of the other concerns which also belong to the Martin Burn Group till April 1954. The service conditions of all the employees were identical with the service conditions of other concerns managed by Martin Burn Ltd., and also the employees of Martin Burn Ltd. Some of the clerical staff were originally appointed by Messrs. Martin Burn Ltd., and the same officer is working both for Martin Burn Ltd., and the present company, i.e. Robert Hudson (India) Ltd. The present employer was a party to the Mercantile Tribunal of 1948-49 and also in the adjudication proceedings in 1953. In 1954, the Head-cum-Sales Office was shifted to 26 Satya Doctor Road, Calcutta-23. After the shifting of the place of business, the company had forcibly and unilaterally reconstructed the wage structure of the clerical staff merging a protion of the D.A. paid to them under the Bengal Chamber of Commerce Scheme of D.A., in the basic pay and fixed the scales of the sub-staff as per Omnibus Engineering Award. In Annexure 'B' to the written statement, the position with regard to the wages and D.A. before the reconstruction of wages, has been shown and also the position after the reconstruction of wages.

It is said that the service conditions of the employees had been altered prejudicially on the clear assurance of the Bengal Chamber of Commerce Scheme of D.A. linked with the rise and fall of the price index number. The company further introduced for the Head-cum-Sales Office employees new scales of pay and D.A. which has no parallel in any concern working at 12 Mission Row, or in any other head office. These scales of wages and D.A. are shown in Annexure 'C' to the written statement. It has been pointed out that Shri Jagrup, a member of the sub-staff of the company, is still working at 12 Mission Row, and is enjoying

the service conditions of Messrs. Martin Burn Ltd. The extent of difference between the clerical staff and sub-staff in this company and clerical staff and sub-staff in other Martin Burn Concern had been shown in Annexure 'D' to the written statement. With regard to the scales of pay and D.A., it is said that though the cost of living index had increased all along, and though the company is a prosperous one, and though all head office employees in different concerns are getting better scales of pay and increased D.A. since 1954, the present company did not increase the scales of pay and D.A. of their employees. The result is that the scales of pay are low, and the increment is also low in respect of all categories of workmen, and D.A. is also low, and does not neutralise the rise in cost of living index to any appreciable extent. With regard to tiffin allowance, it is said that no allowance is given by this company, though the concerns at 12 Mission Row pay 50 paise to clerical staff and 25 paise for the sub-staff each day. With regard to standardisation of job, service conditions and rules and provisions for medical treatment, it is said that there is no standardisation of job and there is also no service condition or rule and there was also no provision for medical treatment. It is further stated that the workmen had formed a trade union of their own which was registered on 13th May 1964, and this union had placed the Charter of Demands before the company on 23rd June 1964. There had been conciliation proceeding in the office of the Assistant Labour Commissioner Shri B. K. Roy, but the conciliation proceedings failed due to of the adamant attitude of the employer. It has been prayed that the scales of wages and D.A. and tiffin allowance as prevailing in different Mercantile Offices, may be awarded with retrospective effect from the date of the charter of demands and that the claim with regard to standardisation of job, service condition or rule and free medical treatment might also be allowed.

In the written statement submitted on behalf of the employer, it has been stated that the Government of West Bengal, by order No. 3802-I.R./IR/1A-20/64, dated 26th August 1964, had declared the company's works establishments to be "essential services" under Rule 126AA of the Defence of India Rules, 1962, and had assumed powers under it to regulate the wages and other conditions of service of the workmen employed therein, and accordingly, the Government has no authority and illegally referred the present dispute under the Industrial Disputes Act. The reference, therefore, is illegal and the Tribunal has no jurisdiction to adjudicate upon it. Before I proceed further, I would point out that this point was not pressed by Shri J. N. Chatterjee, appearing for the employer. It is, however, not disputed that the company is one of the Martin Burn Group concerns, that the Martin Burn Ltd.. were its Managing Agents till 27th March 1961 and that since then, they have been acting as Secretaries and Treasurers. It is further stated that the 26 Satya Doctor Road is actually parcel of 2 Satya Doctor Road, and in fact, the two premises constituted one premises. In fact the office of the company at Kidderpore is really clerical department of the company's factory, though certain amount of work connected with the sales of the company's products are also done in the office. Out of the total number of workmen, numbering 331, not more than 8 clerks are engaged in work connected with the sales of the company's products. There is no sub-staff employed to do similar work. It is, therefore, not correct to say that the company has got the head office-cum-sales office at 26 Satya Doctor Road. In fact, previously, there was no head office-cum-sales office at 12 Mission Row, Calcutta. The head office of the company had always been at 12 Mission Row, Calcutta, and is still there. As there was want of space at the works of the company, a part of the work's office was accommodated in the Martin Burn Building, 12 Mission Row, Calcutta, prior to sometime about the middle of 1954. With regard to the service conditions, it is not disputed that till sometime in 1954, when a part of the company's works office was situated at 12 Mission Row, Calcutta, the employees in that part had their service condition including scales of pay and D.A. indentical with those of Martin Burn Ltd. It is, however, not correct to say that the service conditions continued to be the same all along and that the recruitment and appointment of the clerical staff of the works office were ever made by Messrs. Martin Burn Ltd., or that any common office is working for both Martin Burn Ltd., and this company. With regard to the Mercantile Tribunal Award of 1948-49, it is said that this company was not a party to that award. With regard to the adjudication proceedings of 1953, it is said that, though this company was a party, the adjudication was in respect of the company's head office. Therefore, the service conditions were not the subject-matter of the dispute either in the proceedings before the Mercantile Tribunal, 1948-49, or in the adjudication proceedings of 1953. It is, however, not disputed that the portion of the works office had been moved in 1954 to 26 Satya Doctor Road, Calcutta. It is, however, denied that the company had forcibly and unilaterally reconstructed the wage structure of the clerical staff and had prejudicially altered the service conditions of the employees. The company, in fact, offered to the concerned employees certain terms and conditions of service which would be applicable to them on their starting to work at the works. This did not contemplate payment of Dearness Allowance in the B.C.C.I. Scale. The concerned employees voluntarily accepted the said terms and conditions of service and thereafter, after nearly a decade, the union and/or Association complain on behalf of the employees. The employees cannot also get the same scales of pay and D.A., as are admissible to the employees of the companies who work at the head office at 12 Mission Row. Shri Jagrup is an employee of the head office of the company and therefore his terms and conditions of service are such as govern the employment of the company's head office workmen. With regard to the scales of pay and the total emoluments, it is also stated that they are quite reasonable and compare favourably with those prevalent in the region doing the same nature of jobs in comparable concerns. Therefore, there cannot be any revision of the wage structure. The emoluments of these employees had been adjusted from time to time in accordance with the recommendation of the Third Ombnibus Engineering Award which made the D.A. liable to adjustment in accordance with the corresponding upward or downward trend in the cost of living index.

Regarding D.A., the employees are getting additional D.A. as the company had been declared an essential service under the Defence of India Rules. In the circumstances, there cannot be any further revision of the pay scales and D.A. The Central Wage Board for Engineering Industries which is to fix fair wage on scientific basis, had heard the employers and employees in order to decide whether an interim relief would be granted or not. In view of that matter, there cannot be any revision of the scales of pay and D.A.

With regard to the tiffin allowance, it is said that the employees, at 12 Mission Row, are being paid tiffin allowance as a temporary expedient till such time when free tiffin becomes possible. The condition prevailing at 12 Mission Row is different from the condition prevailing at 26 Satya Doctor Road. At 26 Satya Doctor Road, the company runs a subsidised canteen where various kinds of snacks and full mid-day meal are available at a very cheap rate. The company also supplies free tea to all the employees. There is, therefore, no necessity for any separate allowance for tiffin. With regard to standardisation of job, it is said that the occupational nomenclature of the workmen is very distinct and fair. With regard to service conditions and rules, it is said that there are service conditions and rules for the employees of the company. With regard to free medical treatment, it is said that a well-equipped dispensary with qualified doctor and compounder is being maintained by the company to attend to the workmen whenever necessary without any charge. With regard to the conciliation proceedings, it is said that the company explained the position and pointed out the unjustifiability of the demand and also expressed its inability to agree to them. Lastly, it is said that it is a small manufacturer of light railway engineering equipments and has not the financial capacity to bear any more burden on account of any wage rise or introduction of any amenities.

Decision

I shall first of all take up for consideration so far as Issues Nos. 1 and 2 are concerned, i.e. Grades and scales of pay and D.A. It is not disputed that before the place of work was shifted from 12 Mission Row, Calcutta, to 26 Satya Doctor Road, the conditions of service including scales of pay and D.A. were the same as the conditions of the other concerns including the Martin Burn Ltd. (vide paragraph 3 of the written statement of the union and paragraph 5 of the written statement of the employer). It has been alleged on behalf of the Union that the employer—Robert Hudson (India) Ltd., was a party to the Mercantile Tribunal of 1948-49 and also the adjudication proceedings in 1953. I do not find, however, that really Robert Hudson Company was a party to the Mercantile Tribunal Award (Ext. 17). My attention has been drawn to Ext. 18 which shows that Martin Burn Ltd., are the Secretaries and Treasurers in respect of Robert Hudson (India) Ltd., though the name of the present comapny does not appear from the award (Ext. 17), there is some indication in the latter award and the award of Appeal (Exts. 17a and 17b) that Rovert Hudson (India) Ltd., and other concerns has opposed the revision of the existing grades and scales of wages on the basis of the Mercantile Tribunal Award. The name of Robert Hudson (India) Ltd., clearly appears in Ext. 17a and in Ext. 17b which is the award of the learned Appellate Tribunal, reference has been made to the submission on behalf of the employers to the effect that each of the Associated Companies of Martin Burn are not on the same economic leavell that for example, the firm of Robert Hudson is a smal. concern and cannot be compared with Martin Burn Ltd., and that the wage structure that should be fixed must be consisted with the financial stability of the weaker units. It would also appear from Ext. 17b that there had been abolition of some grades and there had been some revision of the scales of wages and that neither the original Tribunal nor the Appellate Tribunal revised the wages and scales of pay and of the sub-staff as fixed by the Mercantile Tribunal. The details of the grades and scales of pay of the clerical staff and subordinate staff and of the D.A., had been shown in Ext. 20. It also shows the subsequent enhancement of wages by the Agreement, dated 25th September 1932 and the Agreement, dated 9th September 1964. It would be convenient to set out the grades and scales of pay as per Ext. 20.

Dearness Allowance

Clerical : According to the Bengal Chamber of Commerce Scheme on the middle class cost of living index.

(Award of Omnibus Mercantile Tribunal, dated 25th August 1949.)

Sub-staff : As per Agreement, dated 11th Spetember 1964.

The direction of the Omnibus Mercantile Tribunal had been followed. The direction there is that the amount of the Dearness Allowance of the subordinate staff should be pegged at Rs. 52, but there would be adjustment of Rs. 7 to the maximum and minimum of the various grades. In effect, therefore, the amount of D.A. was Rs. 45, but it was directed that this sum of Rs. 45 carry the incidence of Rs. 52 as D.A. and the decrease will follow from this amount.

However that may be, it has been specifically mentioned in the Award of 1955 (Ext. 17a) that Robert Hudson (India) Ltd., would be bound by the Award. It was contended before the learned Judge that the concerns must be located at 12 Mission Row. The learned Judge observed that some concerns have shifted from 12 Mission Row, but when the companies have shifted to some place other than Mission Row after the order of reference, the award would bind them. it would appear that the order of reference was made in September 1953. Admittedly, the employees of Robert Hudson (India) Ltd., had worked at 12 Mission Row, till about the middle of 1954. In my opinion, the employees of Robert Hudson (India) Ltd. are entitled to the benefit of the award of the Fifth Industrial Tribunal as modified by the award of the Labour Appellate Tribunal (Exts. 17a and 17b).

I shall now turn to discuss the alleged construction of individual pay scales of different employees of Robert Hudson (India) Ltd., after it had shifted to 26 Satya Doctor Road. The evidence of O.P.W. 1 Shri Hemendra Nath Mukherjee who is the Manager of the company is that some of the clerks who are working at 26 Satya Doctor Road used to work previously at 12 Mission Row, as there are lack of space, but subsequently, the company got the premises No. 26, Satya Doctor Road, and thereafter the clerks were taken from the premises No. 12, Mission Row, to 26 Satya Doctor Road. At the time of cross-examination, O.P.W. 1 had said that the company shifted to 26 Satya Doctor Road, in May 1954, and the papers had been signed by the different employees on diffrent dates in June 1954. His further evidence is that the contents of all the papers signed by them are not the same, the only difference being with regard to the different wages payable to the different persons.

I shall now refer to these documents which had been signed by the different employees after they had come over from Mission Row, Calcutta, to 26 Satya Doctor Road, Calcutta. They are exhibits A and B series (on admission). It would be convenient to set out in a tabular form the different details appearing those documents.

These figures have been compiled from Exts. A to A-8, B to B-5, G to G-7 and H. They indicate that there are actually three categories of employees, viz., those who were appointed when the office was at 12 Mission Row, Calcutta and who are still serving in more or less the same capacities, those who were employed at 12 Mission Row and had subsequently been promoted, and those who had been appointed after the place of work was shifted to 26 Satya Doctor Road. It will be convenient to give the names of these persons belonging to the abovenamed three categories. Shri Hemanta Kumar Gupta (transferred from Martin Burn & Co. to Robert Hudson (India) Ltd., with effect from 16th November 1944, Ext. 22), Shri Janardhan Mukherjee Shri Satya Narayan Patra, Shri Sanat Kumar Banerjee, Shri Gobinda Chandra Halder, Shri Gopal Chandra Coondoo (Ext. 2), Shri Anil Kumar Chatterjee, Shri Anadi Ranjan Guha (Exts.-1, 1-A on admission), Shri Niranjan Kumar Dey and Shri Biswa Narayan Patra, belong to the first category. Shri Gobinda Chandra Roy, Shri Amit Kumar Mukherjee, Shri Sunil Kumar Bose, Shri Asoke Kumar Roy, Shri Asit Kumar Purokayastha belong to the second category of the employees, who had been promoted afterwards. Shri Ram Prosad Halder, Shri Som Nath Chatterjee and Shri Kartick Chatterjee had been appointed after the place of work had been shifted to 26 Satya Doctor Road. Therefore, it appears to me that the only question is not whether the service conditions of the employees had been effected after the place of work had been shifted from 12 Mission Row to 26 Satya Doctor Road. The question is whether the service conditions of these 3 groups of the employees had been effected after the office started functioning at 26 Satya Doctor Road. I have already mentioned above that the company was a party to the awards—Exts. 17a and 17b, and the company also appears to have paid the wages of the employees in accordance with the award—Ext. 17. Now, the employees had been given personal grades as mentioned in the abovementioned chart. I do not see how it was possible for the company to have fixed personal grades for the different employees, and also to have fixed different wages for the different employees. After the awards mentioned above, the employees must be paid in accordance with the awards and the grades and scales of pay cannot be changed by mere signing of certain documents by the respective employees (Ext. G series). Regarding these documents it is the case of the company that the employees had voluntarily and willingly accepted the offer made by the company, and had been paid according to these grades and scales of pay since June 1954. It is a fact that after the introduction of the personal grades and scales of pay, for the different employees, no dispute appears to have been raised by the employees concerned, either individually or as a body. The explanation on behalf of the union is that the employees had to go to new place of work, and therefore, they had ceased to be the members of the union to which they belonged when they were working at 12 Mission Row, and therefore, it was not possible for them to raise any dispute in or about June 1954. According to the union, the dispute was only raised after the new Union was formed in or about 1964. The explanation appears to me to be plausible. It is quite likely that because the total emoluments at the point of time, viz., June 1954, did not vary from the total emoluments which they were drawing before shifting the place of work, the employees did not raise any dispute at that time. Shri J. N. Chatterjee had submitted that there has been long delay in raising the dispute regarding the introduction of the new personal grades and scales of wages, and therefore, the Tribunal could not entertain the dispute. I do not think, this submission can be accepted. Shri J. N. Chatterjee had referred me to the rulings reported in A.I.R., 1960 S.C. 902=1960 II, L.L.J. 243 (Chandramalai Estate, Ernakulam, v. its workmen) and A.I.R., 1959 S.C. 1279=1959 II, L.L.J., 405 (Guest, Keen, Williams (P) Ltd., v. P. J. Starling). In the first case, the Management had stopped payment of "Cumbly allowance" in 1949 after the "Cumbly Allowance" had become a part of the condition of service. The Management, however, resumed payment in 1954. It was held by their Lordships of the Supreme Court that the delay in raising the dispute in 1955 is not a sufficient ground to refuse payment. Their Lordships had emphasised the point that the Cumbly Allowance had become a part of the condition of service, and had observed that the mere fact that the employees did not demand the Cumbly Allowance for some years before the resumption of payment by the Management, is not sufficient ground for refusing the payment of that allowance for the period for which the allowance had not been paid. In the other case, their Lordships of the Supreme Court had observed that if the dispute is raised after a considerable delay which is not reasonably explained, the Tribunal would take that fact into account in dealing with the merits of the dispute. But unless relevant facts clearly justify such a course, it is inexpedient to throw out the reference on preliminary technical ground. Their Lordships also observed that in this case, there was no delay in raising the dispute as to the standing orders. It appears to me that the application of technical principles of acquiesence or estoppel should not be applied to the industrial dispute. In my opinion, in the facts and circumstances of this case, there is some explanation regarding the delay in raising the dispute, and therefore the dispute cannot be thrown out, on preliminary technical ground, as has been urged by Shri J. N. Chattjujee for the Company. With regard to the new personal grades and scales of wages which had been introduced by the company from June 1954, it has been alleged in paragraph 9 of the written statement of the Company that the emoluments of the employees of the Company had always been adjusted from time to time in accordance with the recommendations of the Third Omnibus Engineering Award which made the D.A. liable to adjustment in accordance with the corresponding upward or downward trend in the cost of living index. Regarding this matter it was suggested to P.W. 4, Shri Hemanta Kumar Gupta, that after this shifting of the place of work to 26 Satya Doctor Road, the wage scale and D.A. had been fixed in accordance with the award by an Omnibus Engineering Tribunal. Shri Gupta had said that it is correct that at the time the employees had gone over to 26 Satya Doctor Road, a part of the D.A. was merged in the basic pay, and the remaining amount was paid as D.A. He has further said that there has been increase in the basic wages each year, that his increment was Rs. 7 per year and he had got that increment and that there had been small increases regarding the D.A. also. The evidence of P.W. 5, Satya Narayan Patra also shows that there had been no reduction in the wages after the employees came

over to 26 Satya Doctor Road, that D.A. which is in accordance with the scheme of the Engineering Association had been increasing and that he is unable to say if after they had come to Satya Doctor Road, their D.A. had been fixed according to the Engineering Award, and the remaining amount was merged in the basic pay. The evidence of O.P.W. 1 Shri Mukherjee who is the Manager of the company is that after the clerks had come over to 26 Satya Doctor Road, they were given wages and D.A. according to the Engineering Award, that actually D.A. is given according to the Engineering Award, and the remaining amount was added to the basic wages of the employees, that at that time, there was an ad-hoc increase of the wages to the tune of Rs. 12 and that there are separate grades and scales of pay regarding each employee. The reason for the change appears in the cross-examination of O.P.W. 1. At the time of cross-examination, O.P.W. 1 has said that he is unable to say about the year in which the Engineering Tribunal Award was passed regarding the D.A. payable to the employees, that he cannot mention the name of the Judge who made the award and cannot say if the employees of 26 Satya Doctor Road were parties to the award and that as the workmen in the workshop were getting the D.A. according to the award, that award was made applicable to the employees of 26 Satya Doctor Road. Therefore, it would appear from the evidence of O.P.W. 1 that as the Engineering Tribunal Award was applicable to the employees of the factory at 26 Satya Doctor Road, the management had extended the provisions of that award to the employees who went over from 12 Mission Row to 26 Satya Doctor Road. I do not think the management is justified in doing so. The Third Omnibus Tribunal Award was made by Shri G. Palit only on 13th October 1958. I do not see how the provisions of that award could at all be made applicable to the employees who had gone over to 26 Satya Doctor Road in or about June 1954. It also appears from the published award that only the employees of Messrs. Robert Hudson (India) Private Ltd., 26 Satya Doctor Road, Kidderpore, Calcutta, and also the employer were parties to that award. There is no reference at all to the employees of 26 Satya Doctor Road in the award of the Third Omnibus Engineering Tribunal of 1958. It would appear that, that reference itself was made on 20th December 1956, that is to say, long after the place of work had been shifted from 12 Mission Row to 26 Satya Doctor Road. I therefore think that the management was completely unjustified in introducing a personal grades and scales of wages on the basis of the Third Omnibus Engineering Tribunal award of 1958. I am also of opinion that the mere signatures in some of the documents—Ext. 4 series—cannot take away the right of the employees to the continuation of the existing terms and conditions of service. It is admitted by O.P.W. 1 that in May 1954, the grades and scales of pay of the factory clerks were not the same as the grades of pay of the clerks who went over to 26 Satya Doctor Road, that after merging of the D.A., in the basic pay, there had been special grades regarding each of the employees, that he does not find any direction in the award of the Engineering Tribunal regarding the merging of a portion of the D.A. in the basic pay, and that there is a direction in that Engineering Tribunal Award that if a better scheme of D.A. is in force elsewhere, that scheme will not be disturbed. It is also further evidence that he did not give the option to the clerks of 26 Satya Doctor Road to choose between the Bengal Chamber of Commerce scheme and the scheme of the Engineering Tribunal Award and that no notice has been given regarding the change in the condition of service, or regarding the change of any condition of service. O.P.W. 1 admits that there had been change of condition of service with regard to pay and D.A. Still no notice was ever given by the Management. I have carefully considered the facts and circumstances and it appears to me that the introduction of the grades and scales of wages from June 1954, is completely unjustified and illegal. What I have said above, regarding the employees who had come over to 26 Satya Doctor Road and who had been working at 26 Satya Doctor Road in the more or less same capacity, applies also to the employees who had since been promoted and also to the employees who had been appointed later. Even with regard to them, the persons concerned are entitled to get the wages and the D.A. as are legally payable to the persons on their appointment. I do not think that any difference should be made on the ground that some of the employees were appointed later, than the introduction of the special grades and wages. The result therefore is that the employees are entitled to get the wages according to the grades and scales of wages prevalent before the shifting of the place of work. It is undisputed that one Jagrup who was also working along with other employees at 12 Mission Row, is still working there and is being paid wages according to the Bengal Chamber of Commerce Award and D.A. according to the B.C.C. schemes. I do not see why there should be any difference in the wages and wage scales simply because for convenience of work, heplace of work was shifted from 12 Mission Row to 26 Satya Doctor Road. It appears to me that the conditions of service should be the same whether one is working at 26 Satya Doctor Road, or at 12 Mission Row.

In Ext. 23, the Union had shown losses incurred by the different employees as a result of introduction of the personal grades of wages by the company. The losses have varies according to the different wages and D.A. payable to the different employees. In that document, the Martin Burn Groups' scales of pay and D.A. according to the B.C.C. Scheme, had also been shown. It appears that there are two grades, viz. Grade A and Grade B, and the wage scales are as follows:—

Grade B	Rs. 70—4—138—7—208
Grade A	Rs. 160—10—300
The D.A. is as follows :—	
Up to Rs. 100	95 per cent.
Above Rs. 100 up to Rs. 200	97 per cent.

The cost of living index in April 1966, is 556 points. In my opinion, apart from the question of loss which the difierent employees had suffered, there is also the question whether the introduction was legal or justified or not. As I have mentioned earlier, there is no justification at all for the intoruduction of the grades and sclaes of pay in 1954. In my opinion, the employees are entitled to the grades and scales of wages according to the Martin Burn scales of pay. They should be fitted in that scales and if the existing wage is in between the two wages in the scale, the employees should be given the next higher grade or scale. Regarding the D.A., the employees would be entitled to get D.A. according to the B.C.C. Scheme which is linked to the cost of living index. Before I conclude the discussion regarding this matter, I will refer to the evidence regarding the additional D.A. which the employees are entitled to get consequent on the declaration of the establishment at No. 2, Satya Doctor Road, to be an essential service (Exts. C and C-1 on admission). It is true that there is some evidence that the additional D.A. is being paid to the employees of 26 Satya Doctor Road. I do not see, however, how the employees belonging to the establishment of 26 Satya Doctor Road can be regarded to be covered by the notification regarding the establishment at No. 2, Satya Doctor Road. If really any additional D.A. had been paid, that payment may be discontinued henceforward, but the Management cannot be allowed to readjust the payments towards the payments to be made under this award. These are my findings with regard to issues Nos. 1 and 2.

I shall now turn to discuss issue No. 3, regarding the tiffin allowance. Regarding this matter, O.P.W. 2 who is an employee of the Martin Burn had said that the tiffin allowance is Rs. 15 a month for the clerical staff, but from this amount deduction is made at the rate of 50 paise for the days not worked. At the time of cross-examination, P.W. 2 had said that the clerks employed at the yard of Kidderpore at Martin Burn & Co., do not get any tiffin allowance and that he is unable to say about the benefits given by Robert Hudson (India) Co. Ltd., to its employees. P.W. 4 has said that no tiffin allowance is at all given. At the time of cross-examination, P.W. 4 has said that there is a canteen at the workshop but the employees of 26 Satya Doctor Road, do not take their meals there. He has further stated that it might be that the tea which the employees take is brought from that canteen of the factory, that snacks are also obtained from the canteen, but sometimes snacks are obtained from outside, that the empolyees do not have to pay for the tea which they take at noon and that he knows that the canteen is subsidised by the company. The evidence of O.P.W. 1 is that there is a canteen at No. 2, Satya Doctor Road, that the employees at 2 Satya Doctor Road and at No. 26, Satya Doctor Road, use that canteen and that the company gives subsidised to the tune of 17,000 rupees to that canteen. It is his further evidence that full meals are given at noon time and only annas four is charged for that meal, that tea is supplied free and that snacks are supplied at subsidised rate. It is quite obvious that this canteen has only been provided for the factory workers at No. 2, Satya Doctor Road, and that the employees of No. 26, Satya Doctor Road, have no right to go there for the purpose of getting tiffin. They can only have tiffin on payment and also on sufferance. The denial of O.P.W. 1 in cross-examination regarding this matter, cannot be accepted. I would refer in this connection to paragraph 10 of the written statement of the company. It is stated there that the payment for tiffin allowance at 12 Mission Row office of Messrs. Martin Burn Ltd., and their other concerns, cannot be made to form the basis of the union's demand, because the circumstances at both the places are not identical, that at 12 Mission Row, payment is being made for tiffin expenses only as a temporary expedient till such time when issue of free tiffin becomes possible again, that here the company runs a subsidised canteen on the premises where various kinds of snacks and full day meal are available at very cheaper rates and here, and that the company supplies free tea to all the workmen. The evidence itself shows that the canteen is being only run in accordance with the Factories Act for the factory employees. The employees of 26 Satya Doctor Road cannot be regarded to be employees of the factory who only work at 2 Satya Doctor Road. It appears to me that the employees should get tiffin allowance at the rate of Rs. 15 per month, subject to the deduction at the rate of 50 paise for the days not worked, with effect from the date when the award comes into force.

I shall now turn to discuss issue No. 4, viz., standardisation of job. As I understand Shri Sen Gupta, he has not very seriously pressed this issue on behalf of the union. He had, however, only pointed out that so far as Satya Narayan Patra is concerned, he was working previously as the cost clerk and had subsequently been transferred to work as the bill clerk. I do not agree with Shri Sen Gupta that there has been any sort of d gradation by reason of the transfer from costing section to the billing section of 26 Satya Doctor Road. The clerks are liable to be transferred at the discretion of the Management. He has, however, submitted that they should not be transferred to a position of inferiority in comparison with the position which he held before the transfer. I do not think that there is really any realiable evidence that Shri Patra was transferred to an inferior position. In my opinion, every work which is being done is equally important. The preparation of costing is of the same importance as the preparation and checking of bills. I am also of opinion that in the facts and circumstances of the present case, it is not necessary to standardise the jobs which are done by the employees concerned. The jobs are sufficiently clear and specific and therefore, there is no further necessity for standardisation of the jobs. This issue is disposed of accordingly.

I shall now turn to discuss issue No. 5, relating to service conditions and rules. Shri Sen Gupta did not make any submission so far as this issue is concerned. He only told me that if I find that the employees are entitled to get the pre-existing scales of wages and D.A. before the shifting of the place of work, the previous service conditions and rules should continue to apply to them. It appears from the evidence of O.P.W. 1 that a standing order, which the company has, only relates to No. 2, Satya Doctor Road. Presumably there is another standing order or there are service

conditions and rules applicable to the employeeswho had subsequently been taken to 26 Satya Doctor Road. Those service conditions must continue to apply to these employees, as I have found that these employees are entitled to get the wages and D.A. according to the B.C.C. Award and Scheme. This issue is disposed of accordingly.

I shall now take up for consideration the remaining issue with regard to free medical treatment. Regarding this matter, it has been stated in paragraph 11 of the written statement of the company that an well-equipped dispensary with qualified doctor and compounder is being maintained by the company to attend to the workmen whenever necessary without any charge. O.P.W. 1 has said in his evidence that the doctor in the Metal Yard which is opposite to 26 Satya Doctor Road, sits in the morning, that the compounder is available throughout the day, and that the first-aid is given and free medicine is given in respect of minor ailments. The evidence itself does not show that the employees at No. 26, Satya Doctor Road, are entitled to get free medical treatment from the doctor and also free medicines from that dispensary. It is not very clear that O.P.W. 1 means by minor ailments. At the time of cross-examination O.P.W. 1 has said that there is no office order showing that the clerks of 26 Satya Doctor Road are to go to the doctor of the Metal Yard for the purpose of treatment, that the employees, however, do go there and that there is no letter from the Secretary and Treasurer that the clerks can go there for their treatment. Regarding this matter, P.W. 4 has said that there is a doctor at the Metal Yard belonging to Messrs. Martin Burn & Co. Ltd., and that he had not gone to the doctor in case of illness and unable to say if others go to him. It appears to me that the employees should get free medical treatment from the doctor at the Metal Yard at a cost not exceeding Rs. 100 per year. This benefit will also be available to the employees of 26 Satya Doctor Road from the date when the award becomes operative.

With regard to the grades and scales of pay and D.A., the employees are entitled to get the Martin Burn's scales of wages and also D.A. according to the Bengal Chamber of Commerce Scheme with effect from the date when the award becomes operative. If a particular existing wage of a particular employee is in between the two wages, then his wage should be fixed at the next higher grade or scale, and the D.A. should be paid according to the refixed grades and scales of wages, also from the date when the award becomes operative. With regard to the tiffin allowance, the employees should be paid Rs. 15 per month as tiffin allowance subject to the deduction of 50 paise for the days not worked with effect from the date when the award becomes operative. With regard to the standardisation of jobs, I do not think in the facts and circumstances of this case, that any standardisation of jobs is necessary or called for. With regard to the service conditions and rules, the service conditions and rules as existing before the shifting from 12 Mission Row to 26 Satya Doctor Road, as amended afterwards would continue to apply to the employees of 26 Satya Doctor Road. This will be also from the date when the award becomes operative. With regard to free medical treatment, the employees would be entitled to get free medical treatment from the doctor at the Metal Yard at a cost not exceeding Rs. 100 per year. This will also be from the date when the award becomes operative.

This is my award.

AWARD

By order No. 1835-I.R./IR/8L-7(C)/65, dated the 22nd May 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Bharat Woollen Mills Ltd., 13/14 Prankrishna Chandra Lane, Off Basanta Kumar Saha Road, Tollygunge, Calcutta-33 (hereinafter referred to as the said company), and their workmen represented by Bharat Woollen Mills National Workers' Union, 49 Prince Anwar Shah Road, Calcutta-33, regarding the matters specified in the Schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

The Schedule

(1) Grades and Scales of pay;

(2) Gratuity;

(3) House Rent Allowance; and

(4) Rate of pay for piece-rated workmen.

Union's case in brief, is that Messrs. Bharat Woollen Mills Ltd., is a highly prosperous concern and manufactures all kinds of woollen products, including the Military Garments. It has branches in Belgharia, Cossipore and also extended its business to Mughalsarai in U.P. There is no other woollen industry in West Bengal or even in the neighbouring States which can be compared with this company and as such the company enjoys the advantage of monopoly production and sale in this region. In view of the high amount of profit, earned year after year, high rate of dividends, huge reserve and large expansions and exceptionally stable position of the company, the workmen are entitled to fair wages and other amenities which are given in the prosperous concerns, but unfortunately the wages here are possibly the worst though the average workman of the industry has got to be more skilled than elsewhere because of the fineness involved in the work in every stage. In this company there is no scale of pay, no dearness allowance, no gratuity, no house rent allowance, no tiffin allowance, no dust allowance or any other amenities worth mentioning. Some of the workmen of the company are paid as low as Rs. 50 per month as minimum monthly wages and similarly low is the rate of all other higher categories of workmen including the piece-rated workmen of the company. The workmen also did not get any regular increment in the past and since 1962 there has been no increment in their wages. By letters respectively, dated 30th May 1963 and 22nd June 1963, the union placed the grievances of the workmen to the company and then to Shri N. C. Kundu, Deputy Labour Commissioner. Thereafter several joint conferences were convened by Shri C. N. Chakravarty, the Assistant Labour Commissioner on 16th July 1963, 27th July 1963 and 8th August 1963 and discussed the matter. But due to selfish and adamant attitude of the company, the disputes could not be amicably settled in these conferences. Thereafter at the advice of Shri C. N. Chakravarty, Assistant Labour Commissioner, the union again placed a charter of demands on 8th October 1963 before the company and Shri Chakravarty. Joint discussion was held over the said charter of demands but there was no amicable settlement. The industrial dispute between the union and the company regarding the grades and scales of pay, gratuity, house-rent allowance, rate of pay for piece-rated workmen, was thereafter referred to this Tribunal for adjudication.

The union claims that the workers may be classified into four grades A, B, C and Das stated in its written statement and paid at the monthly rates mentioned therein. The union has also claimed gratuity at the rate of one month's pay for each year of past service and house rent allowance at the rate of Rs. 25 for those workers who do not enjoy the facilities of the company's quarters. It, however, gave up its case regarding piece-rated workers during trial.

In reply to the union's written statement company filed its own statement on 25th August 1964 and therein inter alia stated that the order of reference in question is ultra vires of the Industrial Disputes Act, and is defective, bad in law and illegal, and that section 19 of the Industrial Disputes Act is a bar to the present reference. As regards the merits of the union's case, company's contention was that its financial condition will not permit the introduction of scales and grades of pay or any scheme of gratuity. As regards union's claim for grades and scales of pay, company's further contention was that as the wages of the workmen concerned have already been fixed by a tripartite agreement between the company and the workmen of the Tollygunge Mill No. 1, dated 21st March 1961 and the said agreement is still in force and is legally binding upon the parties in as much as none of the parties has terminated the agreement by written notice as required under the law and no issue for revision of existing wages has been referred to the Tribunal for adjudication, grades and scales of pay cannot be determined in this case. As regards union's claim for house allowance company's contention was that the claim is absolutely unfounded. It also pleaded that as the benefits of the Employees' Provident Fund Scheme have been introduced by it in 1963, union's claim for gratuity amounts to a claim for double retiral benefits and under its present financial position, such demand for double retiral benefits is not at all substantiated and is also not legally permissible.

The issues for adjudication have already been set-forth above.

I will first dispose of the prelimanary objections taken by the company, and then pass on to the merits of the union's claim.

It is not disputed that the industrial dispute under reference was first referred to the First Industrial Tribunal for adjudication and that by a subsequent order of the Labour Department, Government of West Bengal, the dispute was withdrawn from the said Tribunal and transferred to this Tribunal for disposal. Mr. Ginwala appearing for the company has criticised this transfer as ultra vires, defective and illegal. The order by which the industrial dispute was referred to this Tribunal is on record and it appears from this order that in exercise of the power conferred by section 33B of the Industrial Disputes Act, 1947, Government has withdrawn this case from the file of the First Tribunal and transferred it to this Tribunal as the Presiding Officer of the said First Tribunal had retired. As Mr. Ginwala, Counsel, appearing for the company has criticised this order of transfer as ultra vires, illegal and bad in law, question of the order necessary to meet this objection of Mr. Ginwala is quoted below :-

"Whereas the Presiding Officer of the said First Industrial Tribunal has retired, and whereas it is expedient that the proceeding of the said industrial dispute should be withdrawn from the file of the said First Industrial Tribunal and transferred to some other Tribunal for speedy disposal;

Now, therefore, in exercise of the power conferred by section 33B of the Industrial Disputes Act, 1947 (XIV of 1947), the Government was pleased to withdraw the proceeding of the said industrial dispute from the said First Industrial Tribunal and transfer the same for disposal to the Third Industrial Tribunal."

It will appear from this extract that for speedy disposal, Government has considered the transfer necessary. It will appear from the order-sheet of the case that on the date of the order of reference the First Tribunal, Shri R. P. Mukherji was in charge of the Tribunal and it is not disputed that subsequent to this retirement from service as Judge, Industrial Tribunal, the order of transfer challenged by Mr. Ginwala as illegal and ultra vires, was passed. Industrial Disputes Act, 1947, requires that industrial disputes should be decided as quickly as possible and the transfer was made for quick disposal of the case. Under section 33B of the Act, the appropriate Government may, by order in writing and for reasons to be stated therein, withdraw any proceeding under this Act pending before an Industrial Tribunal and transfer the same to another Tribunal for disposal, and it has already been indicated above that the order by which the dispute was trnsferred to this Tribunal for disposal contained reasons for the transfer. The order of transfer was thus in accordance with section 33B of the Act and in the case of Associated Electrical Industries (India) (Private) Ltd., Calcutta and its workmen, reported in 1961 L.L.J. Vol. II at page 122 it has been held that "though the appropriate Government is competent to transfer the proceedings, it could exercise its powers only after complying with the requirements section 33B of the Industrial Disputes Act and one of the requirements of the said section is that before making the order of transfer the appropriate Government must record reasons for the same. It was further held in this case that the bare statement in the orders of transfer that the expediency required the withdrawal would not amount to a statement of reasons as required by section 33B(1) and that it is quite clear that the requirement about the statement of the reason must be complied with both in substance and in letter " In the instant case, reasons for the transfer was contained in the order of transfer itself and I find no reason to hold that the order of transfer was ultra vires and illegal.

It was next contended on behalf of the company that section 19 of the Industrial Disputes Act was a bar to the making of the present reference by the Goverment. It is not disputed that on 21st March 1961 there was a tripartite agreement between the company and the workmen of the Tollygunge Mill No. 1 regarding wages of workmen and some other matters concerning them. The said agreement is Ext. A in the case and it was argued on behalf of the company that as this agreement is still subsisting section 19 was a bar to the reference. In support of this contention reliance was placed on sections 19(1) and (2) which reads as follows :

(1) A settlement shall come into operation on such date as is agreed upon by the parties to the dispute, and if no date is agreed upon, on the date on which the memorandumof the settlement is signed by the parties to the dispute.

(2) Such settlement shall be binding for such period as is agreed upon by the parties, and if no such period is agreed upon, for a period of six months, from the date on which the memorandum of settlement is signed by the parties to the dispute, and shall continue to be binding on the parties after the expiry of the period aforesaid, until the expiry of two months from the date on which a notice in writing of an intention to terminate the settlement is given by one of the parties to the other party or parties to the settlement."

In reply to this contention of the company Shri Sen Gupta appearing for the union, submitted that the agreement had been terminated in accordance with sub-section (2) of section 19 prior to the reference by the letters marked as Annexures B, C and D of union's written statement and referred to in paragraphs 23 and 24 of the said written statement. By these letters the union placed the workers' grievances regarding the Gratuity, Scale of pay and D.A. and other matters to the company as also to the Deputy Labour Commissioner and also submitted charter of demands regarding scales of pay, and D.A. and other matters mentioned in Annexure D, and in the written statement filed on behalf of the company bona fide of any of these letters was not challenged, and I am of opinion that these letters were sufficient notice of union's intention to terminate the settlement referred to above viz., Ext. A. It is true that in none of these letters the union has clearly expressed its intention to terminate the settlement, but the representations for grades and scales of pay and the presentation of

charter of demands did, in my opinion, amount to a notice of termination of the settlement Ext.A. In support of this observation I may refer to the Supreme Court case of workmen of Western India Match Co. vs. Western India Match Co., 1962 (V) F.L.R. 129. The settlement was terminated by the letters annexed to the written statement of the union and company's contention that section 19 was a bar to the reference is accordingly overruled.

Having thus disposed of the preliminary objections taken by the company, let me now enter into the merits of the case. The terms "wages" as defined in the Industrial Disputes Act, 1947 and the Minimum Wages Act, 1948, would include all payments made from time to time to a workman during the course of his employment as such are not merely the starting amount of wages as the beginning of his employment. "Rates of wages", therefore, mean the manner, mode or standard of the payments of remuneration for work done whether at the start or in the subsequent stages. Rates of wages would thus include the scales of wages and there is no antithesis between the two expressions, the expression being applicable both to the initial as well as subsequent amounts of wages. In the fixation of rates of wages which include within its compass the fixation of scales of wages also regard should be paid to the following principles :—

"(1) Capacity of the industry to pay except in cases of bare subsistence or minimum wage where the employer is bound to pay the same irrespective of such capacity.

(2) The capacity of the industry to pay to be considered on an industry-cum-region basis after taking a fair cross-section of the industry; and

(3) The capacity of the industry to pay should be viewed from the elasticity of demand for the product, the possibility of tightening up the organisation so that the industry could pay higher wages and the possibility of increase in the efficiency of the lowest paid workers resulting in increase of production against the ultimate background that the proposed burden of increased rate should not drive the employer out of business." In construing a wage structure with a scale increments, industrial adjudication has to take a long range view and it has to examine very carefully the impact of the wage structure on the financial position of the concern in question . As time scales increase the wage bill year after year which is reflected in the cost of production, such scales should not be forced upon the employer of industrial labour unless it is established that the employer has the present capacity to pay and its financial capacity can be counted upon in future. Thus, both financial ability and stability are requisite conditions for fixation of pay. In the instant case it is not disputed that the company has no scales of pay for its workers, which according to the company's witness D.W.1 Shri B. B. Chandra Sharma, Works Manager of the Mill No. 1 and Ext. B, number about 100. In course of his evidence before this Tribunal D.W.1 Shri B. B. Chandra Sharma stated that in his Mill consolidated wages are paid and it is not disputed that these wages are paid on the basis of the settlement Ext. A in the case. A list of workers with their comparative rate of wages between the years 1960 and 1965 has also been filed by the company, marked Ext. B in the case. A statement showing existing minimum and maximum wages of the different grades of workers has also been filed by the Union and the statement is Ext. Union contends that the workers of all the categories mentioned in the statement Ext. 1 are not getting even the minimum wages and in support of this case it relied on the evidence of P.W.1 Shri Nanigopal Majumdar, an employee of Sree Durga Cotton Mill, Konnagar, P.W.2 Shri Bhubaneswar Jha, an employee of Jayashree Textile at Rishra, as also on the Supreme Court decision given in the case of Buckingham Carnatik Co. Ltd. vs. workers of the company reported in 1952, Labour Appeal Cases at page 490.

In course of his evidence before this Tribunal P.W.1 Shri Nanigopal Majumdar stated that their wage scales were fixed in accordance with the decisions of the Cotton Textile Wage Board, and that the minimum consolidated wage of an unskilled workman was Rs. 99-50 nP. in January 1965, subsequently reduced to Rs. 95.70 nP. per month. He also stated that the basic wage is Rs. 66.42 nP. per month. The other witness P.W. 2 Bhubaneswar Jha stated that an unskilled workman gets Rs. 3.76 nP. per day and a machine operator gets Rs. 3.91 nP. per day. In course of his cross-examination this witness stated, "when I entered into service of the present concern I used to get Rs. 2.32 nP. per day. There was no increase of wages from 1955 to 1961. In 1961 my daily wage was increased by Rs. 1.13 np. per day on the decision of the Wage Board on account of variable D.A. and there was further increase of Rs.6 on the decision of the Government. In 1962 the wage was increased by Rs. 2 by the Government. In 1962 company increased 15 nP. per day." As there is no reason to doubt the bona fides of these statements of the two witnesses regarding the wages of unskilled workers in their Mills, it must be held that the unskilled workers in the Bharat Woollen Mills Ltd., are getting wages much lesser than their counterparts in Sree Durga Cotton Mills and Jayashree Textiles. On behalf of the company it was argued by Mr. Ginwalla that as Bharat Woollen Mills is a woollen concern, the wage scales in Sree Durga Cotton Mills and Jayashree Textiles cannot be taken as comparable units for deciding the wage scale of the workers of Bharat Woollen Mills. In view of the decision given by the Supreme Court in the case of workmen of British India Corporation Ltd., and British India Corporation Ltd., reported in 1965 II L.L.J. 433 this argument of Mr. Ginwalla cannot be accepted. In that case the appellants were the workmen of the Cawnpore Woollen Mills Branch of the respondent. The appellants demanded increase in wages with respect to several categories of workers including operatives. In deciding this question of increase in wages the Tribunal took the Cotton Textile Mills in the area as comparable concerns as no other Woollen Mill was functioning in the area. The Tribunal allowed the same increase in the wages of operatives in the Mills. The workmen appealed against the decision of the Tribunal and in course of his judgement delivered in the case Wanchoo, J. observed :

"Turning now to the question of wages the Tribunal pointed out that there was no woollen mill in the region. It had therefore, to

decide with what other industry the wages prevalent in the mills had to be compared. It came to the conclusion that the nearest industry which could be taken into consideration for purposes of comparison was the cotton textile industry. It pointed out that both cotton textiles and woollen textiles are parts of the textile industry, the difference being only in the material used. It therefore, had held that it would be proper to consider the wages paid in the cotton textile industry in Kanpur for purposes of comparison. We are of opinion that the Tribunal cannot be said to be in error when it took the cotton taxtile industry in Kanpur for purposes of compar son as there are no other woollen mills in that region."

On this decision of the Supreme Court evidence regarding wages in Sree Durga Cotton Mills and Jayashree Textiles can easily be taken into consideration to decide the question of wages in this case. As evidence has come, it can be said that in the region where Bharat Woollen Mills is situate there is no woollen concern which can be compared to Bharat Woollen Mills. Jayashree Textile Mills Ltd. no doubt have some trade in wool but P.W. 1 Shri B. B. Chandra Sharma has in course of his evidence said that Jayashree Textiles has small trade in wool and that as agianst 7,000 spindles of Mill No. 1, Jayashree Textile Mills has only 400. On this evidence of P.W. 1 and the statement of P.W. 2 Bhubaneswar Jha that at present Jayashree Textiles is a flourshing concern that Bharat Woollen Mills, it can be said that Jayashree Textiles deals more in textiles than in wool. As a woollen industry, Jayashree Textiles cannot, therefore, be compared with Bhrat Woollen Mills and there is no evidence indicating existence of any comparable woollen mill in the region where Bharat Woollen Mills is situate.

In this view of the matter, to deicde the question of wages I will have to consider the evidence regarding wages in the textile mills, and the evidence of P.Ws. 1 and 2 prove that the workers in two cotton mlils compared with the workers of Bharat Woollen Mills are getting much higher wages. The wages the workers of the company are getting, are consolidated wages, i.e., wages including D.A., and a reference to the Award given by the Tribunal in the industrial dispute between the employers of 36 Cotton Mills in West Bengal and their workmen, on 28th July 1948 and the Supreme Court decision in the case of Buckingham & Carnatick Mills Co. Ltd. vs. the workers of the Compamy reported in 1952 L.A.C. at page 490 will show that the workers of the company are not even getting the minumm wages. Compared to the wage rate as determined in Buckingham & Carnatick Co. Ltd. case the wage rate of the workers of Bharat Woollen Mills is certainly much lower as it is evident from the wage chart exhibited from the company that some of the workers are getting only Rs. 50 per month. The wage rate as decided in the Buckingham & Carnatick Co. Ltd case was, however, higher than the rate fixed by the award passed in the industrial dispute between the employers of 36 Cotton Mills in West Bengal and their workmen by a Tribunal consisting of Shri A. Das Gupta, as Chairman and Shri S. C. Chakravarti and Shri Sudhir Chandra Dutta Gupta as members on 28th July 1948. But the workers of the Bharat Woollen Mills are not even getting the wage rate as fixed in this award. Under this award an unskilled time-rater was entitled to get Rs. 20-2-5p. per month of 26 days, i.e. 12 annas 5 pies per day and Rs. 30 as D.A. for a level of 105 in the Cost of Living Index. Accordingly under the award an unskilled time-rater was entitled to get per month a consolidated wage of Rs. 50-2-5 p. for a cost of living index of 105. As undisputedly cost of living index is now much higher than in 1948 when the award in the Cotton Textile Mills case was given, the unskilled time-raters of the company are certainly entitled to a higher monthly emolument. In paragraph 34 of its written statement filed, the union averred that on 19th May 1964 i.e. the date of filing of its wtitten statement the price index in Calcutta was about 480 points and this averment of the union was nowhere challenged in the written statement of the Company. It can, therefore, be held that since the award in the 36 Cotton Textiles Mills case referred to above, cost of living index has increased by 375 points, and for this increase in the cost of living index, the workers are entitled to get D.A. at the rate of 3 annas per point as decided in the Buckingham Carnatick Co. Ltd., case referred to above. Calculated at the rate of 3 annas per point D.A. comes to Rs. 77 per month. Besides this additional D.A., the workers are also entitled to an increase in the basic pay by Rs. 8 per month under the recommendations of the Central Wage Board Cotton Textile Industry. This Board has recommended an increase at the average rate of Rs. 6. per month per worker to all workers in West Bengal Mills outside Calcutta, from 1st January 1960 and a further flat increase of Rs. 2 per month per worker from 1st January 1962. The time-rated workers who under the Cotton Textile Mills Award were getting Rs. 20-2-5 p. per month as basic pay were thus entitled to get Rs. 8 more per month from 1st January 1962 under the recommendation of the Central Wage Board for Textile Industry. Unskilled workers of the Bharat Woollen Mills can, therefore, legitimately claim per month as consolidated wages of Rs. 105-2-5p.—Rs. 28-2-5p. as basic pay and Rs. 77 as D.A., but all of them are at present getting wages far below this rate. The Union's contention that the workers are not getting even the minimum wages must in these circumstances be upheld.

If, therefore, wage scales for the different categories of workers have to be fixed, the same scales must start with wage rates higher than those at present in vogue. As both financial ability and stability of the Company are requisite conditions for adjudication of scales of pay and grades, I will have now to decide how far the requisites are present in the instant case.

Mill No. 1 of the Bharat Woollen Mills Ltd. with which we are concerned in this case, was started in 1947. The Bharat Woollen Mills had no other branches at that time and actual manufacturing in Mill No. 1 commenced from 15th February 1948 and in the initial year the company incurred a loss of Rs. 79 thousand and odd. Gradually its business began to flourish and a second unit viz., Belghoria unit of the company was started in 1953. In 1961 or 1962 company extended its business to Moghalsarai and Amritsar and started units at these places. A consolidted statement of profit and loss account for these four manufacturing unit-

for 5 years from 1960-61 to 1964-65 has been filed by the company and is Ext. H-3 in the case. It will appear from this statement that excepting in the year 1963-64 Mill No. 1 was always a profitable concern. In 1960-61, 1961-62, 1962-63 and 1964-65 net profits from this Mill No. 1 was respectively Rs. 10,95,498 Rs. 5,73,745, Rs. 77,602 and Rs. 4,50,506 In all these years 1960-61, 1961-62, 1962-63 and 1964-65 both the Moghalsarai and Amritsar units were losing concerns and it appears from this statement that in each of these years there was substantial loss in both these units in 1961-62 and 1963-64. In 1963-64 Amritsar Unit known as Mill No. III made a net profit of Rs. 14,43,191 and Moghalsarai Unit known as J. J. R. Rs. 1,05,993. In 1961-62 the J. J. R. Unit made a net profit of Rs. 19,745 but there was loss to the extent of Rs. 2,42,779 in Mill No. III. Notwithstanding the loss in Mill No. I in 1963-64 and in Mill No. III in 1962-63 and 1964-65 and in J. J. R. in 1960-61, 1962-63 and 1964-65, the company had throughout this period from 1960-61 to 1964-65 made huge profits varying from Rs. 2,77,894 to Rs. 13 lacs and odd. The company as a whole was thus a profitable concern all throughout the period mentioned in the statement Ext. H-3 and as D. W. 1 Shri B. B. Chandra Shrma has deposed in the case it can be said that though Mill No. I itself was a losing concern in 1963-64 it had great contributions to the huge profit earned by Mill No. III and J. J. R. in 1963-64. In course of his evidence before this Tribunal this witness D.W. 1 stated that they have Spinning in Mill No. I and Weaving and Dyeing work in Mill No. II and that for this dyeing and other works Mill No. II is partially dependent on Mill No. I. In 1961-62, and 1962-63 this Mill No. II had earned profits to the extent of Rs. 1,60,457 and Rs. 10,17,434 and in 1964-65 Rs. 90,526, and on the evidence of D. W. 1 just referred to it can easily be seen that Mill No. I has also greatly contributed to the earning of these profits by the company from Mill No. II during these years. In Mill No. III in Amritsar only weaving is done and in course of his cross-examination D. W. 1 stated that yarn made at Tollygunge Unit goes to the three other units as raw materials as also to the market. On this evidence of D. W. 1 it can be concluded that instead of supplying raw materials to the other three units, Mill No. I had sold its entire raw materials in the open market it would have earned more profit than thus shown in Ext. H-3. Certainly for supply of the raw materials to the other units this Mill did not get the price which it would have got in the open market and hence it can be said that the statement Ext. H-3 does not give the true picture of the earnings of the Mill No. I during the years from 1960-61 to 1964-65. The Mill No. III at Amritsar and Mill at Moghalsarai could not also have made the profit as shown in Ext. H-3. If they had to secure the raw materials supplied to them by Mill No. I in the open market as for purchase of the same in the competitive market, they would have to spend more than for securing the same from Mill No. I. All the four units are under the same management and it does not require any evidence to prove that raw materials produced at one units were supplied to the others at the rates lower than the prevailing market. As profits earned by Mill No. II, No. III and J. J. R., can thus be also attributed to the manufacture of yarns at Mill No. I the workers in Mill No. I can certainly claim a share in the profits made by the three other units. This observation I am making as in deciding the capacity of the company to pay higher wages to its workers, the overhaul picture of the company's financial position during all these years will have to be taken into consideration. It is, however, certain from these statements as also from the balance-sheet exhibited on company's behalf that the company's business is daily increasing and that its stability is assured. It is practically speaking the only big woollen concern in this State and though D. W. 1 has stated that West Bengal is not a proper place for woollen industry and has also given reasons for this opinion, the statement Ext. H-3 shows otherwise and proves that of all the units of the company, Mill No. I is the most profitable and I have not the slightest hesitation to conclude on the basis of Ext. H-3 that this Mill or rather the company has both capacity and the stability necessary for adjudication of a wage scale.

It was next argued on company's behalf that even though the company has made substantial profit during the years (vide Ext. H-3), it is not still in a position to pay increased wages to its workers as it has to keep a substantial portion of the profit for rationalisation and modernisation of the Mill necessary to meet the open competition in the woollen market. In course of his evidence D. W. 1 stated, "In 1947 we imported second-hand machines. During the last two decades, the woollen machineries and industry have undergone great changes and we cannot compete in the market with our machines. About 50 lacs of rupees will be required if we are to modernise the machines to compete in the market. Government has sanctioned about 17 to 18 lacs of rupees, worth of plants and has given us licence to import plants which is 1/3rd of the total plant, we require to complete the modernisation. Due to our financial difficulties, plants sanctioned by the Government could not be imported. We are held up in the modernisation apparently for finance".

Obviously this statement of this witness regarding cost for the modernization was based on Ext. F and its annexure "Proforma for submitting information to the Secretary, Woollen Development Council for Rehabilitation and Modernization" and its annexure—Proposed rehabilitation/modernization programme during the period 1962-63 of the Third Plan period from 1962 to 1966. In this annexure Rs. 8,18,000 was shown as the total cost of the Rehabilitation/Modernization programme during the period from 1962-66. On this proforma Government issued the Essentiality Certificate (Ext. E) for the issue of an import licence to the company for the import of machineries with permissible types of spare parts, etc., for replacement purposes worth Rs. 14 lacs and odd. Company's estimate of cost of import of machineries for the first phase period was Rs. 13,35,000 and the essentiality certificate was issued for a higher amount. It appears from the evidence of D.W. 1 above referred to that notwithstanding the certificate the company has not imported any machinery from abroad reason being finance. This explanation given by D.W. 1 for the company's not importing the machinery as mentioned in Ext. E cannot be accepted as the balance-sheet of the company for 1963-64 that the company had sufficient funds for import as per certificate marked Ext. E. From the Director's Report to the Shareholders in Ext. C, it appears that for the implementation of the scheme for rehabilitation of the plants and machineries of the units at Calcutta,

estimated cost of about Rs. 10 lacs company had made a provision of Rs. 12,80,000 comprising of transfer of Rs. 9,30,000 from the general reserve and Rs. 3,50,000 from the current profits in the balance-sheet of that year. It was further stated in this report that implementation was to be achieved in stages with the funds as available and in accordance with such external resources as can be had. In the balance-sheet for the year ended 31st March 1962 the fixed assets of rehabilitation reserve stood at Rs. 14,30,000. Subsequent to this balance-sheet there was further addition to this reserve fund. A new account, rehabilitation and modernization reserve was opened in 1965 and in the balance-sheet of 1965 this account stood at Rs. 25,000. As per this balance-sheet of the company it can be said that in the year ending 31st March 1965, company had in its hand Rs. 14,55,000 for rehabilitation and modernization. This is not the only fund which the company could have easily spared for import of machineries as per Ext. E. It had also in hand in the year ending 31st March 1963 Rs. 10 lacs as subscribed capital which could have been also utilised for the same. In the proforma Ext. F the company has also stated that the rehabilitation/modernization programme as indicated in its annexure A would be finance from internal resources raised by loans and further issue of shares but though in course of 1963 company had increased subscribed capital from Rs. 7,64,000 to Rs. 17,74,000 there is no evidence indicating that any portion of this fresh subscribed capital was used for rehabilitation/modernization programme. Rather evidence of D.W. 1 sufficiently indicates no import as per licence Ext. E. He no doubt admitted in cross-examination that in 1963 two new drill boxes and three Rovine machines had been purchased but his evidence read as a whole indicates that these purchases or the purchase of two new spinning machines in 1963 had no connection with the import licence marked Ext. E. I am, therefore, constrained to observe that D.W. 1's statements that for want of finance the company could not carry out its programme of rehabilitation/modernization as case in the annexure to Ext. A has no substance and that if the company had so desired it could have easily completed its first phase of rehabilitation and modernisation by importing the materials mentioned in Ext. E. Company's contention that rehabilitation and modernisation stand in the way of increasing the wage scales of the workers or introducing the wage scale for them cannot in these circumstances be accepted. If finance was really a bar to the introduction of the wage scales or fixing the wages of the workers at rates higher than the rates mentioned in Ext. E, D.W. 1's evidence indicating that in January 1966 the basic pay of a clerk in Mill No. I factory had been increased by Rs. 100 with effect from 5th January 1966 and that he himself will get his usual increment of pay with effect from the last April. From these statements of D.W. 1 regarding his increment as also the increment of Shri Khetri and the several balance-sheets of the company showing that from year to year the company's business is gradually increasing and the wage charts of the workers and the discussions made above regarding the wages of the workers it can be said that though the company is prospering day by day and its staff are getting their usual increments, sometimes by unusual proportion, the workers who have contributed to the prosperous condition of the company are being denied even the minimum wages. The company which was started in 1947 has now almost a monopoly business in wool in West Bengal and has during the last several years made substantial profits. During the Indo-Pak war it supplied huge quantities of woollen materials and garments for defence purposes and there cannot be any reason to doubt its stability. Its workers however have no scales of pay and are as already observed, getting also wages as compared to their counterparts in the textile industry. When, therefore, I am satisfied that the company has both the ability and the stability for introduction of the wage scale for its workers, the scales of pay for its different categories must be fixed in this case. In its original written statement the union mentioned the different categories of workers in the company and also the grades it wants for the different categories of workers. This written statement was subsequently amended on 18th June 1964 and by that amendment certain categories of workers not mentioned in the original written statement were brought under Grade 'D' as mentioned in the original written statement. Though I am satisfied that compared to the workers in the textile, the workers in the present mill are getting lower wages, I still cannot allow the union's rate as, in my opinion, the finance of the company will not permit introduction of such wages. Increase in the wage rates of the workers in Mill No. II will certainly have repercussion on the other units of the mill and this fact as also the annual net profit earned by the company from its units will have to be considered to fix the wage structure in the instant case. In accordance with the award passed in the 36 Cotton Mills referred to above and the recommendations of the Central Wage Board for Textile Industry, the unskilled worker is entitled to get Rs. 28 as basic wages. In the Buckingham and Carnatick Co. Ltd. case the same rate of wage has also been provided for unskilled workers plus D.A. at the rate of 3 annas per point above 100 in the base year 1939. As per this direction regarding D.A., the unskilled workers are only entitled to get about Rs. 75 per month as D.A., but in my opinion this amount cannot be sanctioned as it will be a great burden on the company and may even lead to the closure of Mill No. 1. Full cover for the increase in the cost of living index cannot, therefore, be allowed, but in fixing the wage structure the increase in the cost of living index must be taken into consideration. Under the recommendations of the Central Wage Board for Textile Industry, portion of D.A. allowable to the workers must be consolidated with the basic wage and the remaining portion kept separate to be adjusted according to the rise or fall in the cost of living index. As in recent times the prices of commodities have shot up, it is also reasonable to keep a portion of D.A. flexible so that in the case of rise and fall of the cost of living index, the flexible portion can be adjusted accordingly. Considering all these facts

and circumstances the capacity of the company, the present rates of different categories of workers I fix the wage structure as follows:—

1. Grade 'A': Unskilled workers including Nollyman, Dopper, Oilman, Canteen Boy, Coolie, and Sweeper:

Rs. 60—1—80 (total period 20 years. E.B. at the end of 10 years) plus additional D.A. of Rs. 15.

2. Grade B: Semi-skilled workers including Spinner, Twister, Drying Section, Riller, Packer, Durwan and office boy:

Rs. 65—1—80—2—90 (total period 20 years. E.B. at the end of 10th and 15th year) plus additional D.A. of Rs. 15;

3. Grade C: Skilled workers, Weaver and Warper:

Rs. 75—2—115 (total period 20 years. E.B. at the end of 10 years) plus additional D.A. of Rs. 20.

4. Highly Skilled Workers, Fitter, Driver, Electrician, Viceman, Latheman and Bobbin Mistry:

Rs. 110—3—155 (total period 15 years. E.B. at the end of 10 years) and additional D.A. of Rs. 20.

Regarding the putting up of workmen into these grades their present pay will be the guiding factor. Where the present pay in less than the minimum of the grade that should be pulled up to the next higher pay point. It will, however, be up to the management to promote any workman from any group to any other higher group because of the extra efficiency of the man concerned. The grades and scales of pay as fixed by me is not, however, made retrospective as claimed by the union, firstly because that will place a heavy burden on the industry and quite abruptly and may upset the financial balance of the company. Accordingly I make it prospective from the date it becomes operative in law.

Issue No. 2:

The union has claimed gratuity at the rate of one month's pay for each year of past service in all cases of termination of service, forced or voluntary, death, physical incapacity, occupational disease and resignation. This claim for gratuity was also contested mainly on the ground of finance. The company also contended that as already the workers are enjoying the benefits of Employees' Provident Fund Scheme introduced by the company in 1953, the claim for gratuity is not maintainable as it amounts to a double retiral benefits. This last contention of the company cannot be upheld in view of the decision given by the Supreme Court in the cases of French Motor Car Company Ltd. and their employees, and Gujrat Engineering Company and Ahmedabad Misc. Industrial Workers' Union, respectively reported at page 180 and at page 660, Vol. II 1961 L.L.J. Still, I do not consider it expedient to introduce immediately any scheme for compulsory gratuity in addition to contributory provident fund. Bill for workers' wages according to the wage scales fixed by me will be a great strain on the company's finance and without seeing the impact of the bill on the finance, compulsory gratuity should not be introduced. For the uncovered period anterior to the introduction of the Employees' Contributory Provident Fund Scheme in 1955, the workmen shall get a gratuity. This shall be for each of year of service for the uncovered period at the rate of half a month's basic pay calculated at the rate of the workmen were drawing on the date of this award. This amount will be available to the workmen in full or in part on the same conditions and under the same circumstances as the employer's contribution for the compulsory Contributory Provident Fund Scheme.

Issue No. 3:

In course of his evidence in cross-examination D.W. 1 stated that the Mill No. I has five quarters for labourers and that those labourers live in this quarters, have not got to pay any rent. On this statement of D.W. 1, the union pressed for house allowance for all the workers and it was argued on its behalf that as the company had no right to discriminate between one worker and another, it must give house allowance to those workers who are not living in the company's labour quarters. This argument on behalf of the union cannot be upheld by me, firstly because there is no evidence indicating that the Textile Mills of West Bengal, given such allowance to its workers; and secondly because the company certainly has the exclusive right to decide to whom to give quarters.

Issue No. 4:

This issue was not pressed by Shri D. L. Sen Gupta appearing for the union, during the hearing of the case. Accordingly no decision on this issue is given.

In view of the findings made above, the union succeeds on issue No. 1 and in part on issue No. 2. The workers do get grades and scales of pay and gratuity as decided above.

This is my award and this award is effective from this date.

Eastern Commercial Corporation Private Ltd., hereinafter called the Company, and their workmen represented by Eastern Commercial Corporation Workers' Union, hereinafter called the Union. The issue in the dispute is whether the refusal of employment to Shri Deben Das is justified and what relief if any, he is entitled to.

Notices were issued upon both the parties. They entered appearance. Both filed written statement. The Tribunal fixed 1st September 1966 for hearing of the matter. On that date, both the parties filed a joint petition of compromise stating that the Company had agreed to take back Shri Deben Das in employment with continuity of his service on his reporting for duty within 7 days from the date of compromise and Shri

Das had undertaken to act in strict compliance with the certified Standing Orders of the Company in future. It was further stated in the petition that the period of absence from work of Shri Das from 23rd March 1965 to the date of his joining his duties in terms of the compromise would be treated as his leave without pay. This joint petition was signed on behalf of the Union by Shri Sitaram Singh, Assistant Secretary of the Union and Union representative Shri Shrimani and on behalf of the Company by Shri Bhattacharjee, the Managing Director, Shri S. P. Basu, Accountant and the company's representative Shri N. Roy.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.
